French Women Writers Eva Martin Sartori,Dorothy Wynne Zimmerman,1994-01-01 Marie de France Mme De S vign and Mme De Lafayette achieved international reputations during periods when women in other European countries were able to write only letters translations religious tracts and miscellaneous fragments There were obstacles but French women writers were more or less sustained and empowered by the French culture Often unconventional in their personal lives and occupied with careers besides writing as educators painters actresses preachers salon hostesses labor organizers these

women did not wait for Simone de Beauvoir to tell them to make existential choices and have projects in the world French Women Writers describes the lives and careers of fifty two literary figures from the twelfth century to the late twentieth All the contributors are recognized authorities Some of their subjects like Colette and George Sand are celebrated and others are just now gaining critical notice From Christine de Pizan and Marguerite de Navarre to Rachilde and H_l_ene Cixous from Louise Labe to Marguerite Duras these women speak through the centuries to issues of gender sexuality and language French Women Writers now becomes widely available in this Bison Book edition **Gothic Masculinity** Ellen Brinks, 2003 Hegel possessed reading the gothic in the phenomenology of mind The male romantic poet as gothic subject Keats s Hyperion and The fall of hyperion a dream Sharing gothic secrets Byron s The Giaour and Lara This dream it would not pass away Christabel and mimetic enchantment The gothic romance of Sigmund Freud and Wilhelm Fliess Questions of Travel Caren Kaplan, 1996-08-21 On travel in literature Moveable Margins Kathleen Mary Glenn, Mirella D'Ambrosio Servodidio, Mary Seale Vásquez, 1999 The second section contains ten critical essays that apply widely varying critical approaches that range from feminist psycho analytical formalist poststructuralist new historical and intertextual to postmodern and postcolonial The volume also features Riera s hitherto unpublished play in the Catalan original and in English translation This book will appeal to those interested in twentieth century Peninsular literature comparative literature feminist criticism gender studies and cultural studies Maternal Pasts, Feminist Futures Lynne Huffer, 1998 This book examines the relations among nostalgia gender and foundational philosophies through a critique of the lost mother as a ground for thinking about sexual difference More specifically the author critiques the nostalgic tendencies of feminist theory arguing that an emancipatory system of thought must move beyond a maternally oriented structure Through close readings of works by Maurice Blanchot Luce Irigaray Julia Kristeva and Nicole Brossard the book elucidates the many dimensions of nostalgic paradigms literary psychoanalytic epistemological ontological and sociopolitical This critique ultimately confronts postmodernism and especially the burgeoning field of performative theory as an intellectual paradigm that claims to subvert systems of meaning Analyzing the writings of J L Austin Judith Butler and Irigaray the author argues that despite its antinostalgic structure performative theory provides an inadequate model for understanding the connections among language identity and the social bonds that constitute the ethical and political sphere Asserting through the example of performative theory that a critique is not enough the book examines the possibility of a constructive model that is both non nostalgic and informed by ethical constraints One such model is offered through a reading of the Quebecois writer Nicole Brossard which explores her work in relation to the question of lesbian writing Demystifying nostalgia Brossard not only uncovers and subverts the structures through which a concept of origins is produced but also provides a different visionary way of thinking about the relationship between subjectivity and language Finally the book argues for further feminist work on the relationship between narrative and ethics a field whose future lies in the elaboration of a bridge between the moral

