State Commission of Prisons,1911 **Prison Admissions and Releases, 1983** Allen J. Beck,Thomas Hester,1986 Last Served? Cindy Patton,2005-07-12 Following a decade in which the focus on HIV and AIDS has been on specific social groups a shift in professional perceptions has resulted in a change in the images of women and HIV AIDS Last Served recognizes and analyzes the trend toward more openly acknowledging and planning for women in the pandemic Rather than enumerating the effects on women of confused or conflicting policies and representation the book details why and how this situation occurred The author suggests that new visibility of women cannot in itself quickly or easily change the underlying assumptions which made women simultaneously radiant figures of sexual purity and a magnet for blame during the pandemic s first decade Last Served makes clear how the different ways of posing and answering questions about women and HIV are grounded in already existing ways of thinking about gender and how these underlying preconceptions sometimes create situations whereby attempts to address the practical needs of women often result in reinforcement or introduction of new forms of male domination Combining detailed analysis with practical suggestions Last Served provides insights into the current debates about women and AIDS and suggests future directions for work to overcome discrimination faulty planning and misrepresentation *Prisoners' Self-help Litigation Manual* John Boston,Daniel E. Throughout history the powerful have created laws developed agencies to enforce those laws and established institutions to punish lawbreakers Maintaining the social order to their advantage resulted in the systematic repression of disadvantaged groups the dangerous classes The third edition retains a historical approach to exploring patterns of social control and through current examples demonstrates how those strategies continue today The authors trace the roots of race class and gender bias in how laws are written interpreted and applied The management of dangerous classes is not a recent phenomenon there is a long history of keeping those who derive the least advantage from the status quo and therefore pose the greatest threat under control There was and is one system of justice for the privileged and a very different system for the less privileged The criminal justice system from the law to daily operations of the police courts and corrections generally comes down hardest on those with the least amount of power and influence and is the most lenient with those with the most power and influence The book raises critical questions What is a crime What is law Whose interests are served by the law and the criminal justice system What patterns are repeated generation after generation How does the criminal justice system relate to larger issues such as social inequality social class race and gender Contemplation of these topics contributes to informed public dialogue and careful deliberation about the present state and the future of criminal justice Women's

Prison Gene Kassebaum, 2017-07-28 A thoroughly researched pioneering work based on personal interviews with inmates and prison personnel and on data compiled from questionnaires and inmate record files Women's Prison reveals that homosexual liaisons are the primary foundation of the social structure of female inmates shows that homosexual behavior can be a superficial kind of adjustment to particular situational privations amplifies and broadens the application of earlier findings on men's prisons opens the way for future studies involving the delineation of homosexual roles in the free community This study began with both of the authors interest in gathering data on women in prison to see whether there were female prisoner types consistent with the reported characteristics of male prisoners Early in the course of this study it became apparent that the most salient distinction to be made among the female inmates was between those who were and those who were not engaged in homosexual behavior in prison and further of those who were so involved between the incumbents of masculine and feminine roles It has become increasingly apparent that prison behavior is rooted in more than just the conditions of confinement Unlike their male counterparts who establish the so called inmate code women prisoners suffer intensely from the loss of affectional relationships and form homosexual liaisons as the primary foundation of their social organization The great majority of homosexually involved inmates have their first affair in prison returning to heterosexual roles outside prison Women's Prison is a revealing study of social structure and homosexuality for sociologists of vital interest to social workers parole officers and chaplains dealing with female inmates as well as penologists and criminologists and provocative reading for the non specialist The Northern Ireland Prison Service Great Britain: Parliament: House of Commons: Northern Ireland Affairs Committee, 2007-12-13 Northern Ireland Prison Service First report of session 2007-08 Vol 2 Oral and written Evidence **Nutrition in Public Health** Arlene Spark, Lauren M.
