Confucianism as A New Philosophy Huang Yushun, Li Xuening, Yushun Huang, 2020-07-19 Life itself has long gone unnoticed
in Confucian texts since the Qin and Han dynasties which is similar to the forgetting of Being per se in the Western
philosophy after the Axial Period according to Heidegger Today there is a philosophical mission to return life to Confucianism
restoring and reconstructing Confucianism in the perspective of a comparison between Confucianism and Husserl's
Phenomenology The author reduces the features of life to the essence of a thing but returns to life as the essence of Being
The author rejects the idea of post philosophy in order to reconstruct the metaphysical and the post metaphysical gradations
of Confucianism These gradations are made along three strata in the life of human beings no being of anything a life
comprehension metaphysical thinghood the absolute Being and post metaphysical things the relative beings In this way we
have a full understanding of the idea of Confucianism The Self-Sufficient Life and How to Live It John
Seymour, 2024-03-12 The Self Sufficient Life and How to Live It is the only book that teaches all the skills needed to live
independently in harmony with the land harnessing natural forms of energy raising crops and keeping livestock preserving

illustrations and a special section in which John Seymour the father of the back to basics movement explains the philosophy
of self sufficiency and its power to transform lives and create communities More relevant than ever in our high tech world

Patidar, 2021-05-14 I am on a mission to explain to the world the real fact that the human brain is NOT his mind rather his
seed's DNA is his mind more specifically the blue strand of the DNA spiral Human brain is merely an evolved form of rRNA of
the zygote which processes the mRNA and tRNA wirelessly Like the CPU of the computer brain is a non codon processing
organ which processes the genetic codes of the seed's DNA mind through a wireless nerve system called Sushumna Ada
Pingla To know the wireless processing of the seed genetics in the brain read this book Unless seeds are saved brain cannot

produce any significant outcome If the seeds are saved then all the thoughts of the seed s mind come true naturally
