Hitler's Croatian Ally Antonio J Muñoz, 2025-07-02 Explores the rise and struggle of the Independent State of Croatia during WWII's brutal Balkans conflict. On 6 April 1941 Nazi Germany along with Italy and Hungary invaded Yugoslavia after the overthrow of the Yugoslav regent Prince Paul. Hitler sought to secure the right flank for his upcoming invasion of the USSR and assist Mussolini who had failed to conquer Greece. The German attack was swift and by 17 April Yugoslavia capitulated, leading to the creation of the Independent State of Croatia (NDH). Ante Pavelić, leader of the fascist Ustaše organization, was installed as the head of Croatia. His government immediately began a brutal campaign of repression against non-Croatians, especially Serbs. This sparked rebellions with Serbian Chetnik bands and Croatian communists forming separate guerrilla movements. The Croatian state was soon overwhelmed by these insurrections. Italy further complicated matters by creating occupation zones within Croatia, supporting Chetnik bands and hampering Croatian military efforts. The Croatian Army, unable to fortify its territory due to Italian restrictions, was often attacked by Chetniks and forced to fight on two fronts. Despite these challenges, including inadequate armament and the constant interference of its allies, Croatia maintained a military force that continued to fight until the war's bitter end.

*The Axis Forces 13* Massimiliano Afiero, 2020-02-20 In this issue we start with an article dedicated to the use of the SS Prinz Eugen division during the Schwarz operation conducted on the Balkan front in May 1943. This is followed by the biography of Philipp Theiss, extracted from the new book by our Peter Mooney. We continue with the first part of the article dedicated to the recruitment of the Cossacks into the German armed forces and with the second part of the monumental work dedicated to the Krasnogorski brothers by our Mike Miller. Finally we close with an equally voluminous work on foreign nurses who served in the German Red Cross, a topic little treated by official historiography.

**German Ground Forces of World War II** William T. McCroden, Thomas E. Nutter, 2019-05-09 A groundbreaking and comprehensive order of battle for German ground troops in WWII from the invasion of Poland to the final defeat in Berlin. An indispensable reference work for Second World War scholars and enthusiasts. *German Ground Forces of World War II* captures the continuously changing character of Nazi ground forces throughout the conflict. For the first time readers can follow the career of every German division, corps, army and army group as the German armed forces shifted units to and from theaters of war. Organized by sections including Theater Commands, Army Groups, Armies and Corps Commands, it presents a detailed analysis of each corresponding order of battle for every German field formation above division. This innovative resource also describes the orders of battle of the myriad German and Axis satellite formations assigned to security commands throughout occupied Europe and the combat zones as well as those attached to fortress commands and to the commanders of German occupation forces across Europe. An accompanying narrative describes the career of each field formation and includes the background and experience of many of their most famous commanding officers.
