## **Seduced By Hitler:**

**Seduced by Hitler** Adam LeBor, Roger Boyes, 2001 A macabrely fascinating work recommended Booklist **Hitler's Banker** Jean-François Bouchard, 2023-07-04 1932 The economic crisis in Germany was unprecedented a severe recession 6 million unemployed and a collapse in the popularity of Chancellor Brüning who was criticized for his lack of foresight and who stubbornly focused on a single objective reducing public deficits and restoring the state's finances under pressure from other European countries All the while far right parties which would soon take power were experiencing an irrepressible rise How can one not be struck by the similarity between the economic and political situation in Germany in 1932 and that of some Western countries in 2022 In a fictionalized biography tracing the astonishing career of Hjalmar Schacht a German financial genius of the last century Jean-François Bouchard indirectly highlights the interest in drawing inspiration from the economic methods that worked at that time With this perspective the current economic situation does not seem to be without a solution In 1933 Hitler appointed Hjalmar Schacht as Minister of the Economy A child from a modest background severely raised in the working class neighborhoods of the port of Elberfeld brilliant at school but also mocked by his classmates he developed a distant haughty and arrogant personality very early on After studying philosophy and economics he wrote his thesis on mercantilism he climbed the ladder of power one step at a time As currency commissioner of the Weimar Republic Hjalmar Schacht reduced inflation and stabilized the Mark with a miraculous initiative the creation of a transitional currency the Rentenmark backed by mortgages The population embraced the idea It was a masterly success For Schacht the savior of German currency devotion to his country was boundless He became close to the NSDAP and participated in Hitler's rise to power attracted by his economic program Quickly appointed president of the Reichsbank in a still very weak Germany he did not try to restore the balance of the state's accounts Quite the contrary Abolishing the dogma of balanced public finances he applied an economic policy close to the New Deal launching major works and implemented his own solutions repatriation of German capital limiting imports to only those raw materials necessary for rearmament organizing Germany's insolvency vis-à-vis external creditors creating MEFO bills etc It was the end of unemployment that became the factor of social stabilization for Adolf Hitler and of consolidation of his power and of military hegemony In this regard sadly the incredible story of Hjalmar Schacht is the most painful demonstration of this process Jean-François Bouchard began a classic executive career in 1986 after studying law with positions in the banking industry and at the corporate level He also taught financial analysis at the University of Toulon In 1995 he joined the Inspection Générale de la Banque de France From then on he carried out control missions in French and foreign banks France Europe the Caribbean and Africa as a specialist in banking supervision risk control and the fight against money laundering In 2005 he was resident advisor for two years to the National Bank of Romania where on behalf of the European Commission he piloted the upgrading program of this institution in view of Romania's admission to the European Union which took place on January 1 2007 He then went to Bulgaria to work on the

preparation of that country's entry into the euro a project that did not materialize in the end due to the turbulence in the euro zone and the Bulgarian political authorities preferred to give up. Back in France he was appointed head of mission at the Autorit  de contr le prudentiel he also headed the Lyon branch of the Banque de France for three years. As head of mission he participated in the major European bank assessment exercise before the European Central Bank took over banking supervision in the framework of the Banking Union. At the end of this large project he left in June 2014 as resident advisor to the International Monetary Fund in Libreville Gabon. He is in charge of banking supervision for Central Africa i.e. the six countries of the CEMAC zone Gabon Cameroon Equatorial Guinea Central African Republic Congo Brazzaville and Chad as well as for the Democratic Republic of Congo Congo Kinshasa and Burundi. *At Hitler's Side* Nicolaus von

