A Royal Waste of Time Marva J. Dawn, 1999 In this book Marva Dawn insists that churches need to engage in a serious process of community discernment concerning worship in order to employ the best tools and forms and she offers reflections to further the discussion Each part of A Royal Waste of Time begins with a sample Scripture based sermon since Dawn emphasizes that the church's worship must follow biblical guidelines and form a biblical people From publisher's description

Virtues of Renewal Jeffrey Bilbro, 2018-12-14 For over fifty years Wendell Berry has argued that our most pressing ecological and cultural need is a renewed formal intelligence a mode of thinking and acting that fosters the health of the earth and its beings Yet the present industrial economy prioritizes a technical self centered way of relating to the world that often demands and rewards busyness over thoughtful observation independence over relationships and replacing over repairing Such a system is both unsustainable and results in destructive far reaching consequences for our society and land In Virtues of Renewal Wendell Berry's Sustainable Forms Jeffrey Bilbro combines textual analysis and cultural criticism to explain how Berry's literary forms encourage readers to practice virtues of renewal While the written word alone cannot enact change Bilbro asserts that Berry's poetry essays and fiction can inspire people to

as Berry writes practice resurrection Bilbro examines the distinct yet symbiotic features of these three genres demonstrating the importance of the humanities in supporting tenable economies He uses Berry s pieces to suggest the need for more robust language for discussing conservation ecology and the natural and regenerative process of death Bilbro additionally translates Berry s literature to a wider audience putting him in conversation with philosophers and theologians such as Ivan Illich Willie Jennings Charles Taylor and Augustine The lessons that Berry and his work have to offer are not only for those interested in cultivating the land but also for those who cultivate their communities and live mindfully In short these lessons are pertinent to all who are willing to make an effort to live the examined life Such formative work is not dramatic or quick but it can foster the deep and lasting transformation necessary to develop a more sustainable culture and economy **Faith**

and Learning David S. Dockery, 2012 Two dozen Christian higher education professionals thoroughly explore the question of the faith s place on the university campus whether in administrative matters the broader academic world or in student life

Farmer poet essayist and environmental writer Wendell Berry is acclaimed for his ideas regarding the values inherent in an agricultural society Place community good work and simple pleasures are but a few of the values that form the bedrock of Berry s thought While the notion of reverence is central to Berry he is not widely known as a religious writer However the moral underpinnings of his work are rooted in Christian tradition articulating the tenet that faith and

stewardship of the land are not mutually exclusive In Wendell Berry and Religion editors Joel J Shuman and L Roger Owens probe the moral and spiritual implications of Berry s work Chief among them are the notions that the earth is God s provisional gift to mankind and that studying how we engage material creation reflects important truths This collection reveals deep thoughtful and provocative conversations within Berry s writings illuminating the theological inspirations inherent in his work

Priest, Prophet, Pilgrim Todd Edmondson, 2014-02-14 Priest Prophet Pilgrim Types and Distortions of Spiritual Vocation in the Fiction of Wendell Berry and Cormac McCarthy provides a reading of characters in the novels and short stories of two important contemporary American writers through the lens of spiritual theology Applying the work of Rowan Williams Nicholas Lash and others Edmondson constructs a theological framework that takes seriously the notion of Christian spirituality not as an invitation to flee from this world but rather as a way of life that seeks reconciliation and joy within this world encountering and embracing God s presence within everyday existence in the contexts of such realities as corporeality communities and the created order as a whole This framework is then applied to the fiction of two American authors Wendell Berry and Cormac McCarthy By comparing these writers the characters they create and the worldviews that shape their narratives Priest Prophet Pilgrim demonstrates in ways that can be applied to other works and other characters how the reading of fiction can inform the pursuit of the spiritual life

