Seeing Mary Plain:

Seeing Mary Plain Frances Kiernan, 2000 Based on interviews with her friends former lovers and associates this biography of a 20th century American literary icon covers her days at the Partisan Review her stormy marriage to critic Edmund Wilson her novel *The Group* and much more

Write like a Man Ronnie Grinberg, 2024-03-26 How virility and Jewishness became hallmarks of postwar New York's combative intellectual scene In the years following World War II the New York intellectuals became some of the most renowned critics and writers in the country Although mostly male and Jewish this prominent group also included women and non Jews Yet all of its members embraced a secular Jewish machismo that became a defining characteristic of the contemporary experience *Write like a Man* examines how the New York intellectuals shared a uniquely American conception of Jewish masculinity that prized verbal confrontation polemical aggression and an unflinching style of argumentation Ronnie Grinberg paints illuminating portraits of figures such as Norman Mailer Hannah Arendt Lionel and Diana Trilling Mary McCarthy Norman Podhoretz Midge Decter and Irving Howe She describes how their construction of Jewish masculinity helped to propel the American Jew from outsider to insider even as they clashed over its meaning in a deeply anxious project of self definition Along the way Grinberg sheds light on their fraught encounters with the most contentious issues and ideas of the day from student radicalism and the civil rights movement to feminism Freudianism and neoconservatism A spellbinding chronicle of mid century America *Write like a Man* shows how a combative and intellectually grounded vision of Jewish manhood contributed to the masculinization of intellectual life and shaped some of the most important political and cultural debates of the postwar era

The Double Life of Paul De Man Evelyn Barish, 2014-03-17 A landmark biography that reveals the secret past of one of the most influential academics of the twentieth century Over thirty years after his death in 1983 Paul de Man a hugely charismatic intellectual who created with deconstruction an ideology so pervasive that it threatened to topple the very foundations of literature remains a haunting and still largely unexamined figure Deeply influential de Man and his theory driven philosophy were so dominant that his passing received front page coverage suggesting that a cult hero if not intellectual rock star had met an untimely end Yet in 1988 de Man's reputation was ruined when it was discovered that he had written an anti Semitic article and worked for a collaborating Belgium newspaper during World War II Who was he really and who had he been No one knew Still in shock few of his followers wanted to find out Once an admirer although never a theorist the biographer Evelyn Barish began her own investigation Relying on years of original archival work and interviews with over two hundred of de Man's circle of friends and family most of them now dead Barish vividly re creates this collaborationist world of occupied Belgium and France Born in 1919 to a rich but tragically unstable family Paul de Man a golden boy was influenced by his uncle Henri de Man a socialist turned Nazi collaborator who became the de facto Belgian prime minister By the early 1940s Paul while seemingly only a reviewer for Nazi newspapers was secretly rising in far more important jobs in Belgium's

and France's collaborationist regimes Postwar barred from the university de Man created a publishing house but stole all its assets then facing jail he fled to New York abandoning his family his opportunistic anti-Semitic writing seemed the least of his crimes Arriving penniless he quickly rose again befriending an entire generation of American writers in New York including Dwight Macdonald Elizabeth Hardwick and Mary McCarthy Barish sketches de Man's renowned careers at Bard and Yale as well as the circumstances surrounding his loving but bigamous second marriage to former Bard student Patricia Kelley who created the tranquillity he so lacked Juxtaposing this personal story to his meteoric rise through American academia Barish traces the origins of the philosophical deconstructionism that he later created with Jacques Derrida showing how de Man attracted followers with his attack on the hypocrisy of society that attempts to cover up the essential alienation of art from the system While focusing on the biographical facts this commanding and psychologically probing biography reveals as much about human behavior and the cross currents of twentieth century intellectual thought as it does about the man who held an entire generation in his thrall

Sharp Michelle Dean, 2018-04-10 A deeply researched and uncommonly engrossing book profiling ten trailblazing literary women including Dorothy Parker and Joan Didion Paris Review In Sharp Michelle Dean explores the lives of ten women of vastly different backgrounds and points of view who all made a significant contribution to the cultural and intellectual history of America These women Dorothy Parker Rebecca West Hannah Arendt Mary McCarthy Susan Sontag Pauline Kael Joan Didion Nora Ephron Renata Adler and Janet Malcolm are united by what Dean calls sharpness the ability to cut to the quick with precision of thought and wit Sharp is a vibrant depiction of the intellectual beau monde of twentieth century New York where gossip filled parties gave out to literary slugging matches in the pages of the Partisan Review or the New York Review of Books It is also a passionate portrayal of how these women asserted themselves through their writing despite the extreme condescension of the male dominated cultural establishment Mixing biography literary criticism and cultural history Sharp is a celebration of this group of extraordinary women an engaging introduction to their works and a testament to how anyone who feels powerless can claim the mantle of writer and perhaps change the world

Edmund Wilson Lewis M. Dabney, 2005-08-03 From the Jazz Age through the McCarthy era Edmund Wilson 1895-1972 stood at the center of the American cultural scene In his own youth a crucial champion of the young Ernest Hemingway and F Scott Fitzgerald Wilson went on to write three classics of literary and intellectual history Axel's Castle To the Finland

