of George B. McClellan*

---

*Selected Correspondence  
1860 — 1865*

EDITED BY  
**STEPHEN W. SEARS**

# Selected Correspondence

**Charles Ives**

### **Selected Correspondence:**

*Annual Reports, Together with Selected Correspondence Relating to the Export Trade of the United States in the Live Stock and Meat Products, of Jeremiah M. Rusk, Secretary of Agriculture. 1889-1892* Jeremiah McLain Rusk, 1893

**Bouvard and Pécuchet. Selected correspondence** Gustave Flaubert, 1904      *Selected Correspondence of Charles Ives* Charles Ives, 2007-06-14 This authoritative volume of 453 letters written by and to composer Charles Ives 1874 1954 provides unparalleled insight into one of the most extraordinary and paradoxical careers in American music history The most comprehensive collection of Ives s correspondence in print this book opens a direct window on Ives s complex personality and his creative process Though Ives spent much of his career out of the mainstream of professional music making he corresponded with a surprisingly large group of musicians and critics including John J Becker Henry Bellamann Leonard Bernstein John Cage Aaron Copland Henry Cowell Ingolf Dahl Walter Damrosch Lehman Engel Clifton J Furness Lou Harrison Bernard Herrmann John Kirkpatrick Serge Koussevitzky John Lomax Francesco Malipiero Radiana Pazmor Paul Rosenfeld Carl Ruggles E Robert Schmitz Nicolas Slonimsky and Peter Yates      *The Complete Works of Gustave Flaubert: Bouvard and Pécuchet. Selected correspondence* Gustave Flaubert, 1904      **Selected Correspondence (1861-1931)**

Ulrich von Wilamowitz-Moellendorff, 1983      Selected Correspondence Anne Louise Germaine de Staël, 2012-12-06 In her letters Mme de Staël provides a panoramic historical outlook of the European literary cultural and political scene between 1789 and 1817 i e the Revolution the Napoleonic era and the Restoration This edition as its French original includes rare contemporary illustrations never published before in this connection For this book there is no specific level of readership

*Selected Correspondence of Kenneth Patchen* Kenneth Patchen, 2012 LC copy in original illustrated dust jacket

*Selected Correspondence, 1924-1949* Eric Voegelin, 2009 This volume contains selected correspondence written by Eric Voegelin during the period 1924 to 1949 The Editorial Board of the Collected Works of Eric Voegelin agreed from the beginning that a representative number of Voegelin s letters should complete the edition in an attempt to provide the reader with insights into Voegelin s intellectual life and into the fundamental experiences that went into shaping the growth of his personality It was the board s aim to select material in accordance with the guidelines that Voegelin himself laid down as fundamental to a hermeneutical understanding of spiritual reality Voegelin wrote that in studying a thinker one must try to elucidate the biographical radices of philosophizing He said that one must penetrate to the experiences that impel him toward reflection and do so because they have excited consciousness to the awe of existence Voegelin made these remarks on the occasion of conducting anamnestic experiments which reveal the motivational center of his own life At the core of Voegelin s concept of political science is a noetic interpretation of man society and history that confronts the conception of order prevalent in the surrounding society with the criteria of the critical knowledge of order From the 1930s onward Voegelin labored to find a satisfactory self reflexive explication of the principles of a contemplative understanding of human

reality one grounded in the spiritual experience of reason Naturally it is the published word that determines a thinker s scholarly stature But Voegelin s letters also grant insight into the development of his thought document the author s struggle with himself the telos of his scholarship and reveal an often involuntary conflict with his life world These letters shed light on an ongoing and open ended thought process from which a multifaceted sometimes apparently contradictory work emerged Because of the enormous number of letters that Voegelin wrote in his later years now published in the second volume of the Selected Correspondence Volume 30 of the Collected Works the editors agreed that these books would contain only letters from Eric Voegelin While such a selection of letters cannot provide the completeness that the publication of both dialogue partners would provide nevertheless they reveal Voegelin s ongoing reflection on human affairs They reveal patterns of thought and their development in the atmosphere of intimate communication that personal and intellectual elective affinities produce and they also disclose the silences that accompany such discourse This volume is certain to interest all readers concerned with political theory and with better understanding of Voegelin s intellectual pilgrimage from his earliest academic years to his emergence as one of the most significant philosophers of our time

