Routledge Library Editions: Joseph Conrad Various, 2021-09-30 Joseph Conrad 1857 1924 is widely considered one of the great modern writers in English literature. This 21 volume set contains titles originally published between 1976 and 1990 as well as a biography from 1957 written by one of his closest friends. The first 18 books are a set of concordances and indexes to Conrad's printed works which were part of a project directed by Todd K Bender at the University of Wisconsin-Madison, USA, and are among the first attempts to use the power of computers to enhance our reading environment and assist in lexicography, scholarly editing, and literary analysis. The set also contains a meticulously compiled bibliography of writings on Joseph Conrad as well as an original and powerful analysis of his major work. **Dramatic Compositions Copyrighted in the United States, 1870 to 1916 ...** Library of Congress.
