**Engagement (Settling Accounts, Book One)** Harry Turtledove,2005-06-28 Harry Turtledove handles his huge cast with admirable skill The insights into racial politics elevate this novel to a status above mere entertainment although it provides that aplenty Publishers Weekly It s 1941 and an alliance of peace holds in check the most powerful nations of the world but it is an uneasy peace Japan dominates the Pacific the Russian tsar rules Alaska and England under Winston Churchill chafes for a return to its former glory Behind this fa ade of world order America is a bomb waiting to explode Jake Featherston the megalomaniacal leader of the Confederate States of America is just the man to light the fuse Opposite him is Al Smith a Socialist U S president in the Philadelphia White House Smith is a living symbol of hope for a nation that has been through the hell of war and depression Featherston and his Freedom Party are determined to conquer their Northern neighbor at any cost After crushing a Negro rebellion in his own nation Featherston sends Confederate army planes to attack Philadelphia In the aftermath of the CSA blitzkrieg the war machine spins a vortex of destruction betrayal and fury that no one not even Jake Featherston himself can control Turtledove plays heady games with actual history scattering object lessons and bitter ironies along the way Return Engagement features strong complex characters against a sweeping alt historical background Kirkus Reviews Another absorbing installment of Turtledove s character centered alternate history saga Booklist *Return Engagement* Harry Turtledove,2004 Videssos Cycle: Volume One Harry Turtledove,2013-04-02 Experience one of the most beloved series in fantasy as could only be imagined by the standard bearer for alternate history USA Today Harry Turtledove s many New York Times bestsellers provide an intriguing take on history s most crucial moments but he honed his

speculative talents in a different genre fantasy The Videssos Cycle is the perfect fusion of the two Collected here are the first two novels of Turtledove s one of a kind saga in which a Roman legion is transported to a strange realm where magic rules THE MISPLACED LEGION In a duel for survival the Roman military tribune Marcus Aemilius Scaurus raises his sword blessed by a Druid priest against a Celtic chieftain who brandishes a blade of his own At the moment the weapons touch Marcus and his legion find themselves under a strange night sky full of unfamiliar stars where Rome and Gaul are unknown They are in an outpost of the embattled Empire of Videssos a world that will test their skill and courage as no soldiers have ever been tested before AN EMPEROR FOR THE LEGION In the capital of Videssos a coward and betrayer has seized the throne There behind great walls that have always made the city impregnable to storm or siege he rules with the aid of dark sorcery Overthrowing him seems impossible and the imperial army has already fled in panic from the savage victors But there is no panic in the legion Now Marcus Scaurus leads his men through the chaos and enemy hordes in search of winter quarters to regroup and do the unthinkable take the untakeable city *The Big Switch (The War That Came Early, Book Three)* Harry Turtledove,2012-06-26 In 1941 Winston Churchill was Hitler s worst enemy Then a Nazi secret agent changed everything What if Neville Chamberlain instead of appeasing Hitler had stood up to him in 1938 Enraged Hitler reacts by lashing out at the West promising his soldiers that they will reach Paris by the new year Instead three years pass and with his genocidal apparatus not fully in place Hitler barely survives a coup while Jews cling to survival and England and France wonder whether the war is still worthwhile The stage is set for World War II to unfold far differently from the history we know courtesy of Harry Turtledove wizard of what if in the continuation of his thrilling series The War That Came Early Through the eyes of characters ranging from a brawling American serving with the Abraham Lincoln Brigade in Spain to a woman who has seen Hitler s evil face to face The Big Switch rolls relentlessly forward into 1941 As the Germans and their Polish allies slam into the gut of the Soviet Union in the west Japan pummels away in the east Meanwhile in the trenches of France French and Czech forces are outmanned but not outfought by their Nazi enemy Then the stalemate is shattered In England Winston Churchill dies suddenly leaving the gray men wondering who their real enemy is And as the USSR makes peace with Japan the empire of the Rising Sun looks westward its war with America about to begin Two Fronts Harry Turtledove,2013 As the Spanish civil war drags on and the United States fights Japan in the Pacific Nazi Germany fights Russia in Eastern Europe as new nationalist powers arise West and East (The War That Came Early, Book Two) Harry Turtledove,2011-05-24 What if British prime minister Neville Chamberlain had defied Hitler What if the Munich Accord had gone unsigned and Nazi Germany had launched its bid for conquest sooner How would World War II have unfolded and with what consequences Dean of alternate history Harry Turtledove has the stunning answers in his breathtaking sequel to Hitler s War In the wake of Hitler s bold invasion of Czechoslovakia nations turn against nations old enemies form new alliances and ordinary men and women confront extraordinary life and death situations An American marine falls in love with a

