Seven Years in Soviet Russia, with a Retrospect; Authorized Translation by Arthur Livingston Arthur
Livingston,Scheffer, Paul,1932 *The Soviet High Command: a Military-political History, 1918-1941* John
Erickson,2013-07-04 An objective and documentary history of the earliest origins and formative years of the Workers
Peasants Red Army from the Civil War to the initial disasters of the war with Germany the Great Patriotic War culminating in
the battle for Moscow in November December 1941 *The Soviet High Command* John Erickson,2001 The study makes
extensive use of Soviet military histories specialist military monographs Red Army regulations military manuals and
handbooks memoirs documentary collections on Soviet military organization and Army Party relations Unpublished captured
German military documents describe the secret Red Army Reichswehr collaboration Japanese Army records provide detailed
information on the Soviet military build up in the Far East **Hungry and Starving** James R. Gibson,2024-02-13 In the
wake of Vladimir Lenin s death in 1924 various protagonists grappled to become his successor but it was not until 1928 that
Joseph Stalin emerged as leader of the Russian Marxists Bolshevik wing Surrounded by an increasingly hostile capitalist
world Stalin reasoned that Soviet Russia had to industrialize in order to survive and prosper But domestic capital was scarce
so the country s minerals timber and grain were sold abroad for hard currency for funding the development of heavy industry
Claiming total control of agricultural management and production Stalin implemented the collectivization of farming
consolidating small peasant holdings into large collective farms and controlling their output The program was economically
successful but it came at a high social cost as the state encountered intense resistance and between 1928 and 1934
collectivization led to the deaths of at least ten million people from starvation and associated diseases **Hungry and Starving**
elicits the voices of both the culprits and the victims at the centre of this horrific process Through primary accounts of
collectivization as well as the eyewitness observations of ambassadors reporters tourists fellow travellers Russian emigr s
tsarist officials aristocrats scientists and technical specialists James Gibson engages the crucial notions and actors in the
academic discourse of the period He finds that the famine lasted longer than is commonly supposed that it took place on a
national rather than a regional scale and that while the famine was entirely man made the result of the ruthless manner in
which collectivization was executed and enforced it was neither deliberate nor ethnically motivated given that it was not in
the Soviet state s economic or political interest to engage in genocide Highlighting the experiences of life and death under
Stalin s ruthless regime **Hungry and Starving** offers a broader understanding of the Great Soviet Famine **Fekula Rare
and Special Collection Categories as of June 23, 1998** ,1998 *The Ruling Elite* Deanna Spingola,2014 Providing a
general overview of the accurate history of World War II which was essentially a continuation of World War I with the same

saber rattling participants The Ruling Elite describes the circumstances leading up to World War II Author Deanna Spingola discusses how the diaspora distributed international bankers living and prospering in Britain France and America influenced greedy compromised and complicit politicians in those nations The Ruling Elite explains that through deceptive propaganda those politicians persuaded naïve citizens to wage war against Germany a peace loving nation whose leaders were uncooperative with the bankers which led to World War I Following that war German officials rejected the bankers and their money lending scheme to save their nation and its citizens from the burden of debt The aftermath of World War II a deadly war that killed millions and imposed communism in numerous countries impacted every banker occupied country in various ways culturally morally politically and economically Researched through historical documents and scholarly works The Ruling Elite describes how warmongers regularly project their criminal activities onto others frequently blaming the victim whether an individual or a nation Spingola offers an unbiased look at World War II beginning with Hitler and the rebirth of Germany through the aftermath of the war

The White Rose of Stalingrad Bill Yenne, 2013-02-20 Bill Yenne brings to life the untold story of Lidiya Vladimirovna Russia's World War II flying ace who lit up the skies over Germany and Russia while flying 66 combat missions Of all the major air forces that were engaged in the war only the Red Air Force had units comprised specifically of women Initially the Red Air Force maintained an all male policy among its combat pilots However as the apparently invincible German juggernaut sliced through Soviet defenses the Red Air Force began to rethink its ban on women By October 1941 authorization was forthcoming for three ground attack regiments of women pilots Among these women Lidiya Vladimirovna Lilya Litvyak soon emerged as a rising star She shot down five German aircraft over the Stalingrad Front and thus become history's first female ace She scored 12 documented victories over German aircraft between September 1942 and July 1943 She also had many victories shared with other pilots bringing her possible total to around 20 The fact that she was a 21 year old woman ace was not lost on the hero hungry Soviet media and soon this colourful character whom the Germans dubbed The White Rose of Stalingrad became both folk heroine and martyr