Below, 2024-02-19 This is the personal account of a Luftwaffe aide always at Hitler's side from 1937 until the last days in Berlin now published for the first time in English. Nicolaus von Below was a 29 year old pilot when Goering selected him for the position of Hitler's Luftwaffe adjutant. He was with Hitler at every stage as the Second World War unfolded. His observations tell of Hitler's responses to momentous events as well as military decisions and policy making at Fuhrer Headquarters. This is a superb source describing life in Hitler's inner circle relied upon on by Gitta Sereny in her biography of Albert Speer. He provides fascinating insight into how Hitler planned the invasions of Poland and Russia what he thought of Britain and America why he placed his faith in the V 1 and V 2 projects how others dealt with him and much more. Von Below was present at the assassination attempt in July 1944 and records the effect on Hitler and his followers. Von Below was the last of Hitler's close military entourage to emerge from the bunker alive. His frank memoir will appeal to anyone interested in how Hitler ran his war. He was denounced to the British in 1946 and imprisoned as a material witness at Nuremberg until being discharged in 1947. *Hitler's War Poets* Jay W. Baird, 2008 Jay W Baird demonstrates how poets and writers responded enthusiastically to Hitler's summons to artists to create a cultural revolution commensurate with the political radicalism of the new state. *Hitler's Philosophers* Yvonne Sherratt, 2013-05-01 Hitler had a dream to rule the world not only with the gun but also with his mind. He saw himself as a philosopher leader and astonishingly gained the support of many intellectuals of his time. In this compelling book Yvonne Sherratt explores Hitler's relationship with philosophers and uncovers cruelty ambition violence and betrayal where least expected at the heart of Germany's ivory tower. Sherratt investigates international archives discovering evidence back to the 1920s of Hitler's vulgarization of noble thinkers of the past including Kant Nietzsche and Darwin. She reveals how philosophers of the 1930s eagerly collaborated to lend the Nazi regime a cloak of respectability. Martin Heidegger Carl Schmitt and a host of others. And while these eminent men sanctioned slaughter Semitic thinkers like Walter Benjamin and opponents like Kurt Huber were hunted down or murdered. Many others such as Theodor Adorno and Hannah Arendt were forced to flee as refugees. The book portrays their fates to be dispersed across the world as the historic edifice of Jewish German culture was destroyed by Hitler. Sherratt not only

confronts the past she also tracks down chilling evidence of continuing Nazi sympathy in Western Universities today

**Hitler's 'Mein Kampf' and the Holocaust** John J. Michalczyk, Michael S. Bryant, Susan A. Michalczyk, 2022-02-10 For decades scholars have pored over Hitler's autobiographical journey political treatise debating if Mein Kampf has genocidal overtones and arguably led to the Holocaust For the first time Hitler's Mein Kampf and the Holocaust sees celebrated international scholars analyse the book from various angles to demonstrate how it laid the groundwork for the Shoah through Hitler's venomous attack on the Jews in his text Split into three main sections which focus on contexts eugenics and religion the book reflects carefully on the point at which the Fuhrer's actions and policies turn genocidal during the Third Reich and whether Mein Kampf presaged Nazi Germany's descent into genocide There are contributions from leading academics from across the United States and Germany including Magnus Brechtken Susannah Heschel and Nathan Stoltzfus along with totally new insights into the source material in light of the 2016 German critical edition of Mein Kampf Hitler's views on Marxism violence and leadership as well as his anti Semitic rhetoric are examined in detail as you are taken down the disturbing path from a hateful book to the Holocaust

**The Dark Heart of Hitler's Europe** Martin Winstone, 2014-10-30 After the German attack on Poland in 1939 vast swathes of Polish territory including Warsaw and Krakow were occupied by the Nazis in an administration which became known as the General Government The region was not directly incorporated into the Third Reich but was ruled by a German regime headed by the brutal and corrupt Governor General Hans Frank This was indeed the dark heart of Hitler's empire As the first genuine Nazi colony the General Government became the principal racial laboratory of the Third Reich As such it was the site and main source of victims of Aktion Reinhard the largest killing operation in human history in which at least 1.7 million Jews were murdered in just 18 months and of a campaign of terror exploitation and ultimately ethnic cleansing against the Polish population which was intended to serve as a template for the rest of eastern Europe It was a place where 42,000 people could be shot in two days where thousands of children could be abducted from their families never to see their homeland again and where guidebooks could invite German tourists to enjoy the culture and nightlife of cities that were now free of Jews This book provides a thorough history of the Nazi occupation regime and the experiences of the Poles Jews and others who were trapped in its clutches Employing sources ranging from diaries and testimony to previously underused material such as travel guides and poetry Martin Winstone provides a unique insight into the occupation regime which dominated much of Poland during World War II with such disastrous consequences