Russian dancer in Japanese held Singapore as Chinese guerilla resistance erupts A sniper on the frontlines of France finds a powerful new way to ply his deadly art while a German assassin hunts him In the icy North Atlantic as a U boat with a secret weapon wreaks havoc on British ships occupying Nazi forces target Denmark And in Germany a stranded American woman encounters Hitler himself as a Jewish family faces the rising tide of hatred From Siberia to Spain armies clash sides are chosen new weapons raise the deadly ante and new strategies seek to break a growing stalemate But one question hangs over the conflict from West to East What will it take to bring America into this war

**The Man with the Iron Heart** Harry Turtledove,2009-07-28 What if V E Day hadn t ended World War II in Europe What if instead the Allies had to face a potent even fanatical postwar Nazi resistance Such a movement based in the fabled Alpine Redoubt was in fact a real threat ultimately neutralized by Germany s flagging resources and squabbling officials But had SS Obergruppenf hrer Reinhard Heydrich the notorious Man with the Iron Heart not been assassinated in 1942 fate might have taken a different turn In this imagined world Nazi forces launch a guerrilla war using the quick and dirty tactics of terrorism to overturn what seemed to be a decisive victory Suddenly the Allies especially the United States are mired in a long seemingly unwinnable conflict while battling an invisible unrelenting enemy

**The Tale of Krispos** Harry Turtledove,2007-10-30 The dazzling story of a boy who rises from poverty and hardship to become the greatest leader his world has ever known KRISPOS RISING Born a ragged peasant Krispos lives on the family farm until crushing taxes drove him from the land he calls home With only a single gold piece to his name a gift from a nomad chieftain who claimed it carried magic Krispos heads for the imperial capital Videssos and into a world of peril and possibility KRISPOS OF VIDESSOS Krispos reign as emperor of Videssos shows every sign of being brief and very bloody for trouble is brewing Civil war has erupted and as rebel troops take the field against the untried emperor outland raiders are sweeping down from the northlands in a tide of carnage How long can Krispos hope to keep head and crown together KRISPOS THE EMPEROR A strange heresy has taken root in the land and soon dissent flares into open revolt as Krispos faces his greatest challenge To save his empire from tearing itself apart he wages an evermore desperate war against an implacable foe setting brother against brother and father against son

**Bombs Away** Harry Turtledove,2016-06-28 In his acclaimed novels of alternate history Harry Turtledove has scrutinized the twisted soul of the twentieth century from the forces that set World War I in motion to the rise of fascism in the decades that followed Now this masterly storyteller turns his eyes to the aftermath of World War II and asks In an era of nuclear posturing what if the Cold War had suddenly turned hot Bombs Away begins with President Harry Truman in desperate consultation with General Douglas MacArthur whose control of the ground war in Korea has slipped disastrously away MacArthur recognizes a stark reality The U S military has been cut to the bone after victory over the Nazis while China and the USSR have built up their forces The only way to stop the Communist surge into the Korean Peninsula and save thousands of American lives is through a nuclear attack MacArthur advocates a strike on Chinese targets in Manchuria In actual history Truman rejected his general

