this book are the exact dates that Jesus of Nazareth lived in the flesh and performed his life and ministry upon the earth for
the redemption of mankind The dates are based on the dates of the Mosaic calendar of the Old Testament the time
prophecies of the Book of Daniel and the narrative of the New Testament which Jesus fulfilled during his life and ministry
This book *Jesus in Time* reveals the true and exact calendar dates of the life and ministry of Jesus Christ on our present day

the Mosaic calendar of the Old Testament Part II reveals the hidden meaning of the time prophecies of the Book of Daniel
Part III presents the exact dates of Jesus life and ministry Part IV bears witness to the restoration of the church of Jesus
Christ in the latter days The knowledge of the exact dates of Jesus life in the flesh simply serves to document his life in our

Association, 1881 **Origin and Transformation of the Ancient Israelite Festival Calendar** Jan A. Wagenaar, 2005 The
book focusses on the origin and transformation of the priestly festival calendar Since the epoch making work of Julius
Wellhausen at the end of the 19th century the differences between the various ancient Israelite festival calendars have often
been explained in terms of a gradual evolution which shows an increasing historicisation denaturalisation and ritualisation
The festivals were in Wellhausen's view gradually detached from agricultural conditions and celebrated more and more at
fixed points in the year This study tries to show that the changes in the priestly festival calendar reflect a conscious effort to
adapt the ancient Israelite festival calendar to the semi annual layout of the Babylonian festival year The ramifications of the
change only come to the fore after a careful study of the agricultural conditions of ancient Israel and Mesopotamia makes
clear that passover and the festival of unleavened bread were originally celebrated in the second month of the year The first

month of the year envisaged by the priestly festival calendar for the celebration of passover and the festival of unleavened bread in turn mirrors the date of one of the two semi annual Babylonian New Year festivals The two Babylonian New Year festivals were celebrated exactly six months apart at the vernal and autumnal equinoxes In order to adapt the ancient Israelite festival calendar to the Babylonian scheme with two New Year festivals a year the date of passover and the festival of unleavened bread had to be moved up by one month The consequences for the origin of passover the festival of unleavened bread the festival of weeks and the festival of huts are charted and the relations between the various ancient Israelite festival calendars are determined anew Northern Star Or Yorkshire Magazine ,1818