**Official Gazette of the United States Patent and Trademark Office** ,1979 *Natural Science and the Origins of the British Empire* Sarah

Irving,2015-09-30 Represents a history of the British Empire that takes account of the sense of empire as intellectual as well as geographic dominion the historiography of the British Empire with its preoccupation of empire as geographically unchallenged sovereignty overlooks the idea of empire as intellectual dominion

Stravinsky in the Americas H. Colin Slim,2019-03-05 Stravinsky in the Americas explores the pre Craft period of Igor Stravinsky s life from when he first landed on American shores in 1925 to the end of World War II in 1945 Through a rich archival trove of ephemera correspondence photographs and other documents eminent musicologist H Colin Slim examines the twenty year period that began with Stravinsky as a radical European art music composer and ended with him as a popular figure in American culture This collection traces Stravinsky s rise to fame catapulted in large part by his collaborations with Hollywood and Disney and marked by his extra marital affairs his grappling with feelings of anti Semitism and his encounters with contemporary musicians as the music industry was emerging and taking shape in midcentury America Slim s lively narrative records the composer s larger than life persona through a close look at his transatlantic tours and domestic excursions where Stravinsky s personal and professional life collided in often dramatic ways

**Friedrich Engels** W. O. Henderson,2013-11-05 First published in 1976 The year 1970 saw the 150th anniversary of the birth of Friedrich Engels who was Karl Marx s most intimate friend and collaborator Today the disciples of Marx and Engels are numbered in millions and the way of life of great states is based upon their doctrines An understanding of the career and work of Friedrich Engels is essential to an appreciation of the origin and development of the Marxist form of socialism in the nineteenth century This is the first volume in a set of two

**The Cambridge Companion to Stravinsky** Jonathan Cross,2003-07-24 Stravinsky s work spanned the

major part of the twentieth century and engaged with nearly all its principal compositional developments This Companion reflects the breadth of Stravinsky's achievement and influence in essays by leading international scholars on a wide range of topics It is divided into three parts dealing with the contexts within which Stravinsky worked Russian modernist and compositional with his key compositions Russian neoclassical and serial and with the reception of his ideas through performance analysis and criticism The volume concludes with an interview with the leading Dutch composer Louis Andriessen and a major re-evaluation of Stravinsky and *Us* by Richard Taruskin

**Unspeakable** Rachel Hope Cleves, 2020-12-08 The sexual exploitation of children by adults has a long fraught history Yet how cultures have reacted to it is shaped by a range of forces beliefs and norms like any other social phenomenon Changes in how Anglo American culture has understood intergenerational sex can be seen with startling clarity in the life of British writer Norman Douglas 1868-1952 who was a beloved and popular author a friend of luminaries like Graham Greene Aldous Huxley and D H Lawrence and an unrepentant and uncloseted pederast Rachel Hope Cleves's careful study opens a window onto the social history of intergenerational sex in the nineteenth and twentieth centuries revealing how charisma celebrity and contemporary standards protected Douglas from punishment until they didn't *Unspeakable* approaches Douglas as neither monster nor literary hero but as a man who participated in an exploitative sexual subculture that was tolerated in ways we may find hard to understand Using letters diaries memoirs police records novels and photographs including sources by the children Douglas encountered Cleves identifies the cultural practices that structured pedophilic behaviors in England Italy and other places Douglas favored Her book delineates how approaches to adult child sex have changed over time and offers insight into how society can confront similar scandals today celebrity and otherwise

