Seetee Alert:

Stardeath E.C. Tubb, 2014-01-30 Ships occasionally disappeared in hyperspace regrettable sacrifices to the luxury of faster than light travel But now one of the lost ships has been found and the wreckage is enough to terrify even the most cold blooded witness The lucky ones on the lost ship are dead The others have been turned inside out in gruesome parody of human beings and they are still alive The disgraced Captain Kurt Varl is chosen to command a suicide mission to discover the cause of these disasters The enemy is unknown and the only way Varl can solve the mystery is to use himself as bait The Galactiad E.C. Tubb, 2011-09-29 The things from beyond the Milky Way galaxy found the intelligent races of our universe amusingly slight To them possessors of vast cosmic power the strivings of various humanoids to outdo each other were a source of contemptuous entertainment They established a contest between the worlds It would be an Olympiad of the whole galaxy a Galactiad Let these puny interstellar intelligences meet each other in contest Pit one against the other and let the losers beware Earth had its team a mixed group of powerful athletes and genius scientists Because other worlds did not always believe in the ideal of good sportsmanship they had to confront the reality Win at all costs or goodbye to humanity

Lallia E.C. Tubb, 2011-09-29 Dumarest continues his restless wandering combing the spaceways for an ancient and almost forgotten planet called Earth Then on a primitive world he fights a giant mutant for the life of the lovely psychic Lallia and wins a vital clue that could lead him to the end of his quest First published 1971 *Future and Fantastic Worlds* Sheldon Jaffery, 1987-01-01 Future and Fantastic Worlds embodies an unusual approach to the field of bibliographic research including over 700 annotations of every DAW book published through mid 1987 with indexes by author artist and title providing a massive guide to modern SF writers and their works with much background data Interspersed throughout the book are numerous wry irreverent and amusing observations offered by the late and highly respected researcher in this extremely valuable genre tool **S.T.A.R. Flight** E.C. Tubb, 2011-09-29 The Kaltich invaders sell their Earthman serfs a rejuvenation process that cruelly prolongs life They also promise to share their secret for instantaneous space travel desperately needed by a barbaric over populated Earth But decades pass and Earth is no closer to the stars The Kaltichs continue to strip Earth of its riches and its pride Only the Secret Terran Armed Resistance Movement opposes the Kaltichs tyranny And only Martin Preston S T A R agent can possibly steal their secrets If he fails Earth will become a planet of billions of starving people with no place to go except to the graves The Coming Event E.C. Tubb, 2011-09-29 The Terridae believed the lost Earth was heaven and utopia combined In their artificial planet they moved slowly through the universe in search of it And in their eyes the rediscovery of Earth was to be the Event Now they said the Event was coming Earl Dumarest who was born on Earth and knew the truth was an unwelcome visitor among them If they knew of Earth s whereabouts they were not telling him But another Event was already on its way A Cyclan ship was rapidly approaching the Terridae s world confident that this time Dumarest would fall into their heartless clutches Dumarest was not ready to flee but

if he stayed there would be no Earth for him only a long lingering doom First published 1982 **Derai** E.C. Tubb,2011-09-29 Still driven by his search for Man's fabled birthplace Earl Dumarest accepts a commission to guard the Lady Derai heiress to the proud House of Caldor on the feudal world of Hive On Derai's home planet Dumarest had hoped to meet a living witness to Earth But instead he finds himself in the lists of the deadly Contest on Folgone with the Lady of Caldor as prize And on Folgone for the first time Dumarest confronts the Cybers ruthless emotionless tools of a great Gestalt which holds the might of the universe in its grip a power which may yet provide him with the key to his quest for Earth **Atom War on Mars**

E.C. Tubb,2014-03-31 Earth and its colonies on Mars and Venus are ruled by an authoritarian post World War III world state which plans to take control of a new method of space travel when it has been perfected by a Martian scientist When they fail to secure the invention the world state's Coordinator decides to destroy the Mars colony with radi germ bombs **Journey to Mars**

E.C. Tubb,2011-09-29 All Verrill wanted to do was to get to Mars to Port Mercham where a ship was getting ready to take the Big Jump to the stars But he was stranded on Venus without money papers or weapons with nothing but a keep sake between him and starvation and the revengeful fury of the powerful Brotherhoods and charity was a forgotten word How with foreign papers he fought and won the right to a berth discovered a subtle plot to smuggle narcotics and defeated a mutiny How he fought a desperate battle with the menace of the Sun and escaped from Mercury and how at last he managed to reach his objective make a story of high adventure This is a fast moving hard hitting tale of the future of rocket ships and the men who guide them across the wastes of space of the perils and dangers waiting at every turn A story which paints bright colours across the pages of unwritten history and brings to life the lives of those yet unborn **Secret of the Towers**

