Where's the Wisdom in Service-Learning? Robert Shumer, 2017-04-01 The service learning field is 50 years old in the United States Much has been developed over that time in the fields of K 12 schooling higher education and community organizations People who have been involved in the movement have worked individually and collaboratively to include service learning as an effective pedagogy and program in educational settings They have created opportunities for students teachers faculty and community members to learn about academic content and personal commitment to serving others for social change and community impact In this book we hear from individuals who have been involved in the effort for more than 30 or 40 years about what they have learned from their experiences and what wisdom they can share with others who will be involved for the next several decades Their experience insight and understanding will hopefully help younger people to improve and expand on the movement and place service learning and community engagement as a regular part of American education Robert Shumer has been a stalwart of the service learning movement for decades He is a practitioner a researcher an experimenter This book gives valuable perspective for all of us going forward Paul Loeb Author of *Soul of a Citizen* At a moment when many are asking how higher education can better serve our democracy Robert Shumer's book reminds us that we still have much to learn from those who built the movement for community engagement through service learning As befits the field the chapters in this book derive wisdom from experience and in so doing give us insight and inspiration for identifying the way forward Andrew J Seligsohn President Campus Compact This book provides a strong

foundation for promoting discussions on how the service learning movement has evolved over the past 30 40 years Rob Shumer has pulled together several key leaders in the service learning movement to share their stories and experiences This book will be useful to a younger generation of service learning practitioners and faculty who will continue to build the field that these pioneers so generously cultivated Elaine K Ikeda Ph D Executive Director California Campus Compact

Service-Learning in Higher Education D. Butin, 2005-07-14 Advocates have positioned service learning as a real world real time opportunity for students to encounter academic knowledge in a meaningful and relevant manner Service learning in higher education settings offers a powerful alternative to traditional models of teaching and learning Students are encouraged to develop links to local institutions volunteer their time and create a special bond between the university and the community in which they live Service learning has become a very popular alternative to standard courses in higher education and is gaining significant popularity This book takes a serious look at the unintended consequences and alternative conceptualizations of this mode of learning and explores what it could offer us in the future **Service Learning** Sally Berman, 2015-05-26 Service learning offers students the unique opportunity to learn both in the classroom and in the real world This exciting teaching strategy detailed in Berman s second edition of *Service Learning* motivates students to learn content information processes and skills while making authentic connections to their surrounding community This valuable resource explains the benefits of service learning and provides a step by step guide for using the instructional model It features nine service learning projects that are broken down into basic intermediate and advanced levels Each project features Strategies for aligning service and curricular goals Tips for involving students in decision making Guidelines for managing different phases of the project Activities that foster reflection and self evaluation Tips for differentiating by tapping into multiple intelligences In this single resource teachers will find everything they need to successfully implement service learning projects helping students gain deeper understandings of content while positively impacting their communities

Learning With the Community Joseph Erickson, Jeffrey B. Anderson, 2023-07-03 This practical guide is intended for faculty and service learning directors combining the how to information and rigorous intellectual framework that teachers seek What distinguishes this volume is that the contributors are writing for their peers They discuss how service learning can be implemented within teacher education and what teacher education contributes to the pedagogy of service learning The book offers both theoretical background and practical pedagogical chapters which describe the design implementation and outcomes of teacher education service learning programs as well as annotated bibliographies program descriptions and course syllabi Learning Through Serving Christine Marie Cress, Peter John Collier, Vicki Lynn Reitenauer, 2005 A student friendly self directed guide to service learning Develops the skills needed to succeed Clearly links service learning to the learning goals of the course Combines self study and peer study workbook formats with activities that can be incorporated in class to give teachers maximum flexibility in structuring their service learning courses Promotes independent and

collaborative learning Equally suitable for courses of a few weeks or a few months duration Shows students how to assess progress and communicate end results Low priced the ideal companion to disciplinary course readings Methodology and activities extensively tested at Portland State University Written for students participating in service learning as a class but also suitable for students working individually on a project This book is intended as a self directed guide for college level students who are engaged in service learning Though addressed principally to students participating in service learning as a class it is also suitable for students working individually The authors goals are to enable the reader to derive the greatest benefit from the experience in terms of providing meaningful service to the community partner developing his or her skills and knowledge and connecting back what she or he learns to course objectives and the framework of their discipline Service learning requires students to take on new roles and to pursue learning in ways fundamentally different from traditional courses This book begins by setting the context explaining the differences between service and volunteerism and linking service learning to the larger issues of citizenship and democracy It then provides activities exercises and other resources to develop students skills of reflection teamwork and cultural competence and to help them plan work with community partners exercise leadership and manage change The authors provide a framework for students to assess their progress and communicate final results to all stakeholders By linking service learning to the learning goals of the student s course this workbook constitutes the ideal companion to disciplinary course readings It is equally suitable for courses of a few weeks or a few months duration The exercises can be undertaken by the students by themselves or together with their peers and can be incorporated as class activities by the teacher This succinct and conversationally written guide will engage and motivate your students while developing the skills to succeed in their service learning