*Communism and Gita* Himmat Singh Sinha, 1979

**Planning War, Pursuing Peace** Paul A. C. Koistinen, 1998-06-19 In the years following World War I America's armed services industry and government took lessons from that conflict to enhance the country's ability to mobilize for war Paul Koistinen examines how today's military industrial state emerged during that period a time when the army and navy embraced their increasing reliance on industry and business accelerated its efforts to prepare the country for future wars *Planning War Pursuing Peace* is the third of an extraordinary five volume study on the political economy of American warfare It differs from preceding volumes by examining the planning and investigation of war mobilization rather than the actual harnessing of the economy for hostilities and it is also the first book to treat all phases of the political economy of wartime during those crucial interwar years Koistinen first describes and analyzes the War and Navy Departments procurement and economic mobilization planning never before examined in its entirety and conveys the enormity of the task faced by the military in establishing ties with many sectors of the economy He tells how the War Department created commodity committees to carry on the work of World War I's War Industries Board and how both military and industrial powers strove to protect their mutual interests against those seeking to avoid war and to reform society Koistinen then describes the

American public's struggle to come to terms with modern warfare through the in depth explorations of the work of the House Select Committee on Expenditures in the War Department the War Policies Commission and the Senate Special Committee Investigating the Munitions Industry He tells how these investigations alarmed pacifists isolationists and neo Jeffersonians and how they led Senator Gerald Nye and others to warn against the creation of unhealthy alliances between the armed services and industry Planning War Pursuing Peace clearly shows how the U S economy was both directly and indirectly planned based on knowledge gained from World War I By revealing vital and previously unexplored links between America's World Wars it further illuminates the political economy of twentieth century warfare as a complex and continually evolving process

**Must Global Politics Constrain Democracy?** Alan Gilbert, 1999-09-05 As each power vies for its national interests on the world stage how do its own citizens democratic interests fare at home Alan Gilbert speaks to an issue at the heart of current international relations debate He contends that in spite of neo realists assumptions a vocal citizen democracy can and must have a role in global politics Further he shows that all the major versions of realism and neo realism if properly stated with a view of the national interest as a common good surprisingly lead to democracy His most striking example focuses on realist criticisms of the Vietnam War Democratic internationalism as Gilbert terms it is really the linking of citizens interests across national boundaries to overcome the antidemocratic actions of their own governments Realist misinterpretations have overlooked Thucydides theme about how a democracy corrupts itself through imperial expansion as well as Karl Marx's observations about the positive effects of democratic movements in one country on events in others Gilbert also explodes the democratic peace myth that democratic states do not wage war on one another He suggests instead policies to accord with the interests of ordinary citizens whose shared bond is a desire for peace Gilbert shows through such successes as recent treaties on land mines and policies to slow global warming that citizen movements can have salutary effects His theory of deliberative democracy proposes institutional changes that would give the voice of ordinary citizens a greater influence on the international actions of their own government

**Karl Marx and Friedrich Engels** Cecil Eubanks, 2015-04-17 The project to publish the works of Marx and Engels continues and this book published in 1984 puts together a comprehensive bibliography of their works either written in or translated into English including books monographs articles chapters and doctoral dissertations together with the works of their interpreters The inclusion of the secondary literature makes this a particularly valuable bibliography and contributes greatly to the understanding of the thought of Marx and Engels

*Kenneth Burke's Permanence and Change* Ann George, 2018-11-27 A guide to and analysis of a seminal book's key concepts and methodology Since its publication in 1935 Kenneth Burke's *Permanence and Change* a text that can serve as an introduction to all his theories has become a landmark of rhetorical theory Using new archival sources and contextualizing Burke in the past and present Ann George offers the first sustained exploration of this work and seeks to clarify the challenging book for both amateurs and scholars of rhetoric This companion to *Permanence and Change* explains

Burke's theories through analysis of key concepts and methodology demonstrating how for Burke all language and therefore all culture is persuasive by nature Positioning Burke's book as a pioneering volume of New Rhetoric George presents it as an argument against systemic violence positivism and moral relativism Permanence and Change has become the focus of much current rhetorical study but George introduces Burke's previously unavailable outlines and notes as well as four drafts of the volume to investigate his work more deeply than ever before Through further illumination of the book's development publication and reception George reveals Burke as a public intellectual and critical educator rather than the eccentric aloof genius earlier scholars imagined him to be George argues that Burke was not ahead of his time but rather deeply engaged with societal issues of the era She redefines Burke's mission as one of civic engagement to convey the ethics and rhetorical practices necessary to build communities interested in democracy and human welfare lessons that George argues are as needed today as they were in the 1930s
