Dana and Roger Investigators - Kidnapping in New York Marcel Pujol, 2024-08-05 New York New Year's Eve December 1991 Roger's girlfriend Carlie Donnelly is kidnapped from Marquee Club on Tenth Avenue along with three fellow students from Stella Maris on an early graduation trip Paddy Carlie's father acting on pure paternal instinct takes the first available flight to the city that never sleeps and brings Roger along with him However Dana also joins them and the pair of young investigators puts their brains and instincts to work on their first kidnapping case For the first time in their careers both have a very personal stake in resolving the case as quickly as possible and bringing Carlie back home But there is no ransom note and as the news threatens to become media sensational and undermine the authority of the Mayor of New York City and the NYPD an FBI team sets up a command center at the 10th Precinct not only to locate the four kidnapped Uruguayan tourists but also to uncover something much larger and much more sinister *Verminaard - The Last Dragon*

Verminaard the dragon that ravages the Kingdom of Pigotry has kidnapped Princess Loreley daughter of King Novak Before the princess was kidnapped in broad daylight there were almost no cows left in the kingdom such was the dragon's appetite Gast n the Ladle a bard by profession arrives at the main square of the palace when Novak is offering a reward for saving his daughter Remorak a merchant who wants the monarch's deposition tricks the unsuspecting minstrel into accepting the mission of rescuing the princess from the dragon's lair and a mission that begins as an impossible journey an unattainable task ends up being a life lesson for such dissimilar characters *Kidnapped Democracy* Ramón A. Feenstra, 2019-11-19 Large sections of democracy and its basic structures have recently been hijacked By stealth powerful elites have gradually gained control of the political sphere and transformed it to serve their own interests The political systems of what appear to be established democracies in all corners of the world are showing signs of this takeover which has led to widespread citizen disaffection and indignation Kidnapped Democracy uses the metaphor of captivity to illustrate the differences and similarities between conventional kidnappings and the hijacking of a political system The book's nine chapters identify the kidnappers the accomplices the hostages the victims and the negotiators before examining the effect of a peculiar Stockholm syndrome and finally reflecting on possible ways to secure the release of democracy **El Asesino de Mont-Martre**

After Violence Elin Skaar, Camila Gianella Malca, Trine Eide, 2015-04-17 After Violence Transitional Justice Peace and Democracy examines the effects of transitional justice on the development of peace and democracy. Anticipated contributions of transitional justice mechanisms are commonly stated in universal terms with little regard for historically specific contexts. Yet a truth commission for example will not have the same function in a society torn by long term civil war or genocide as in a society emerging from authoritarian repression. Addressing trials reparations truth commissions and amnesties the book systematically addresses the experiences of four very different contemporary transitional justice cases post authoritarian Uruguay and Peru and post conflict Rwanda and Angola. Its analysis demonstrates that context is a crucial determinant of the impact of transitional justice processes and identifies specific contextual obstacles and limitations to these processes. The book will be of much interest to scholars in the fields of transitional justice and peacebuilding as well as students generally concerned with human rights and democratisation.

Learn Spanish News Vol.2: Nik Marcel, LEARN SPANISH NEWS Vol 2 English Spanish THIS EDITION The dual language text has been arranged into sentences and shorter paragraphs for quick and easy cross referencing. The source text is the Spanish language edition of Voice of America VOA. The Spanish text has been translated into English for this dual language project. The reader can choose between four formats. Section 1 English to Spanish. Section 2 Spanish to English. Section 3 English. Section 4 Spanish. A methodology for getting the most out of this bilingual format is explained in the book's Foreword. The primary purpose of this text is to equip a foreign language learner with the ability to start reading news in the particular foreign language to be able to read only in the foreign language and extract enough understanding to continue the language learning process fruitfully this way. A reader might like to go back to reading dual language news for reinforcement and further development returning to foreign language only news with a deeper understanding. By going back to the same old news you are going over words word patterns and passages with which you already have a certain familiarity. The process of reinforcement learning or retaining of what is new and exposure to what is unfamiliar is much easier this way even though the news may seem a little dated. The aim of informing the reader about actual news is secondary especially given that the content will become less current and less relevant over time. If you are having trouble with the level of difficulty in the text a suggested path for learning languages is as follows. Familiarise yourself with a basic language instruction book or re read the one you have. Once a student has studied the basics

a suitable book about basic grammar can be helpful The suggestion is that any grammar book be studied more with the intent of recognition and understanding rather than memorising and obsessive rote learning Go through as much of the grammar book you feel you can digest maybe even the whole book skipping over what is not easily understood After this read through a portion of text in a book called Spanish Sentences by 2LanguageBooks looking for examples of what you have picked up or gleaned in your hopefully not so arduous study of grammar Even repeatedly seeing a word that you remember seeing listed as a subject pronoun or a third person plural verb of some sort is a great help Then depending on your inclination return to the grammar book or your basic Spanish book or move on to lengthier bilingual text like in 2Language Books texts containing news or stories for example or find some suitable Spanish text a simple novel a Spanish news website etc Grammar books will likely have some verb charts However there are currently good on line resources that go further dictionaries with a verb conjugation search option Many basic language books offer some form of audio support Internet services primarily news based radio stations offer podcasts Audio from television is an additional resource and can be formatted for use on various digital platforms However if audio is an important component of your interest in languages electronic devices that support quality text to speech TTS will likely be appealing With a library card TTS technology in a device that supports the relevant content and the above mentioned resources an entire language learning system is available for not much more than a cup of coffee There is no substantial financial outlay to get you started Furthermore there are no additional ongoing fees and updates and there are no expiry dates on premium content and resources A Dual Language Book Project 2Language Books **Talking Book Topics** ,2017 **Psicokillers** Juan Antonio Cebrián Zúñiga,2010-01-01 En el libro profusamente ilustrado y redactado de forma amena y desenfadada en ocasiones un mecanismo de defensa evidente para soportar la crudeza de lo que se relata Cebri n escribe sobre treinta asesinos algunos de fama mundial otros menos conocidos pero todos aut nticos monstruos El vampiro de Dusseldorf el carnicero de Hannover Jeane Weber la estranguladora de París el depredador de Seattle son s lo algunos de los nombres que asoman su mirada criminal por estas p ginas y que nos devuelven la imagen del infierno que reposa expectante en un resquicio del coraz n de todo ser humano Psicokillers escrito por Juan Antonio Cebri n y publicado por la Editorial Nowtilus es una obra excepcional que aborda los perfiles las biograf as de los asesinos en serie m s famosos de la historia a lo largo de las doscientas cincuenta y tres p ginas que conforman este trabajo donde queda retratada con palabras la vida y la muerte Cebri n ha seleccionado quince espec menes nicos en su g nero que en su día fueron protagonistas del espacio pasajes del terror en el programa radiof nico La rosa de los vientos Una galer a del horror humano la descripci n de un modo period stico huyendo del morbo gratuito de los treinta casos de asesinos en serie m s aterradores de todos los tiempos La labor de Juan Antonio Cebri n como investigador est fuera de toda duda tampoco es debatible su talento como comunicador tanto a trav s de las ondas como sobre el papel Ambas caracter sticas confluyen en esta obra en la que Cebri n nos presenta dividido en dos bloques los cr menes de los 30
