Severn Valley Railway Michael A. Vanns, 2006 The book is an account of an English country railway during the golden age of steam *The Severn Valley Railway* Michael A. Vanns, 2017-06-30 The Severn Valley Railway has long been considered by many to be Britain's premier heritage railway That reputation was earned early thanks to the quality of locomotive and carriage restoration the careful refurbishment of stations and the standard of service offered to visitors As with all heritage railways it has had to adapt to changing expectations over the years whilst attempting to keep the original aims of railway preservation at the heart of everything it does This guide traces the history of the original Severn Valley Railway from the early plans of the 1840s through its days when operated by first the Great Western Railway and then British Railways The last chapter looks at the challenges and the achievements of the preservation era and the whole narrative should be of interest to anyone keen to know more of the story of a national treasure *Shropshire Railways* Geoff Cryer, 2014-03-31 An examination of four hundred years of railways in Shropshire from the primitive wagonways of the pre railway age to the county's current rail network and services Fully illustrated with almost two hundred monochrome and colour photos *Shropshire Railways* is an ideal resource for anyone with an interest in this county with its rich railway history and home to one of Britain's top heritage railways Including detailed route maps and a survey of timetables over the years the book covers the pre railway age and the coming of the main lines with the opening of the Shrewsbury and Chester railway in 1848 the grouping of the railway companies from 1923 the Great Western Railway GWR and London Midland and Scottish Railway LMS era in the county the British Railways period from 1948 1994 nationalization and modernization passenger and freight trains and locomotive sheds the minor lines the industrial railways and the heritage railways privatization and the current main line scene Illustrated with 205 colour and black white photographs and maps *Rails South West From Birmingham in the Late 20th Century, 1972-2000* Peter J Green, 2024-12-30 Towards the end of the twentieth century take a photographic journey along the railway lines to the southwest and south of Birmingham Starting at Birmingham's main stations New Street and Snow Hill in the centre of the city you can travel from the West Midlands through the urban industrial and rural landscapes of the counties of Gloucestershire Herefordshire Warwickshire and Worcestershire visiting the branch lines and the various heritage railways and railway centres along the way As well as the diesel locomotives and railcars that are illustrated in most of the photographs various steam hauled special trains are also included While the railway has gradually improved as a means of transport for the author it has become increasingly less interesting as it has been modernised Fortunately the spectacle of Peaks Class 50s and many other locomotives going about their daily business has been well recorded and many scenes are captured in these pages Much railway infrastructure still remained at this time and many older railway stations and mechanical signal boxes with their associated semaphore signalling are also featured adding to the interest of many of the photographs **Preserved Steam Britain's Heritage**
