Comparative International Politics of Democracy Promotion Jonas Wolff, Hans-Joachim Spanger, Hans-Jürgen Puhle, 2013-09-11 Though scholarly attention to democracy promotion is increasing there is still little comparative and theoretically based work on the protagonists of democracy promotion This book investigates the motives that drive democracy promotion in a comparative and theoretically oriented manner exploring how democracy promoters deal with conflicting objectives and the factors that shape their behaviour It also addresses the more policy oriented debate on the contemporary challenges to democracy promotion focusing on US and German policies towards three kinds of challenges the emergence of radical leftist governments in Bolivia and Ecuador the political rise of Islamist movements in Turkey and Pakistan and the consolidation of semi authoritarian rule in Belarus and Russia In each case North Western democracy promoters have been confronted with serious conflicts of objectives between security economic interests and democracy promotion The analysis and comparison of such situations in which democracy promoters have to deal with competing objectives and make tough decisions provides powerful evidence as to the factors that shape democracy promotion The Comparative International Politics of Democracy Promotion will be of interest to students and scholars of international relations comparative politics democratization studies and foreign policy

Central Asia and Regional Security Mr P L Dash, Ms Anita Sengupta, Mr Murat M Bakhadirov, 2014-02-15 While security concerns have assumed salience across the globe Afghanistan s proximity to Central Asia has meant that security or perceptions of insecurity dominate the strategic discourse in the region Issues that stand out include the challenges that the Central Asian states will face in terms of stability ethnic tensions radicalization of youth destabilization of commodity flows and energy security and the impact that these could have on Central Asian society However security cannot just be defined in terms of security at the borders It needs to be defined in cosmopolitan terms through an array of issues like movements across borders radicalism within states the sharing of water and various multilateral attempts at combating insecurity This volume is an attempt to focus on some of these issues that reflect on perceptions of security principally from Indian and Uzbek positions It examines shifts over the last two decades from debates on the geopolitical importance of the region from a great game perspective to the salience of new engagements within the international arena

Chagos Islanders in Mauritius and the UK Laura Jeffery, 2013-07-19 The Chagos islanders were forcibly uprooted from the Chagos Archipelago in the Indian Ocean between 1965 and 1973 This is the first book to compare the experiences of displaced Chagos islanders in Mauritius with the experiences of those Chagossians who have moved to the UK since 2002 It thus provides a unique ethnographic comparative study of forced displacement and onward migration within the living memory of one community Based on in depth ethnographic fieldwork in Mauritius and Crawley West Sussex the six chapters explore Chagossians challenging lives in Mauritius the mobilisation of

the community reformulations of the homeland the politics of culture in exile onward migration to Crawley and attempts to make a home in successive locations Jeffery illuminates how displaced people romanticise their homeland through an exploration of changing representations of the Chagos Archipelago in song lyrics Offering further ethnographic insights into the politics of culture she shows how Chagossians in exile engage with contrasting conceptions of culture ranging from expectations of continuity and authenticity to enactments of change loss and revival The book will appeal particularly to social scientists specialising in the fields of migration studies the anthropology of displacement political and legal anthropology African studies Indian Ocean studies and the anthropology of Britain as well as to readers interested in the Chagossian case study *Defense Issues*, 1996 [AR 190-16 05/31/1991 PHYSICAL SECURITY](#), [Survival Ebooks Us](#) Department Of Defense, [www.survivalebooks.com](#), Department of Defense, Delene Kvasnicka, United States Government US Army, United States Army, Department of the Army, U. United States - Africa Security Relations Kelechi A. Kalu, George Klay Kieh, 2013-11-07 United States Africa relations have experienced four major cycles The first cycle was during the Cold War 1960 1990 During this period the U S developed a one sided relationship with various African states in which the latter served as foot soldiers for the U S in its competition with the Soviet Union for global domination Among other things the various client African states provided the U S with access to airfields deep water ports and sites for the establishment of various intelligence gathering facilities In addition the U S used various groups like UNITA led by Jonas Savimbi in Angola to undermine and fight pro Soviet regimes on the continent The second cycle of the relationship covered the period 1991 1998 During this time the U S scaled down its security activities in Africa The major reason was that with the end of the Cold War Africa with few exceptions like Egypt was no longer a major front for the promotion of U S Security interests The third cycle commenced in 1998 and ended in 2001 This period was characterized by the U S search for an approach to frame its security relations with Africa In this vein the U S undertook various military security initiatives The fourth cycle began after the 9 11 terrorist attacks against the American homeland Since then the U S has expanded the scope of its security relations with Africa as reflected in the establishment of various initiatives and programs At the core is the prosecution of the American war on terror Against this backdrop this book examines some of the major dimensions of the U S security relations with Africa including American security interests on the continent the war on terror AFRICOM and military cooperation Using the book's integrative theoretical framework each of the chapters in the volume examines the various factors that shape the issue of focus *Department of Defense's Role in Combating Terrorism and Force Protection Lessons Learned Since the Attack on the U. U.S. Approaches to Global Security Challenges Kristen Boon, Aziz Z. Huq, 2012 Terrorism Commentary on Security Documents is a series that provides primary source documents and expert commentary on the worldwide counter terrorism effort Among the documents collected are transcripts of Congressional testimony reports by such federal government bodies as the Congressional Research Service CRS and the Government Accountability Office GAO and case law covering issues