Becoming a Christian in Christendom Jason A. Mahn, 2016-11-01 How might one live the Christian faith within a culture that idealizes and privileges Christianity while also relativizing it rendering it redundant and innocuous Arguing for a reconceptualization of the theology of the cross and radical communal practices this book brings together two clusters of critics of Christian acculturation and accommodation 1 Lutherans such as Kierkegaard and Bonhoeffer who lift up radical discipleship against the propensity toward cheap grace and 2 various Anti Constantinians including neo monastic communities who resist the church s collusion with power politics symbolized by the conversion of Constantine in the early fourth century Drawing on these diverse resources author Jason Mahn explores some pervasive dangers of America s new Christendom its accommodation to an exploitative economy that cheapens the meaning of grace its endorsement of political liberalism within which the church becomes another special interest group its justification of war and other forms of necessary violence and its self defeating lip service to religious inclusivity Mahn provocatively imagines alternatives to conventional Christianity ones whereby the church embodies an alternative politic where it commits to cruciform non violence appreciates gifts by giving them away and knows its boundaries well enough to learn from those on the other side

A Sober Desire for History Sean R. Busick, 2005 Widely regarded as the antebellum South s foremost man of letters William Gilmore Simms 1806 1870 wrote novels and poetry that recently have enjoyed a remarkable resurgence of interest While scholars have previously considered Simms as primarily a poet editor and writer of fiction Sean R Busick contends that the author is more fully understood as a historian In this fresh look at Simms and his contributions Busick brings to light the lasting impact of the

South Carolinian s efforts to comprehend American history and to preserve important pieces of the historical record In *A Sober Desire for History* Busick argues that Simms made five significant contributions to American historiography Simms s achievements include his work as an archivist preserving a wealth of primary source materials that probably would not exist today if not for his efforts as a champion of accessible and well wrought historical writing and as an advocate for what he considered democratic history history that recognizes individuals rather than impersonal forces as the impetus for historical events Loyalists and women traditionally neglected in the telling of American history Finally although Busick shows that Simms published historical romances biographies and a state history he also made an important lasting contribution to the writing of American history through his support and encouragement of other historians Busick addresses among other topics Simms s ideas on the relationship between history and fiction his work as a biographer his writing of the text that would be used to teach history to generations of South Carolina schoolchildren and his controversial 1856 Northern lecture series on South Carolina s role in the American Revolution

Restoring the Vocation of a Christian College Brad Pardue, Andrew T. Bolger, 2022-05-19 *Restoring the Vocation of a Christian College* examines the vocation of a Christian institution of higher learning to faithfully educate students and how individual Christian teachers and scholars can participate in this process no matter their discipline It surveys and engages developments over the last few decades in Christian worldview studies Christian pedagogy character formation and vocational reflection Through individual essays by college administrators cocurricular staff and faculty from a wide range of disciplines it provides both thoughtful reflection and concrete application of these often abstract concepts to specific institutional settings and the actual classroom experience

Who Cares? David B Schwartz, 2019-05-20 A wonderfully engaging and accessible book *Who Cares* emphasizes finding humane responses to developmentally and physically disabled individuals that are community driven rather than solely reliant on problem solution oriented social service organizations David Schwartz examines the roles of both informal communities and sectarian communities for

The Church and the Crisis of Community Theresa F. Latini, 2011 Contemporary society is in crisis its structures broken and fragmented and its people overstimulated overstressed and thirsty for true communion with the sacred and with one another Yet although more than eighty five percent of congregations in the United States conduct small group ministry too many of these groups begin with no clear sense of purpose structure or spiritual focus and end by veering away from Christian tradition and unknowingly settling for shallow versions of popular Christianity In *The Church and the Crisis of Community* Theresa Latini lays out both a theoretical groundwork and a practical guideline for successful small group ministry Examining the latest sociological research and the real life practices of small groups in six congregations she shows how well developed groups those with mission statements leadership training and solid organizational structure can be a truly effective tool in the church s work of transforming broken and shallow forms of community into life giving life sustaining relationships with God and others