s advice here he does not The miscalculation turns into a disaster when Truman fails to foresee Russia's reaction Almost instantly Stalin strikes U S allies in Europe and Great Britain As the shock waves settle the two superpowers are caught in a horrifying face off Will they attack each other directly with nuclear weapons What countries will be caught in between The fateful global drama plays out through the experiences of ordinary people from a British barmaid to a Ukrainian war veteran to a desperate American soldier alone behind enemy lines in Korea For them as well as Truman Mao and Stalin the whole world has become a battleground Strategic strikes lead to massive movements of ground troops Cities are destroyed economies ravaged And on a planet under siege the sounds and sights of nuclear bombs become a grim harbinger of a new reality the struggle to survive man's greatest madness Praise for Bombs Away A fascinating and compelling story of real people caught in forces beyond their control Harry Turtledove is the unrivaled monarch of alternate history Analog Turtledove is an undisputed centerpiece of the alternate history genre and now to his already grand display he's adding the ambitious tale of a WWII that could have happened Booklist This is Turtledove at his best SFRevu Alternate world warrior extraordinaire Turtledove delivers the opening barrage of a new speculative conflict Kirkus Reviews **Misplaced Legion** Harry Turtledove, 2011-03-09 As they faced one another in a duel of survival the Roman tribune Marcus Scaurus held the spell scribed sword of a Druid priest and the Celtic chieftain Viridovix held a similar sword bespelled by a rival Druid sorcerer At the moment they touched the two found themselves under a strange night sky where no stars were familiar and where Gaul and Rome were unknown They were in an outpost of the embattled Empire of Videssos in a world where magic and dark sorcery would test their skill and courage as no Roman legion had ever been tested before From the Paperback edition Last Orders (The War That Came Early, Book Six) Harry Turtledove, 2014-07-15 History is changed by one small act In an extraordinary saga of nations locked in war master storyteller Harry Turtledove examines a very different World War II one which erupts eleven months earlier and over Czechoslovakia rather than Poland Now comes the final installment in this landmark series Hitler's Plan A was to win in a hurry striking hard and deep into France There was no Plan B Now the war grinds on Countries have been forced into strange alliances The Nazis fortify thin lines with Hungarian and Romanian troops England finding its footing after the suspicious death of Winston Churchill and a coup d'etat fights back in Europe and on the seas of the North Atlantic Jews fight on both sides of the war in secret in German uniform openly in Spain France and Russia Into the standoff come new killing tools from tanks to bazookas In the Pacific Japan prepares bombs filled with macabre biological concoctions to be dropped on Hawaii For the U S the only enemy is Japan as there has been no casus belli for America in Europe Then Hitler becomes desperate and declares war on the United States But is it too late His own people are rising up in revolt The German military may have to put down the violence even perhaps bomb its own cities In this epic drama real men and women are shaped by the carnage and their individual acts in turn shape history Drawing on the gritty personal reality of war and on a cast of unforgettable characters Harry Turtledove has written an alternate history that

intrigues fascinates and astounds Praise for Last Orders From our perspective seventy years later we re accustomed to thinking of WWII s outcome as being inevitable Not so says Harry Turtledove Disdaining broad brush strokes Turtledove s focus on the characters serves to fill out the big picture with patient nitty gritty detail It s all quite plausible Armchair warriors will have much to ponder Kirkus Reviews Praise for Harry Turtledove If you like alternate histories you re going to like this series a lot The San Diego Union Tribune Turtledove is the standard bearer for alternate history USA Today Coup d Etat This is what alternative history is all about Historical Novel Society The Big Switch The Hugo Award winner continues to delight in exploring the world of what if Library Journal West and East There s plenty to satisfy fans of military strategy tactics and armaments Publishers Weekly Hitler s War Turtledove is always good but this return to World War II is genuinely brilliant The characterizations in particular bring the book to extraordinary life Booklist [Fallout](#) Harry Turtledove,2016 One poor decision One moment of rage And the Cold War turns hot Even as Joe McCarthy rises in power President Truman is focused elsewhere planning to cut off the head of the Soviet threat by taking out Stalin It s a daring gambit but the Soviets have one of their own Meanwhile Europe s weak sisters France and Italy seem poised to choose the winning side while China threatens to overrun Korea And as always the chronicle of war becomes a story of human struggle **Hitler's War** Harry Turtledove,2009-08-04 A stroke of the pen and history is changed In 1938 British prime minister Neville Chamberlain determined to avoid war signed the Munich Accord ceding part of Czechoslovakia to Hitler But the following spring Hitler snatched the rest of that country and England after a fatal act of appeasement was fighting a war for which it was not prepared Now in this thrilling alternate history another scenario is played out What if Chamberlain had not signed the accord In this action packed chronicle of the war that might have been Harry Turtledove uses dozens of points of view to tell the story from American marines serving in Japanese occupied China and ragtag volunteers fighting in the Abraham Lincoln Battalion in Spain to an American woman desperately trying to escape Nazi occupied territory and witnessing the war from within the belly of the beast A tale of powerful leaders and ordinary people at once brilliantly imaginative and hugely entertaining Hitler s War captures the beginning of a very different World War II with a very different fate for our world today **BONUS** This edition contains an excerpt from Harry Turtledove s The War that Came Early West and East