commitments of ethical theory and the fractured realities that find their expression in literary forms **Fieldwork Under Fire** Carolyn Nordstrom, Antonius C. G. M. Robben, 1995 Required reading for anyone about to leave for the field A timely deserving and original contribution to a rapidly growing body of literature on the study of violence Jean Paul Dumont George Mason University **The Unmaking of Fascist Aesthetics** Kriss Ravetto, 2001 In works by filmmakers from Bertolucci to Spielberg debauched images of Nazi and fascist eroticism symbols of violence and immorality often bear an uncanny resemblance to the images and symbols once used by the fascists themselves to demarcate racial sexual and political others This book exposes the madness inherent in such a course which attests to the impossibility of disengaging visual and rhetorical constructions from political ideological and moral codes Kriss Ravetto argues that contemporary discourses using such devices actually continue unacknowledged rhetorical moral and visual analogies of the past Against postwar fictional and historical accounts of World War II in which generic images of evil characterize the Nazi and the fascist Ravetto sets the more complex approach of such filmmakers as Pier Paolo Pasolini Liliana Cavani and Lina Wertmüller Her book asks us to think deeply about what it means to say that we have conquered fascism when the aesthetics of fascism still describe and determine how we look at political figures and global events Book jacket **Heart of Darkness** Joseph Conrad, 2011-03 This volume presents the text of the 1921 Heinemann edition of Conrad's classic short novel along with documents that place the work in historical context and critical essays that read *Heart of Darkness* from several contemporary critical perspectives The text and essays are complemented by biographical and critical introductions bibliographies and a glossary of critical and theoretical terms In this third edition the section of cultural documents and illustrations is entirely new as are two recent exemplary critical essays by Gabrielle McIntire and Tony C Brown that synthesize a variety of current critical approaches

Williams, 2011-01-31 *Weimar Culture Revisited* is the first book to offer an accessible cross section of new cultural history approaches to the Weimar Republic This collection uses an interdisciplinary approach and focuses on the everyday workings of Weimar culture to explain the impact and meaning of culture for German's everyday lives during this fateful era **Birth Passages** Theresa M. Krier, 2001 *Birth Passages* offers a provocative and eloquent challenge to the nostalgia for the maternal sometimes influenced by classic Freudian theory which pervades many discourses Theresa M Krier suggests an alternative to the common characterizations of the maternal as a force inspiring both desire and dread a force that must be repressed if subjectivity and culture are to be established Instead drawing on the work of Melanie Klein D W Winnicott and Luce Irigaray Krier seeks to establish a new model of the relationship between mother and infant one in which birth is seen not as the tragic ending to the prenatal union but rather as the child's claiming both distance from and proximity to this parent Krier's insightful readings of poetic works from antiquity the Middle Ages and the Renaissance show

these texts in opposition to their cultures insistent nostalgia for the maternal Their authors she maintains recognize such longing as a symptom of a glamorous but false and disabling fantasy In her analysis of the Song of Songs Lucretius s De rerum natura Chaucer s Parlement of Foules Spenser s Amoretti and Faerie Queene and Shakespeare s Love s Labor s Lost and The Winter s Tale Krier details how the writings represent the intersubjective nature of birth

Scandalous Bodies Smaro Kamboureli,2011-04-07 Scandalous Bodies is an impassioned scholarly study both of literature by diasporic writers and of the contexts within which it is produced It explores topics ranging from the Canadian government s multiculturalism policy to media representations of so called minority groups from the relationship between realist fiction and history to postmodern constructions of ethnicity from the multicultural theory of the philosopher Charles Taylor to the cultural responsibilities of diasporic critics such as Kamboureli herself Smaro Kamboureli proposes no neat or comforting solutions to the problems she addresses Rather than adhere to a single method of reading or make her argument follow a systematic approach she lets the texts and the socio cultural contexts she examines give shape to her reading In fact methodological issues and the need to revisit them become a leitmotif in the book Theoretically rigorous and historically situated this study also engages with close reading not the kind that views a text as a sovereign world but one that opens the text in order to reveal the method of its making Her practice of what she calls negative pedagogy a self reflexive method of learning and unlearning of decoding the means through which knowledge is produced allows her to avoid the pitfalls of constructing a narrative of progress Her critique of Canadian multiculturalism as a policy that advocates what she calls sedative politics and of the epistemologies of ethnicity that have shaped for example the first wave of ethnic anthologies in Canada are the backdrop against which she examines the various discourses that inform the diasporic experience in Canada Scandalous Bodies was first published in 2000 and received the Gabrielle Roy Prize for Canadian Criticism