Service Learning in Grades K-8 Kate Thomsen, 2005-09-16 The author examines the beneficial effects of service learning offers examples of curriculum based and community based projects and explains how to start a successful program

Service-learning Alan S. Waterman, 2014-03-18 Linking research and educational practice for the benefit of both is not a new idea If practice such as service learning is a bold departure from the status quo however research is not just beneficial it is critical If schools are to become laboratories of democracy and entrepreneurship and if students are to become engaged as partners in renewal of their communities a research case must be made for service learning Does learning take place Will other kinds of learning suffer What kinds of practice are most effective Clearly solid research is essential if this transforming way of teaching and learning is to be fully integrated into American schooling and youth development institutions The National Youth Leadership Council NYLC took a first step toward joining service learning practice with research in 1983 In 1991 NYLC created a center which initiated and encouraged program evaluation formative research that informs and improves practice and summative studies that measure results This volume grew out of a National Service Learning Conference an annual event convened by the NYLC A day long research seminar at the conference brought together researchers to discuss the latest developments among themselves and

with practitioners Impressive in their range and rigor their papers offer documentation and analysis useful to an emerging research knowledge base It is a starting point for the evidence needed to firmly establish service learning for K 12 age people as a widely accepted way of teaching and learning **Service-Learning and Social Justice** Susan Benigni

Cipolle,2010-03-15 Service Learning and Social Justice provides everything administrators and teachers need to build service learning programs that prepare students as engaged citizens committed to equity and justice Cipolle describes practical strategies for classroom teachers along with the theoretical framework so readers can deftly move beyond the book to a meaningful program for their schools Writing in a conversational style the author explains service learning s unlimited potential in terms of student empowerment and academic achievement and as tool in developing a student s a lifetime commitment to service and social justice This book s contribution to new knowledge and practice is three fold as it promotes a understanding of how individuals become committed to social justice b identification of how one s orientation to service learning and social justice changes as one develops a more critical consciousness and c practical strategies that teachers can use to support and guide students as they become more critically aware Practitioners will improve their service learning programs and have a framework for preparing students for their experiences as well as ideas for reflection activities Educators will gain a better understanding of the psychology and sociology of developing a commitment to service for social justice *Learning to Serve* Maureen E. Kenny,Lou Anna K. Simon,Karen Kiley-Brabeck,Richard M. Lerner,2001-12-31

Service learning as defined by the editors is the generation of knowledge that is of benefit to the community as a whole This seventh volume in the Outreach Scholarship book series contributes a unique discussion of how service learning functions as a critical cornerstone of outreach scholarship The sections and chapters of this book marshal evidence in support of the idea that undergraduate service learning infused throughout the curriculum and coupled with outreach scholarship is an integral means through which higher education can engage people and institutions of the communities of this nation in a manner that perpetuate civil society The editors through this series of models of service learning make a powerful argument for the necessity of engaged institutions Service-Learning to Advance Access & Success Travis T. York,Alan S. Tinkler,Barri E. Tinkler,2018-11-01 Throughout the 90s and early 2000s service learning research was intensely focused on the student outcomes That body of research has effectively brought service learning from the fringes into the mainstream of institutionalized pedagogies In the past decade service learning research has experienced an infusion of exploration in three distinct ways first large scale quantitative methodologies second a proliferation of research that has explored how different sub groups of students experience the pedagogy differently thusly resulting in variation among outcomes and third a focus on the experiences and outcomes associated for communities and community partners engaged in service learning In an effort to support these movements this volume of the Advances in Service Learning Research series Service Learning to Advance Access Success Bridging Institutional and Community Capacity focuses on how service learning can advance access and

success Not simply access and success of students but the ways that service learning can advance access and success for all through bridging institutional and community capacity building The chapters in this volume serve as a testament to the ways in which service learning research continue to be advanced by thoughtful scholar practitioners The 12 chapters included in this volume are organized into three sections The first section focuses on how institutional and community partnerships can be leveraged to build community capacity The second section focuses on how institutions might build their own capacity to effect change for the good of society The third and final section focuses on six studies exploring the relationship service learning pedagogy has with access and success for students Of the six studies three are situated within the context of teacher preparation programs