Station and Patriotic Gore searching reportage and criticism that has outlasted many of its subjects Wilson documented his unruly private life a formative love affair with Edna St Vincent Millay a tempestuous marriage to Mary McCarthy and volatile friendships with Fitzgerald and Vladimir Nabokov among others in openly erotic fiction and journals but Lewis Dabney is the first writer to integrate the life and work Dabney traces the critic s intellectual development from son of small town New Jersey gentry to America s last great renaissance man a deep commentator on everything from the Russian classics to Native American rituals to the Dead Sea Scrolls Along the way Dabney shows why Wilson was and has remained in his cosmopolitanism and trenchant nonconformity a model for young writers and intellectuals as well as the favorite critic of the general reader Edmund Wilson will be recognized as the lasting biography of this brilliant man whose life reflected so much of the cultural social and human experience of a turbulent century

A Jury of Her Peers Elaine Showalter,2010-01-12 An unprecedented literary landmark the first comprehensive history of American women writers from 1650 to the present In a narrative of immense scope and fascination here are more than 250 female writers including the famous Harriet Beecher Stowe Dorothy Parker Flannery O Connor and Toni Morrison among others and the little known from the early American bestselling novelist Catherine Sedgwick to the Pulitzer Prize winning playwright Susan Glaspell Showalter integrates women s contributions into our nation s literary heritage with brilliance and flair making the case for the unfairly overlooked and putting the overrated firmly in their place

Existential America George Cotkin,2003 As Cotkin shows not only did Americans readily take to existentialism but they were already heirs to a rich tradition of thinkers from Jonathan Edwards and Herman Melville to Emily Dickinson and William James who had wrestled with the problems of existence and the contingency of the world long before Sartre and his colleagues After introducing the concept of an American existential tradition Cotkin examines how formal existentialism first arrived in America in the 1930s through discussion of Kierkegaard and the early vogue among New York intellectuals for the works of Sartre Beauvoir and Camus

Tough Enough Deborah Nelson, 2017-04-03 This book focuses on six brilliant women who are often seen as particularly tough minded Simone Weil Hannah Arendt Mary McCarthy Susan Sontag Diane Arbus and Joan Didion Aligned with no single tradition they escape straightforward categories Yet their work evinces an affinity of style and philosophical viewpoint that derives from a shared attitude toward suffering What Mary McCarthy called a cold eye was not merely a personal aversion to displays of emotion it was an unsentimental mode of attention that dictated both ethical positions and aesthetic approaches Tough Enough traces the careers of these women and their challenges to the pre eminence of empathy as the ethical posture from which to examine pain Their writing and art reveal an adamant belief that the hurts of the world must be treated concretely directly and realistically without recourse to either melodrama or callousness As Deborah Nelson shows this stance offers an important counter tradition to the familiar postwar poles of emotional expressivity on the one hand and cool irony on the other Ultimately in its insistence on facing reality without consolation or compensation this austere school of the unsentimental offers new ways to approach suffering in both its spectacular forms and all of its

literary history Maria DiBattista and Deborah Epstein Nord contend that even the most seemingly traditional works by British American and other English language women writers redefine the domestic sphere in ways that incorporate the concerns of public life allowing characters and authors alike to forge new emancipatory narratives The book explores works by a wide range of writers including canonical figures such as Jane Austen Charlotte Bront George Eliot Harriet Jacobs Edith Wharton Virginia Woolf Willa Cather Gertrude Stein and Toni Morrison neglected or marginalized writers like Mary Antin Tess Slesinger and Martha Gellhorn and recent and contemporary figures including Nadine Gordimer Anita Desai Edwidge Danticat and Jhumpa Lahiri DiBattista and Nord show how these writers dramatize tensions between home and the wider world through recurrent themes of sailing forth escape exploration dissent and emigration Throughout the book uncovers the undervalued public concerns of women writers who ventured into ever wider geographical cultural and political territories forging new definitions of what it means to create a home in the world The result is an enlightening reinterpretation of women s writing from the early nineteenth century to the present day *Hannah Arendt and Isaiah Berlin* Kei Hiruta,2023-11-21 This book is an exercise in theoretical conversation Two of the most iconic thinkers of the twentieth century Hannah Arendt 1906 1975 and Isaiah Berlin 1909 1997 fundamentally disagreed on central issues in politics history and philosophy In spite of their overlapping life stories and experiences as Jewish migr intellectuals they held mutual dislike for each other Berlin going so far as to characterise Arendt as representing everything that I detest most Drawing on a wealth of new archival material Kei Hiruta traces the development of the Arendt Berlin conflict from their first meeting in wartime New York and the second meeting soon after the establishment of the State of Israel to their widening intellectual chasm during the 1950s the Eichmann controversy their final missed opportunity to engage with each other at a 1967 conference and Berlin s continuing animosity towards Arendt after her untimely death in 1975 Hiruta juxtaposes political philosophy with intellectual history to examine key issues that simultaneously connected and divided Arendt and Berlin including the meaning and value of freedom the nature of totalitarianism and its patterns of emergence evil and the Nazi Holocaust human agency and moral responsibility Zionism American democracy Britain s imperial past and its post war liberal present and the Hungarian Revolution of 1956 Written in a lively and accessible style Hannah Arendt and Isaiah Berlin tells for the first time the full story of the adversarial relationship between Arendt and Berlin and draws important lessons for political theory and philosophy today **Nathalie Sarraute** Ann Jefferson,2020-08-11 A leading exponent of the Nouveau Roman Nathalie Sarraute 1900 1999 was also one of France s most cosmopolitan literary figures and her life was bound up with the intellectual and political ferment of 20th century Europe Ann Jefferson s work is an authoritative biography of this major writer