**Armistice** Harry Turtledove,2017-07-18 In the final book of the blistering trilogy The Hot War old hatreds and new chances for revenge are unleashed on an already devastated world as the Cold War becomes a roaring inferno In 1952 American cities lie in ruins President Harry Truman in office since 1945 presides over a makeshift government in Philadelphia suffering his own personal loss and fearing for the future of democracy In the wake of Hitler s reign Germany and America have become allies and Stalin s vise hold on power in the USSR persists Unwilling to trust the Soviet tyrant Truman launches a long planned nuclear strike on the city of Omsk killing Stalin and plunging the Red Army into leaderless destructive anarchy Meanwhile the Baltic states careen toward rebellion and Poland is seized by rebels bred on war In a

world awash with victims turned victors refugees and killers has Truman struck a blow for peace or fueled more chaos As these staggering events unfold the lives of men and women across battle lines ethnicities and religions play out around the globe In Los Angeles an extended Jewish family builds a future while the foul smell of a refugee camp in Santa Monica blows in on the ocean breeze In Korea a U S fighter struggles to bring his Korean interpreter stateside as a full American In Siberia two German women fight for their survival in a gulag and begin a strange harrowing journey home From the terrifying global chess match between superpowers to the strength of individual human conscience Armistice captures a world that s been split to its core by the violence only mankind can create Through the thunder of battle the clashes of armies and the whispers of lovers how humanity will be rebuilt and who will do it are the questions that resound in this marvelous work of imagination and history Praise for Armistice The story s focus remains on ordinary characters and how they cope with their particular circumstances Readers who savor the patient accumulation of detail around each scenario will by now be thoroughly addicted Kirkus Reviews The series is entertaining and explores life on the razor s edge SFRevu **Every Inch a King** Harry Turtledove,2007-02-27 Otto of Schlepsig is risking his neck as an acrobat in a third rate circus in the middle of nowhere when news arrives that the land of Shqiperi has invited Prince Halim Eddin to become its new king Otto doesn t know the prince from Adam but he does happen to look just like him a coincidence that inspires Otto with a mad plan to assume Halim s identity and rule in his stead True Shqiperi is an uncivilized backwater but even in uncivilized backwaters kings live better than acrobats Plus kingship in Shqiperi comes with a harem Rank as they say has its privileges With his friend Max a sword swallowing giant whose chronic cough makes every performance a potential tonsillectomy Otto embarks on a rollicking journey filled with feats of derring do wondrous magic and beautiful maidens well beautiful women And that s before he enters a royal world that is truly fantastical *Coup d'Etat (The War That Came Early, Book Four)* Harry Turtledove,2013-07-23 In 1941 a treaty between England and Germany unravels and so does a different World War II In Harry Turtledove s mesmerizing alternate history of World War II the choices of men and fate have changed history Now it is the winter of 1941 As the Germans with England and France on their side slam deep into Russia Stalin s terrible machine fights for its life But the agreements of world leaders do not touch the hearts of soldiers The war between Germany and Russia is rocked by men with the courage to aim their guns in a new direction England is the first to be shaken Following the suspicious death of Winston Churchill with his staunch anti Nazi views a small cabal begins to imagine the unthinkable in a nation long famous for respecting the rule of law With civil liberties hanging by a thread a conspiracy forms against the powers that be What will this daring plan mean for the European war as a whole Meanwhile in America a woman who has met Hitler face to face urges her countrymen to wake up to his evil For the time being the United States is fighting only Japan and the war is not going as well as Washington would like Can Roosevelt keep his grip on the country s imagination Coup d Etat captures how war makes for the strangest of bedfellows A freethinking Frenchman fights side by side with racist

