**Service Industries** Peter Walters Daniels,1991      **Service Industries** Peter W. Daniels,1985-12-19 The first major synthesis of an emerging geography which is undoubtedly changing the way in which academics planners and policy makers identify and interpret the spatial development of cities and regions in the 1980s      *Service Industries* P. W. Daniels,1985

Service Industries P. W. Daniels,1985-12-19 First published in 1985 Routledge is an imprint of Taylor Francis an informa company      Service Industries and Asia Pacific Cities Peter W. Daniels,Kong Chong Ho,Thomas A. Hutton,Tom Hutton,2005-04 During the second half of the twentieth century development in the Asia Pacific region has been dominated by industrialization However at the beginning of the twenty first century services in particular finance information and creative services have become deeply embedded in the processes of urban growth In Asia Pacific the rise of service industries has lead to national modernization programmes and globalization strategies Services are also driving change in the internal form of city regions and are being actively deployed as instruments of metropolitan reconfiguration and land use changes These changes have created problems such as social polarization and the displacement of traditional industries and residential districts Also there are tensions between local and global processes in the development of service industries and between the imperatives of competitive advantage and sustainable development *Service Industries and Asia Pacific Cities* brings together a multi disciplinary team of experts to explore and illustrate the theoretical conceptual and practical issues arising from the transformation of Asia Pacific cities by service industries      **The Handbook of Service Industries** J. R. Bryson,P. W. Daniels,2007-01-01 It contains an impressive array of important and useful material that should be familiar to anyone interested in economic growth and change the potential value to be gained from these collected works is great James E Pratt Growth and Change Service activities are now acknowledged as key players in economic development societal change and public policy worldwide This exciting Handbook not only contributes to ongoing conceptual debates about the nature of service led economies and societies it also pushes back the frontiers of current critical thinking about the role of service activities in urban and regional development and the important research agendas that remain to be addressed Drawing on both theory and case studies the contributors are international experts who have written original and stimulating chapters from a number of different disciplinary perspectives Each chapter seeks to raise awareness of and to provoke debates about the opportunities and challenges presented by the shift to service employment Providing a truly interdisciplinary analysis The Handbook of Service Industries will be invaluable to scholars specializing in services research as well as students and researchers in the areas of economics geography business and management sociology public policy and planning The policy making community will also find the Handbook a relevant and useful resource      *China's White-Collar Wave* Changyun Jiang,Qun Lian Hong,Ling Qiu,2019-11-04 This book explores the move from manufacturing towards service industry jobs in China s economic development during the 12th Five Year Plan period The service industry now makes up the highest

proportion of the GDP and employs the largest number of people in China In the next Five Year Plan period it is necessary to actively push forward the strategic transformation by placing emphasis on the service industry to press ahead with system and mechanism reforms and policy innovations and cultivate diverse sustainable and continuous forces for driving its growth Efforts are made to upgrade the service industry to better achieve economic and social development in an innovative coordinated green open and shared way This book will be of interest to scholars researching China s future