Preaching in Place Mark R. Rigg, 2022-06-29 Why is preaching so often bad Why is worship so often dull Why do Sunday mornings so often fail to help the folks in the pews live a faithful life from week to week And what can be done about it Many will tell us that there are easy and purchasable fixes More technology Less tradition Virtual worship Thinking big The land and the farm model for us a different path As Mark Rigg shows in this concise introduction to Wendell Berry the themes that have illuminated the Kentucky farmer's essays fiction and poetry for fifty years have a great deal to say to the church They offer an agrarian model of church where the focus is on the local the tangible and the communal Out of such a model emerges a new approach to preaching Both congregation members and preachers themselves will find themselves called to turn away from sermons that echo the promises of an individualistic consumer culture and to proclaim instead Jesus Christ in the midst of the local community

Aquinas's Eschatological Ethics and the Virtue of Temperance Matthew Levering, 2019-11-15 Matthew Levering offers a biblical and Thomistic portrait of the cardinal virtue of temperance and its allied virtues in dialogue with an ecumenical range of theologians and scholars In Aquinas's Eschatological Ethics and the Virtue of Temperance Levering argues that Catholic ethics make sense only in light of the biblical worldview that Jesus has inaugurated the kingdom of God by pouring out his spirit Jesus has made it possible for us to know and obey God's law for human flourishing as individuals and communities He has reoriented our lives toward the goal of beatific communion with him in charity which affects the exercise

of the moral virtues that pertain to human flourishing Without the context of the inaugurated kingdom Catholic ethics as traditionally conceived will seem like an effort to find a middle ground between legalistic rigorism and relativistic laxism which is especially the case with the virtue of temperance the focus of Levering's book After an opening chapter on the eschatological biblical character of Catholic ethics the ensuing chapters engage Aquinas's theology of temperance in the *Summa theologiae* which identifies and examines a number of virtues associated with temperance Levering demonstrates that the theology of temperance is profoundly biblical and that Aquinas's theology of temperance relies for its intelligibility upon Christ's inauguration of the kingdom of God as the graced fulfillment of our created nature The book develops new vistas for scholars and students interested in moral theology *From Isolation to Community* Myles Werntz, 2022-04-12 It is no secret that isolation is one of the key ailments of our age But less explored is the way the church as it is frequently practiced contributes to this isolation instead of offering an alternative With the help of Dietrich Bonhoeffer this book argues for a renewed vision of the church community as a theological therapy to cultural moral and sociological isolation It offers an account of how familiar church practices such as Scripture reading worship prayer and eating contribute to community formation in the body of Christ **Gratitude for the Wild** Nathaniel Van Yperen, 2019-06-17 Since the passage of the Wilderness Act of 1964 a hotly contested debate over the value of wilderness reveals cultural anxieties about an American society that has spurned limits *Gratitude for the Wild* explores how the wild known in wilderness raises our tolerance for mystery in the recognition of our limits and in the celebration of a God-loved world that exceeds our grasping The idea of wilderness introduces questions about the balance between utility and appreciation and between enjoyment and restraint Wilderness is a nexus of competing and contested accounts of responsibility In conversation with the work of Doug Peacock Terry Tempest Williams James Gustafson and Martin Luther King Jr Nathaniel Van Yperen offers an original argument for how wilderness can evoke a vision of a good life in which creaturely limits are accepted in gratitude even in the face of ambiguity and mystery Through the theme of gratitude the book refocuses attention on the role of affection and testimony in ecological ethics and Christian ethics *Dialogue* Linda Ellinor, Glenna Girard, 2023-03-11 Originally published in 1998 by John Wiley of listening of speaking and being deeply heard and respected building the trust that fosters people talking across positions and beliefs New portals can then open for seeing beyond the levels of thinking that created the problems in the first place *Dialogue* leads to new possibilities and hope for a vital future Linda Ellinor and Glenna Girard co-founders of The Dialogue Group collectively draw upon 50 years of experience in multiple contexts ranging from corporations education and government to personal and professional coaching While the strategies in this book are focused on business contexts they can help anyone to Develop trust building skills to speak about undiscussable issues that block creativity learning effectiveness and satisfaction Build strong and vital agreements that foster shared responsibility collaboration and accountability Open doors to new and innovative ways of thinking and problem solving See the roots of recurring problems
