Butoh, as Heard by a Dancer Dominique Savitri Bonarjee, 2023-10-31 This book explores the origins of Butoh in post war Japan through orality and transmission in conjunction with an embodied research approach The book is a gathering of seminal artistic voices Yoshito Ohno Natsu Nakajima Yukio Waguri Moe Yamamoto Masaki Iwana Ko Murobushi Yukio Suzuki Takao Kawaguchi Yuko Kaseki and the philosopher Kuniichi Uno These conversations happened during an extended research trip I made to Japan to understand the context and circumstances that engendered Butoh Alongside these exchanges are my

reflections on Butoh's complex history. These are primarily informed by my pedagogical and performance encounters with the artists I met during this time rather than a theoretical analysis. Through the words of these dancers I investigate Butoh's tendency to evade categorization. Butoh's artistic legacy of bodily rebellion, plurality of authorship and fluidity of form seems prescient and feels more relevant in contemporary times than ever before. This book is intended as a practitioner's guide for dancers, artists, students and scholars with an interest in non-Western dance and dance history, postmodern performance and Japanese arts and culture.

Our Inner Ocean LeCain W. Smith, 2014-08-12

Good health is something we all aspire to but it's so much more than just being free of disease. A perfectly functioning body, tranquil mind and vibrant spirit working together harmoniously create the joy and happiness that put the good in good health and the worth into a life worth living. *Our Inner Ocean* describes ancient and new holistic modalities of practitioner-applied bodywork and revitalizing self-care practices. These illuminate our human potential and awaken our ability to attain and maintain perfect health and well-being. These modalities act as a springboard from which to dive into our inner ocean, the realm of wisdom within that is entered by making the body, breath and energy our allies. This mystical space of awareness, intuition, peace and love can become the resting place of the spirit, subtly working its magic on ourselves and others. Bodywork has long been recognized as a way to help people feel better physically but the magic of touch can also help us tap in to the wisdom of the body, discover the power of the energy that permeates it and evoke its innate healing ability. Self-care practices such as yoga, qi gong, breathwork and meditation help us become our own healers. When we pass through these portals into the inner ocean we can reduce stress and pain, release blockages, prevent and resolve dysfunctions and ignite our spiritual nature. And in doing so we make the world a better place.