E.C. Tubb,2014-01-30 By order of the World Council a vast chain of towers was being constructed across the globe The people were told that the towers would provide free universal power from broadcast energy When Statander a member of the World Council questioned their construction he was assassinated to ensure his silence But there was one other who shared Statander's suspicion Altair the Thief whose father had also been killed for a similar reason Just one man a criminal and a fugitive but a man determined to uncover the monstrous secret that had led to their deaths the secret of the towers

Iduna's Universe E.C. Tubb,2011-09-29 It was touch and go for Earl Dumarest when the slavers of the Matriarchy of Onorlidi struck his work camp Had he not captured the Matriarch herself during the fight it might have spelled his doom when the slavers triumphed Because even though the odds had turned heavily against him he was able to strike a bargain The Matriarch's child daughter Iduna had disappeared into the mind trap of the Tau If he could follow find her and return with her he would have his freedom and a chance to locate the lost Earth he sought But Dumarest had to outwit her monster playthings outfight her hideous horrors and outdream her satanic fantasies First published 1979 **Nature & Science on the Pacific Coast**, 1915 [The Freedom Army](#) E.C. Tubb,2013-12-30 To escape war and suffering humanity had allowed

itself to take a drug that killed all emotion But a small number of insurgents including the returning astronauts from a

mission to Mars had refused to take the drug and waged an armed rebellion The last survivors of the Freedom Army were holed up in a besieged bunker when one of their number the physicist Burges constructed a gateway to another dimension an alternate existence Ex space pilot Lanson leads the remnants of his Freedom Army in escaping through the gateway only to find themselves in an alternate world where humanity has been enslaved for the last 30 years by a toad like alien race the Zytlen Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1976 **The Terridae** E.C. Tubb,2011-09-29 Zabul was no ordinary world It was a private religious sanctuary location secret visitors unwelcome It was a world fanatically dedicated to one belief and to one goal The belief that mankind originated on a single world the goal was to find it To find Earth was a goal that Earl Dumarest shared But how much did he really have in common with the zealot Terridae who slept in caskets decorated with the zodiacs and dreamed of soaring towers of crystal and floating cities And what were their despotic Guardians really after First published 1981 **Jondelle** E.C. Tubb,2011-09-29 Earth is real Dumarest insisted A world old and scarred by ancient wars The stars are few and there is a great single moon which hangs like a pale sun in the night sky In the quest for his legendary birthplace Earl Dumarest has traversed galaxies Now at least he reaches Ourelle a planet close to Earth out along a far arm of the Milky Way There he finds Jondelle a boy who may hold the key to Earl s search But then Jondelle is kidnapped And Dumarest s pursuit of the imperilled boy leads him to a city of paranoiac killers madmen whose terrible violence is always on a hair trigger First published 1973 **Toyman** E.C. Tubb,2011-09-29 Space wanderer Earl Dumarest is on the planet Toy to consult the giant computer which may contain information on the whereabouts of Earth his lost home world But soon he realises Toy is a place that gives away nothing for free Before Dumarest can gain the information he needs he must take part in the Toy Games must fight like a tin soldier in a vast nursery And there is nothing playful about the Games on Toy The pain is real enough the wounds the blood and death First published 1969 **Veruchia** E.C. Tubb,2011-09-29 Earl Dumarest trans galactic soldier of fortune is still seeking his birthplace the fabled planet Earth On the distant decadent planet Dradea he meets the mysterious mutant woman Veruchia She selected him from the gladiators arena to become her servant and more Soon Dumarest discovers that she too is engaged in a quest and that the fate of her planet hangs in the balance Fascinated compelled he agrees to help her But then he must face bizarre perils which make the gladiatorial arena seem a haven of safety First published 1973 Monster of Metelaze E.C. Tubb,2011-09-29 Destiny awaits the world of Metelaze Mighty will be our future To us will come the races of the galaxy To us will come the wealth of a universe Too long have we rested beneath the Terran heel Very soon now we shall strike off the chains of our oppressors Metelaze shall be free This sort of propaganda was always common among the demagogues of backward planets that had received help from Terra But Metelaze was different For there the promise held out was that secrets of the ancient pre galactic science were becoming available that an offer was being made that could not be refused To Cap Kennedy fell the task of finding out Were there really unknown scientific marvels available on Metelaze

Who was behind these offers of total power and absolute wealth What in fact was the monster of Metelaze And how could such a monster out of time and space be stopped *The Return* E.C. Tubb, 2011-09-29 Dumarest had learned in the hard school of experience and he came equipped with certain attributes He had very fast reflexes he carried a knife and knew how to use it he wore travellers garb which because of the metal mesh buried within the thermal plastic gave him protection against the lash of a claw the rip of thorns the cut and thrust of edged weapons Most important of all he had an overriding determination to survive no matter what the cost On Gath this wasn't easy First published 1997