Nazis A Czech finds himself on the dusty front lines of the Spanish Civil War gunning for Germany's Nationalist allies A German bomber pilot courts a half Polish half Jewish beauty in Bialystock And the Jews in Germany though trapped under Hitler's fist are as yet protected by his fear of looking bad before the world and by an outspoken Catholic bishop With his spectacular command of character coincidence and military and political strategies Harry Turtledove continues a passionate unmatched saga of a World War II composed of different enemies different allies and hurtling toward a horrific moment For a diabolical new weapon is about to be unleashed not by the United States but by Japan in a tactic that will shock the world Praise for Coup d'Etat Turtledove's masterful presentation of an alternate WWII reaches its fourth volume with its quality undiminished A tribute to his commanding skills Booklist starred review For lovers of alternative history and particularly the very popular Turtledove with his appealing weaponry battle tactics and setting details this story will satisfy It sets out to entertain and that it does Historical Novels Review The book's grand scope and Turtledove's impressive historical knowledge are admirable Kirkus Reviews *Videssos Cycle: Volume Two* Harry Turtledove, 2013-04-16 The classic fantasy series from one of alternative history's stalwarts The New Yorker continues in the adventure of a lifetime Harry Turtledove's brilliant reimaginings of major world events have thrilled fans for decades but he first captured readers' attention with the Videssos Cycle a unique blend of fantasy and speculative history In this two book volume a Roman legion thrown into another world fights its way through sorcery intrigue and epic conflict THE LEGION OF VIDESSOS Since the legion was mysteriously transported to this magical realm Roman military tribune Marcus Aemilius Scaurus has valiantly served the rulers of the war torn city of Videssos However Fortune is a fickle goddess Returning in triumph after defeating a well entrenched army of rebel mercenaries Marcus is betrayed by a friend seized as a traitor and dragged before the Emperor Only one person may be able to save him the Emperor's niece But consorting with her could lead to exile or worse SWORDS OF THE LEGION As prisoner of the Emperor Marcus Scaurus is in a desperate situation He stands condemned for treason unless he can reclaim a rebel province from a fanatic usurper without the aid of his Romans Now with just one centurion by his side Marcus sets out to once again do the impossible Soon the fates conspire against the men driving them toward the torture chambers of an evil deathless wizard prince But an audacious last hope rallies behind them the soldiers of the legion are on the march **Alpha and Omega** Harry Turtledove, 2019-07-02 New York Times bestselling author Harry Turtledove reveals a new side of his potent imagination in a gripping speculative novel about the End of Days and a discovery in the Middle East that turns the world upside down What would happen if the ancient prophecy of the End of Days came true It is certainly the last thing Eric Katz a secular archaeologist from Los Angeles expects during what should be a routine dig in Jerusalem But perhaps higher forces have something else in mind when a sign presaging the rising of the Third Temple is located in America a dirty bomb is detonated in downtown Tel Aviv and events conspire to place a team of archaeologists in the tunnels deep under the Temple Mount There Eric is witness to a discovery of such monumental proportions that nothing will ever be the same again

Harry Turtledove is the master at portraying ordinary people caught up in extraordinary events and what is more extraordinary than the incontrovertible proof that there truly is a higher force controlling human destiny. But as to what that force desires well that is the question. *A World of Difference* Harry Turtledove, 2011-05-18. When the Viking lander on the planet Minerva was destroyed sending back one last photo of a strange alien being, scientists on Earth were flabbergasted. And so a joint investigation was launched by the United States and the Soviet Union, the first long distance manned space mission and a symbol of the new peace between the two great rivals. Humankind's first close encounter with extraterrestrials would be history in the making and the two teams were schooled in diplomacy as well as in science. But nothing prepared them for alien war, especially when the Americans and the Soviets found themselves on opposite sides. Praise for *A World of Difference*. A master storyteller. *Houston Chronicle*. Harry Turtledove has proved he can divert his readers to astonishing places he's developed a cult following over the years. I know I'd follow his imagination almost anywhere. *San Jose Mercury News*. Turtledove never tires of exploring the paths not taken, bringing to his storytelling a prodigious knowledge of his subject and a profound understanding of human sensibilities and motivations. *Library Journal*.
