Stearns,1999-04-01 In recent years Peter N Stearns has established himself as the foremost historian of American emotional life In books on anger jealousy coolness and body image he has mapped out the

basic terrain of the American psyche Now Stearns crowns his work of the past decade with this powerful volume in which he reveals the fundamental dichotomy at the heart of the national character a self indulgent hedonism and the famed American informality on the one hand and a deeply imbedded repressiveness on the other Whether hunting and gathering tribe or complex industrial civilization every social group is governed by explicit and implicit guidelines on how to behave But these definitions vary widely The Japanese worry less about public drunkenness than Americans Northern Europeans adhere to stricter standards than Americans when it comes to littering Today we swear more now and spit less discuss sex more and death less With an emphasis on sex culture and discipline of the body Stearns traces how particular anxieties take root and how they express inherent tension in contemporary standards and a stubborn nostalgia for the previous nineteenth century regime Battleground of Desire explodes common wisdom about Americans in the twentieth century as normless and tolerant emphasizing that most of us follow a litany of rules governing everything from adultery to bad breath *Sensual for Life*

 Foisy, 2020-03-06 Eryn and Dayvid meet as young kids As a teenager Eryn had to move away for over a year They meet up
 and little did they know that their First time together would result in a very special child **Mind the Inclusion Gap** Suzy
 Levy, 2023-05-11 Diversity programmes are everywhere But despite all the intention and focus progress is painfully slow
 Homophobia transphobia racism and misogyny remain stubbornly pervasive and unfortunately many inclusion programmes
 do more to create negativity toward the diversity agenda than they do to bring about measurable and lasting change Why isn
 t change happening more rapidly What are we doing wrong Or better yet what should we be doing differently if we want to
 drive different outcomes Although most of us are curious about diversity and some would go so far as to call ourselves allies
 very few of us are skilled in inclusion In the absence of knowing what to do we double down on being nice and hope that will

be enough Unfortunately this optimistic attitude may harm as much as help This book is for anyone who wants to dive into the complex task of supporting diversity and increasing inclusion It s filled with insight and practical know how It will help you navigate the polarised and divisive issues we face and move beyond just talking about diversity to playing an active role in shaping an inclusive future Understanding Men's Passages Gail Sheehy, 1999-05-04 Her stunning bestsellers Passages and New Passages brilliantly mapped the changes we live through from youth to maturity Now Gail Sheehy guides contemporary men through the turbulent challenges and surprising pleasures that begin at forty As a man crosses that threshold he is bound to ask midlife s most troubling question Now what Work anxieties concerns over sexual potency marital and family stress issues of power all take on new urgency as men contemplate the decades ahead But as Gail Sheehy reveals in this major new book midlife is precisely the period when men are most likely to reinvent themselves and become masters of their fate In Understanding Men s Passages Sheehy offers all men and the women in their lives an essential guide to self discovery Hundreds of bold imaginative men celebrities as well as everyday heroes share here their most intimate desires deepest fears and most fervent cravings for renewal Decade by decade Sheehy uncovers the real issues facing men today finding new passion and purpose to invigorate the second half of their lives dealing with menopause surviving job change enjoying post nesting zest defeating depression and learning what keeps a man young Informative and inspiring grounded in fact and full of fascinating life stories Understanding Men s Passages is a landmark that will take its place beside Gail Sheehy s epoch making Passages and New Passages