Hitler's People Richard J. Evans, 2024-08-13 Named a Best Book of the Year by Kirkus Reviews and Air Mail A fascinating and instructive book elegantly written and perceptive Wall Street Journal Kaleidoscopic A fascinating exploration of individual agency that never loses sight of the larger context Just the kind of probing nuanced and unsparing study to help us think things through The New York Times Through a connected set of biographical portraits of key Nazi figures that follows power as it radiated out from Hitler to the inner and outer circles of the regime's leadership one of our greatest historians

answers the enduring question how does a society come to carry out a program of unspeakable evil Richard Evans author of the acclaimed *The Third Reich Trilogy* and over two dozen other volumes on modern Europe is our preeminent scholar of Nazi Germany Having spent half a century searching for the truths behind one of the most horrifying episodes in human history in *Hitler's People* he brings us back to the original site of the Nazi movement namely the lives of its most important members Working in concentric circles out from Hitler and his closest allies Evans forms a typological framework of Germany society under Nazi rule from the top down With a novelist's eye for detail Evans explains the Third Reich through the personal failings and professional ambitions of its members from its most notorious deputies like Goebbels the regime's propagandist and Himmler the Holocaust's chief architect to the crucial enforcers and instruments of the Nazi agenda that history has largely forgotten like the schoolteacher Julius Streicher and the actress Leni Riefenstahl Drawing on a wealth of recently unearthed historical sources *Hitler's People* lays bare the inner and outer lives of the characters whose choices led to the deaths of millions Nearly a century after Hitler's rise the leading nations of the West are once again being torn apart by a will to power By telling the stories of these infamous lives as human lives Evans asks us to grapple with the complicated nature of complicity showing us that the distinctions between individual and collective responsibility and even between pathological evil and rational choice are never easily drawn

*Hitler's Generals* Correlli Barnett, 1989 With essays from Carlo D Este Martin Blumenson Walter Goerlitz Gen John Hackett and Martin Middlebrook *Hitler's Generals* probes the central mystery of why a generation of the world's most able commanders and staff officers came to be seduced by Hitler and why they failed to deflect him from his disastrous decisions From Kenneth Macksey's essay on Heinz Guderian who created the Panzer divisions and innovated the use of dive bombers to Earl Ziemke's portrait of Karl Gerd von Runstedt whose stalling of the German blitzkrieg allowed 338 000 Allied troops enough time to fall back on Dunkirk and escape to fight again these are bold and incisive assessments of the twentieth century's greatest strategists and villains Book jacket 2001

in their most inhuman form Overy shows us the human and historical roots of these evils      Justice and the Genesis of War  
David A. Welch,1995-08-10 Studies of the causes of wars generally presuppose a realist account of motivation when  
statesmen choose to wage war they do so for purposes of self preservation or self aggrandizement In this book however  
David Welch argues that humans are motivated by normative concerns the pursuit of which may result in behaviour  
inconsistent with self interest He examines the effect of one particular type of normative motivation the justice motive in the  
outbreak of five Great Power wars the Crimean war the Franco Prussian war World War I World War II and the Falklands  
war Realist theory would suggest that these wars would be among the least likely to be influenced by considerations other  
than power and interest but the author demonstrates that the justice motive played an important role in the genesis of war  
and that its neglect by theorists of international politics is a major oversight      Hypersex Adam Weishaupt,2016-04-30
