Wolfgang Seibel, 2016-06-30 In 1942 two years after invading France the Germans implemented their policy of exterminating the Jews In contrast to Jews in many parts of German occupied Europe however the majority of Jews in France survived thanks to opposition to the Nazi extermination policy from Church dignitaries and the moral indignation of the average Frenchmen Seeking to maintain popular support the Vichy Regime bargained with the Germans over the substance and extent of its collaboration which the Germans needed in order to hold France Drawing on German and French sources Wolfgang Seibel traces the twisted process of political decision making that shaped the fate of the Jews in German occupied France during World War II By analyzing the German French negotiations he reveals the underlying logic as well as the actual course of the bargaining process as both the Vichy Regime and the Germans sought a stable relationship Yet that relationship was continually reshaped by the progress of the war Germany's deteriorating prospects France's economic and geopolitical position and the Vichy government's quest for domestic political support The Jews suffering intensified when the Germans had the upper hand but when the French felt empowered the Vichy Regime stopped collaborating in the completion of the final solution *Persecution and Rescue The Politics of the Final Solution in France 1940-1944* demonstrates the ways in which political circumstances can mitigate or foster mass crime      Dictionnaire classique universel français, historique, biographique, mythologique, géographique et étymologique ... *Seconde édition, revue et corrigée, etc* Théodore BÉNARD, 1861      *Hitler's Empire* Mark Mazower, 2013-03-07 The powerful disturbing history of Nazi Europe by Mark Mazower one of Britain's leading historians and bestselling author of *Dark Continent* and *Governing the World* Hitler's Empire charts the landscape of the Nazi imperial imagination from those economists who dreamed of turning Europe into a huge market for German business to Hitler's own plans for new transcontinental motorways passing over the ethnically cleansed Russian steppe and earnest internal SS discussions of political theory dictatorship and the rule of law Above all this chilling account shows what happened as these ideas met reality After their early battlefield triumphs the bankruptcy of the Nazis political vision for Europe became all too clear their allies bailed out their New Order collapsed in military failure and they left behind a continent corrupted by collaboration impoverished by looting and exploitation and grieving the victims of war and genocide About the author Mark Mazower is Ira D Wallach Professor of World Order Studies and Professor of History Professor of History at Columbia University He is the author of *Hitler's Greece The Experience of Occupation 1941-44* *Dark Continent Europe's Twentieth Century The Balkans A Short History* which won the Wolfson Prize for History *Salonica City of Ghosts* which won both the Duff Cooper Prize and the Runciman Award and *Governing the World The History of an Idea* He has also taught at Birkbeck College University of London Sussex University and Princeton He lives in New York
