Preserving a Reformed Heritage John W Keddie, 2016-11-15 This is the story of the Free Church of Scotland in the 20th Century It outlines the life and witness of the Church throughout the century dealing with some of the issues which faced the Church in that period A companion volume entitled A Divided Church provides an account of the division which occurred in the Free Church of Scotland in 2000 a division that led to the emergence of the Free Church of Scotland Continuing This is not an exhaustive history nor is it an official one It is in the nature of Aspects of the History of the Free Church of Scotland in the 20th Century The Free Church itself reflected a confessional evangelical and reformed position throughout the century though not without testing times not least right at the end of the century Secularism and Religion in Nineteenth-Century Germany Todd H. Weir, 2014-04-21 This book explores the culture politics and ideas of the nineteenth century German secularist movements of Free Religion Freethought Ethical Culture and Monism In it Todd H Weir argues that although

secularists challenged church establishment and conservative orthodoxy they were subjected to the forces of religious competition

Nineteenth-Century Religion, Literature and Society Rebecca Styler, 2020-12-14 This four volume historical resource provides new opportunities for investigating the relationship between religion literature and society in Britain and its imperial territories by making accessible a diverse selection of harder to find primary sources These include religious fiction poetry essays memoirs sermons travel writing religious ephemera unpublished notebooks and pamphlet literature Spanning the long nineteenth century c 1789 1914 the resource departs from older models of the Victorian crisis of faith in order to open up new ways of conceptualising religion This first volume looks at Traditions offering an overview of the different religious traditions and denominations present in Britain during this period

Nineteenth-Century Religion, Literature and Society Naomi Hetherington, Clare Stainthorp, 2020-12-14 This four volume historical resource provides new opportunities for investigating the relationship between religion literature and society in Britain and its imperial territories by making accessible a diverse selection of harder to find primary sources These include religious fiction poetry essays memoirs sermons travel writing religious ephemera unpublished notebooks and pamphlet literature Spanning the long nineteenth century c 1789 1914 the resource departs from older models of the Victorian crisis of faith in order to open up new ways of conceptualising religion Volume four on Disbelief and New Beliefs explores the transformation of the religious landscape of Britain and its imperial territories during the nineteenth century as a result of key cultural and intellectual forces

Religion and Mass Electoral Behaviour in Europe David Broughton, Hans-Martien ten Napel, 2000-12-14 The onset of a new millennium has given renewed impetus to the study of religion and its place in the secular world Religion and Mass Electoral Behaviour in Europe is an innovative cutting edge study which focuses on the question of whether and how religion continues to influence and shape electoral behaviour across Europe With exceptional detail this book presents empirical data drawn from a range of country case studies to provide examples of different religious experiences and relationships

Secularisation Christopher Hartney, 2014-06-02 Secularisation New Historical Perspectives unveils an exciting range of case studies exploring emerging research in secularisation with an international outlook Inspired by scholarship conducted by the Religious History Association this collected volume questions the paradigm of secularisation by exploring its historical manifestations and making projections as to the future divide between religious life and the secular world A must read for anyone interested in events and personalities that shaped the religious landscape of the present this volume contains meticulous historical research It also presents a strong focus on the Southern Hemisphere which is often largely absent in discussions of secularity Topics covered here include schisms between secularism and Christianity in Australia and on a global scale Jesuit frontier

missions in Ibero America the publically religious displays of the Salvation Army competition between church life and emerging recreational pursuits at the turn of the century Joseph Fletcher s contributions ethical secularity the privileged place of Christianity within the Queensland educational system notions of religiously justified violence amongst the ANZAC forces and the ongoing debate between constitutional secularity and Christian nationhood in the United States of America from its foundation up until the present day The latter part of the volume explores the secularisation paradigm as a cultural creation in its own right an important consideration for any scholar in this field To this end the authors explore the mythic status of secularisation as a social and historical concept question the validity of historical approaches to this discourse explore whether or not definitions of religion are too conservative to be workable and pose the question of whether or not secular institutions like state museums are really what they claim to be The role of religion in public life is a fascinating question to explore and one that must be tackled via a truly international exploration of secularisation So too must the inquisitive scholar consider the very nature of the terms employed in research Secularisation New Historical Perspectives is the perfect toolkit for such investigations **The Politicized Concert Mass (1967-2007)** Stephanie Rocke,2022-07-29

Since the transformative 1960s concert masses have incorporated a range of political and religious views that mirror their socio cultural context Those of the long 1960s c1958 1975 reflect non conformism and social activism those of the 1980s environmentalism those of the 1990s universalism and those of the 2000s cultural pluralism Despite utilizing a format with its roots in the Roman Catholic liturgy many of these politicized concert masses also reflect the increasing religious diversification of Western societies By introducing non Catholic and often non Christian beliefs into masses that also remain respectful of Christian tradition composers in the later twentieth century have employed the genre to promote a conciliatory way of being that promotes the value of heterogeneity and reinforces the need to protect the diversity of musics species and spiritualities that enrich life In combining the political with the religious the case studies presented pose challenges for both supporters and detractors of the secularization paradigm Overarchingly they demonstrate that any binary division that separates life into either the religious or the secular and promotes one over the other denies the complexity of lived experience and constitutes a diminution of what it is to be human

Periodizing Secularization Clive D. Field,2019-10-31 Moving beyond the now somewhat tired debates about secularization as paradigm theory or master narrative Periodizing Secularization focuses upon the empirical evidence for secularization viewed in its descriptive sense as the waning social influence of religion in Britain Particular emphasis is attached to the two key performance indicators of religious allegiance and churchgoing each subsuming several sub indicators between 1880 and 1945 including the first substantive account of secularization during the fin de si cle A wide range of primary sources is deployed many of them relatively or entirely unknown and with due regard to their methodological and interpretative challenges On the back of them a cross cutting statistical measure of active church adherence is devised which clearly shows how secularization has been a reality and a

gradual not revolutionary process The most likely causes of secularization were an incremental demise of a Sabbatarian culture coupled with the associated emergence of new leisure opportunities and transport links and of religious socialization in the church at home and in the school The analysis is also extended backwards to include a summary of developments during the eighteenth and early nineteenth centuries and laterally to incorporate a preliminary evaluation of a six dimensional model of diffusive religion demonstrating that these alternative performance indicators have hitherto failed to prove that secularization has not occurred The book is designed as a prequel to the author's previous volumes on the chronology of British secularization Britain's Last Religious Revival 2015 and Secularization in the Long 1960s 2017 Together they offer a holistic picture of religious transformation in Britain during the key secularizing century of 1880-1980

Towards a Theology of Church Growth David Goodhew, 2016-03-03 Concern about church growth and decline is widespread and contentious yet theological reflection on church growth is scarce Reflecting on the Bible dogmatic theology and church history this book situates the numerical growth of the church within wider Christian theology Leading international scholars including Alister McGrath Benedicta Ward and C Kevin Rowe contribute a spectrum of voices from evangelical charismatic liberal and anglo catholic perspectives All contributors unite around the importance of seeking church growth provided this is situated within a nuanced theological framework This book offers a critique of decline theology which has been influential amongst theologians and churches and which assumes church growth is impossible and or unnecessary The contributors provide rich resources from scripture doctrine and tradition to underpin action to promote church growth and to stimulate further theological reflection on the subject The Archbishop of Canterbury provides the Foreword
