Setting National Priorities Edward R. Fried, 1973 **Air University Review**, 1973 Policy Studies Journal Policy Studies Organization, 1977 **Toward a Planned Society** Otis L. Graham Jr., 1976-01-22 Graham here examines the beginnings and development of national growth policies and machinery in the United States from the New Deal to the Nixon administration *Setting National Priorities : the Next Ten Years* B. M. Blechman, h Owen (editor.), 1976 Contemporary Strategy John Baylis, Ken Booth, John Garnett, Phil Williams, 2021-01-26 This book first published in 1975 is a comprehensive examination of specialised strategic studies and deals with the theoretical and policy aspects of the topic It argues that military power is an intrinsic part of the international system with strategy being the means by which military power may be used to achieve political objectives Hence given the destructiveness of modern weapons it is the prime aim of the strategic doctrines of the major powers not to wage war but to use their military potential to further their interests by less catastrophic means However outside the Cold War superpower confrontation strategy exhibits many of its traditional aspects This book analyses both types of strategy variations *Hearings, Reports and Prints of the House Committee on Rules* United States. Congress. House. Committee on Rules, 1973 **The International Who's Who of Women 2002** Elizabeth Sleeman, 2001 Over 5 500 detailed biographies of the most eminent talented and distinguished women in the world today Social Service Budgets and Social Policy H. Glennerster, 2023-10-13 First published in 1975 Social Service Budgets and Social Policy compares the attempts by British and US federal governments to plan and control social service expenditure It concentrates on education health and social security spending and begins by discussing the contrasting theories of how resource allocation does and ought to work Then having compared the broad economic political and policy contexts within which social planners in the two countries have to work it scrutinises in particular their attempts at forward planning output budgeting and programme evaluation It argues for more explicit and informed decisions about priorities but as part of an open political process This book will be of interest to students of economics sociology and social policy **Social Policy, Social Ethics, and the Aging Society** Bernice L. Neugarten, Robert James Havighurst, 1976 The Federal Role in the Federal System: An agenda for American federalism: restoring confidence and competence, 1981 **Divided We Fall** Alice M. Rivlin, Sheri Rivlin, Allan Rivlin, 2022-10-04 Partisan warfare and gridlock in Washington threaten to squander America's opportunity to show the world that democracy can solve serious economic problems and ensure widely shared prosperity Instead of working together to meet the challenges ahead an aging work force exploding inequality climate change rising debt our elected leaders are sabotaging our economic future by blaming and demonizing each other in hopes of winning big in the next election They are weakening America's capacity for world leadership and the case for democracy here and abroad Alice M Rivlin with decades of experience in economic policy making argues that proven economic policies could lead to sustainable American prosperity and opportunity for all but crafting them requires the tough time consuming work of

consensus building and bipartisan negotiation In a divided country with shifting majorities major policies must have bipartisan buy in and broad public support Otherwise we will have either destabilizing swings in policy or total gridlock in the face of challenges looming at us Rivlin believes that Americans can and must save our hyper partisan politicians from themselves She makes the case that on many practical economic issues the public is far less divided than partisan politicians and sensationalist media would have us believe She draws attention to numerous hopeful efforts to bridge partisan and ideological divides in Washington in state capitols and city governments and communities around the country and advocates a major national effort to enable citizens and future leaders to learn and practice the art of listening to each other and working together to find common ground This book is a practical guide for Americans across the political spectrum who are agonizing over partisan warfare incivility and policy gridlock and looking for ways they can help to get our democratic policy process back on a constructive track before it is too late The Federal Role in the Federal System United States. Advisory Commission on Intergovernmental Relations,1981 **The Federal Government And Urban Problems** M. Carter Mcfarland,2019-07-11 This book discusses the programs and performance of the Department of Housing and Urban Development HUD It deals with the present and future of HUD and the cities it was designed to serve and evaluates HUD activities in economics and housing finance political science and urban planning **Congressional Record** United States. Congress,1976 *Monthly Labor Review* United States. Bureau of Labor Statistics,1976 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews **Federal Register** ,1975 Hearings, Reports and Prints of the Joint Economic Committee United States. Congress. Joint Economic Committee,1975 **Nominations of Laura S. Unger, Paul R. Carey, Dennis Dollar, Edward M. Gramlich, Roger W. Ferguson, Jr., and Ellen Seidman** United States. Congress. Senate.