The Industrialisation of Soviet Russia Volume 7: The Soviet Economy and the Approach of War, 1937-1939 R. W. Davies, Mark Harrison, Oleg Khlevniuk, Stephen G. Wheatcroft, 2018-07-11 This book concludes The Industrialisation of Soviet Russia an authoritative account of the Soviet Union's industrial transformation between 1929 and 1939 The volume before this one covered the good years in economic terms of 1934 to 1936 The present volume has a darker tone beginning from the Great Terror it ends with the Hitler Stalin pact and the outbreak of World War II in Europe During that time Soviet society was repeatedly mobilised against internal and external enemies and the economy provided one of the main arenas for the struggle This was expressed in waves of repression intensive rearmament the increased regimentation of the workforce and the widespread use of forced labour

Possession of the Library of the Faculty of Economics, the University of Tokyo Tōkyō Daigaku. Keizai Gakubu, 1962 The End of Social Inequality? David Lane, 2024-11-26 The End of Social Inequality 1982 examines class and social stratification under state socialism and in particular in the Soviet Union Its discussion ranges over such aspects as income and education differentials the rise of white collar occupations the position of women and ethnic groups and social mobility **Bulletin of the Public Affairs Information Service** Public Affairs Information Service, 1924 The Geopolitics of Culture John Van Oudenaren, 2024-06-15 Through the lens of James Billington and the institution he led as Librarian of Congress during a key period of US Russian relations The Geopolitics of Culture examines culture as a neglected area of US foreign policy Billington advised presidents and members of Congress and mobilized the resources of the Library of Congress to promote reform in Russia He believed that rather than preaching to the Russians the United States should expose the rising generation of Russian leaders to what was best in America and encourage them to rediscover positive elements in pre Bolshevik Russian culture The Geopolitics of Culture is the first book to chronicle Billington s influence on US engagement with Russia as it transitioned from communism to democracy under Gorbachev and Yeltsin and back to authoritarianism under Yeltsin and Putin Drawing on published and archival sources including recently released papers and interviews with current and retired Library of Congress staff members John Van Oudenaren casts new light on this era Billington s efforts led to a remarkable degree of cooperation between the Library of Congress and Russian cultural and political institutions Yet these efforts ultimately failed as Putin turned back toward authoritarianism The experience of the Library of Congress during this period nonetheless holds important lessons for today Billington believed that a transition to democracy in Russia was essential if the United States was to head off the geopolitical nightmare of a Eurasia dominated by an alliance of hostile authoritarian powers The geopolitics of culture thus remains a challenge for US foreign policy The Industrialisation of Soviet Russia 3: The Soviet Economy in Turmoil 1929-1930 R. W. Davies, 1989-05-05 In 1929 30 the spinal year of the first five year plan a vast investment programme began the transformation of the Soviet Union from a peasant country into a great industrial power This book the third part of The Industrialisation of Soviet Russia re examines the breakdown of the mixed economy In those days of heroism and enthusiasm hunger and repression crucial Soviet economic and political institutions were established and are only now being effectively challenged by Gorbachev s revolution While complementing the previous two volumes of this author s work the book is designed to be read independently It sheds new light on a dramatic moment in Soviet history and in the formation of the Soviet system *Russia* Gregory L. Freeze, 2009 The history of Russia from Kievan Rus to Vladimir Putin Russia A History cuts through the myths and mystery that have surrounded Russia from its earliest days with startling revelations from classified archives that until comparatively recently were not even known to exist A distinguished team of historians has stripped away the propaganda and preconceptions of the past to tell the definitive story of Russia from tenth century Kiev and Muscovy through empire and revolution to the fall of Communism and the new order of
