*Memoria y escrituras de Nicaragua. Cultura y discurso testimonial en la Revolución Sandinista.* Gema D. Palazón, 2010 El estudio de la institucionalización de la crítica testimonial por un lado y del proyecto cultural sandinista por otro permite configurar el papel del testimonio en Nicaragua en los últimos años Tanto la crítica literaria como la política cultural sandinista delimitaron de forma muy concreta las posibilidades y el sentido que la escritura testimonial podía tener en el contexto revolucionario Pero cómo se inscribe cada voz particular en ambas tradiciones Este trabajo trata de establecer las coordinadas precisas en que el discurso testimonial se convirtió en epicentro de la actividad intelectual sobre Centroamérica y la apropiación que la revolución sandinista hizo del mismo En esos dos espacios se juega la construcción teórica de las posibilidades del relato testimonial y su repercusión como discurso asociado al devenir revolucionario El hecho de que las voces disidentes con el proyecto sandinista hayan optado también por defender sus propuestas en esa modalidad discursiva se lo explica a partir de su valor e importancia en el imaginario social de Nicaragua A medio camino entre la investigación y la reflexión Gema D Palazón revela con brevedad la conversión del testimonio en un espacio privilegiado para la construcción de la memoria histórica en tiempos de globalización y las implicaciones que ha tenido y sigue conservando en el panorama nicaragüense actual Un trabajo remarcablemente conducido y documentado apasionante tanto en el plan histórico como literario