related to terrorism Most volumes carry a single theme and inside each volume the documents appear within topic based categories The series also includes a subject index and other indices that guide the user through this complex area of the law Volume 124 U S Approaches to Global Security Challenges analyzes U S strategy toward security threats across the globe and identifies the beginnings of a shift away from a reliance on military power to the application of various types of civilian power which utilize a multinational approach The documents introduced by Douglas Lovelace include U S perspectives on the international security situation generally as well as reports on more specific topics such as the security situation in Afghanistan terrorism in East Africa the evolving role of NATO and cooperation between the U S and other governments such as the EU and China in the fight against terrorism **Afghanistan after the Western Drawdown** Rohan

Gunaratna,Douglas Woodall,2015-01-26 Following the Western drawdown in Afghanistan the global and regional security landscapes will change dramatically Al Qaeda the Afghan Taliban and their allies who are still posing a threat to the U S led coalition are poised to return to Afghanistan Further the mujahidin in the tribal areas of Pakistan may once again draw the support of pools of fighters Scholars from the countries discussed use their own on the ground experience to explain the post 2014 key strategic decisions that face policymakers in Afghanistan the United States and the region These diverse perspectives help grasp issues necessary to assess the strategic environment The book provides a roadmap for the strategy outlined along with predictive analysis of what is likely to happen Particular attention is paid to the U S Afghanistan Bilateral Security Agreement as well as reconciliation talks with the Afghan Taliban Overall the looming increases in global terrorism that may result warrant a continued focus and resource allocation to the Afghanistan Pakistan region **Theorising the**

European Union as an International Security Provider Annemarie Peen Dodt,Richard Whitman,Stefan Wolff,2018-02-02 The European Union has increasingly taken on a role as international security provider that extends beyond the geographical scope of its membership This is clear from the wide range of military and civilian crisis management missions that the Union has undertaken but also identifiable through its other policies such as the European Neighbourhood Policy and development assistance which have also to some extent become security focused Yet the role of the EU as an international security provider remains under theorized and weakly understood The proposed book analyses the Union s role as an international security provider in a comprehensive way developing theoretical as well as empirical grounding for the understanding of the making and implementation of EU security policy The contributions in this book cover actors involved in the policy making process the dynamics of this process itself its outcomes strategies and policies and their impact on the ground They examine the relevance of and apply existing theories of international relations international security and foreign policy analysis to the specific case of the EU investigate empirically how particular policies are formulated and implemented and study the impact and effectiveness of the Union as an international security provider in a variety of cases compared This book was previously published as a special issue of Global Society **The Army Lawyer** ,1985 **International Terrorism** ,1987

Expanding US Military Command in Africa Tshepo Gwatiwa, Justin van der Merwe, 2020-12-23 This book discusses the systematic expansion of the United States Africa Command AFRICOM across the continent of Africa This book posits that AFRICOM expansion in Africa is part of a broader system of accumulation based on a government business media GBM complex Applying the concept at both structural and descriptive levels the GBM complex is a function of the synergy between the state s quest for power businesses need for expansion and the informational and hegemonic functions of media actors The United States GBM complex in Africa is supported and in some locations spearheaded by its military with dispossessing effects on local actors Drawing from African case studies analytical accounts and empirical case studies this book explores AFRICOM s role within this broader strategy The volume maps both the methods and the scope of this expansion as well as local resistance to this process and comprises perspectives from the five regions of Africa key sub regional organizations and voices from Africa s regional hegemons This book will be of much interest to students of security studies strategic studies African politics and International Relations

Security in 21st Century Europe Andrew Cottey, 2025-05-01 The nature of security in Europe has been transformed in recent years Security in 21st Century Europe argues that the defining feature of contemporary European security is the existence of a security community underpinned by the twin institutions of the EU and NATO but that today the European security community NATO and the EU face a growing array of external challenges and their ability to respond to those challenges is increasingly being called into question Offering a systematic assessment of security in contemporary Europe this third edition examines the changing character of European security and assesses the extent of the threats posed by recent challenges as well as the policy dilemmas involved in responding to these challenges It explores Europe s engagement with core thematic issues in European security including military intervention nuclear weapons terrorism and non military security Providing both a substantive contribution to academic thinking on European security and a overview of debates on contemporary European security this new edition offers 3 new chapters on migration climate change and cybersecurity Coverage of all recent major developments related to European security including the Syrian civil war and the regional destabilization arising from it Russia Ukraine crisis the rise of populism the migration crisis the acceleration of China s rise Security in 21st Century Europe combines theory and detailed empirical analysis exploring both how different theoretical perspectives can help us think about European security and concrete empirical developments in European security policies and institutions This text is the perfect companion for advanced undergraduate and Master s level courses on European security whether within courses in Security studies European studies or International Relations
