Morna M. McDermott, 2013-03-01 Teaching is not merely a technical process it is one that requires creative and inspirational thinking not only on the part of students but for teachers themselves as artful reflective beings The purpose of this book is to provide educators with creative experiences which unlock their imaginative potential so they can re envision their curriculum to promote active learning culturally relevant pedagogy and differentiated instruction This book guides the reader through a series of experiences intended to tap into the right side of the brain and provide educators opportunities to re imagine their existing curriculum in new ways Through this re imaging or re envisioning of the creative potential within themselves teachers can redesign their curricula in ways that best meet the needs of their learners schools and communities This book emphasizes creativity in teaching as a collaborative effort The experiences and ideas presented in this book are intended to inspire small groups or whole communities including schools to work together and support each other in their creative efforts Creativity does not just exist for individuals in isolated contemplation but resides instead in the relational work that community members create together toward a shared vision In order to encourage imaginative students who will have the capacities to see the world not merely as it is but as it could be we need to encourage teachers to tap into their creative imaginative capacities to teach as well Such work cannot be performed in isolation Creative social change requires that we imagine together that which we cannot do alone

Stern, 2015-10-05 This second edition of *Lucky Strikes and a Three Martini Lunch* Thinking About Television's *Mad Men* explores the attributes of the AMC series that allow it to be such a popular and vital contribution to contemporary cultural discourse Set in the 1960s in New York the Emmy and Peabody winning series follows the competitive seductive and oftentimes ruthless lives of the men and women of Madison Avenue's advertising agencies Many alluring and captivating qualities constitute the *Mad Men* experience the way it evokes nostalgia even from those who did not live in the era being portrayed its interrogations of identities and how these explorations of the past illuminate viewers' concepts of the present the compelling and often heartbreaking relationships between characters trying to make their way in an ever changing and increasingly complex world and the titillation of the characters' discovery of the power of mass mediated communication and its abilities to allow learning information sharing manipulation and connection not to mention how their journeys reflect our own in contemporary society The essays collected in this volume speak to both fans of the show who may not typically embrace theory and criticism as well as those who do Additionally this version was designed with educators in mind It still includes engaging essays that critically analyze the show from a multitude of perspectives but now they are organized in way to facilitate easy use in the classroom This structure allows educators to simply construct and conduct a course using this book as a primary textbook and organize the course according to the way it is laid out Each chapter provides any type of reader with the opportunity to think about and enjoy the show even after it is no longer on the air      *Using Foucault's Methods* Gavin Kendall, Gary Wickham, 1998-12-04 As a companion to Foucault's original texts carefully showing what he's done and why and how that could be applied elsewhere it's outstanding www.theory.org.uk Very much a hands on tool kit of a book scholarly but accessible a very useful textbook which approaches its subject in an original way Sociological Research Online At last a student friendly guide that answers the question Yes but how do you do Foucault Kendall and Wickham address the thorny question of how to Foucault in a clear distinctive manner that stands out in the secondary literature on this important thinker Toby Miller New York University This book provides a clear straightforward guide to those who want to apply the work of Foucault to their own field of interest The authors employ an accessible style to encourage readers to engage with Foucault's work by tackling the issues that students most often raise The book is organized around the following themes history archaeology genealogy and discourse as the cornerstones of Foucault's methods and science and culture as important objects of analysis for those using Foucault's

methods The book enables the reader to understand how Foucault's contribution to social thought can be applied and opens up possibilities for researchers to use Foucault rather than merely discuss him *A Fine Romance*-- Patricia Mellencamp, 1995 Feminist film theory will soon be a quarter of a century old It has known the euphoria of the 1970s experienced the contradictions of the 1980s and glimpsed the reversals and political gains which include women of color of the 1990s But Patricia Mellencamp asks what is the next move In this challenging look at twenty years of feminist film theory Mellencamp elaborates on its rich history drawing on her personal academic life and offering inventive readings of a remarkable variety of films recent Hollywood releases like *Forest Gump* *Pulp Fiction* *Thelma and Louise* *Basic Instinct* and *Silence of the Lambs* and features and independent films made by women such as *The Piano* *Angie* *Orlando* *Bedevil* *Daughters of the Dust* *Privilege* and *Forbidden Love* With a clever sense of irony and wit Mellencamp poses a question from which her analysis takes off What did Rapunzel Cinderella and Snow White forget to tell *Thelma and Louise* According to Mellencamp they forgot what comes after the end after the wedding to the prince So many women's stories often by choice stop after the prince whisks the princess away to live happily ever after This book asks what does happily mean for women And what does ever after cost women This creative call to shift film feminism's infamous gaze from sex and bodies to money and work ascertains where film feminism has been and what it needs to progress Rather than recycling and regaining the same ground Mellencamp urges film feminism to explore and claim new territory Author note Patricia Mellencamp is Professor of Film and Cultural Theory Department of Art History the University of Wisconsin at Milwaukee She has published several books including *High Anxiety* *Catastrophe* *Scandal* *Age and Indiscretions* *Avant garde Film Video* and *Feminism*
