misconceptions about the implementation of social policy particularly during the 1970s and 1980s Thane offers readers a comprehensive study of British social measures during the 20th and 21st centuries highlighting how and why poverty rates are rising once more and examining how the future of social policy could enact greater change Men and masculinities in modern Britain Matt Houlbrook, Katie Jones, Ben Mechen, 2024-01-16 Men and masculinities provides an engaging accessible and provocative introduction to histories of masculinity for all readers interested in contemporary gender politics The book offers a critical overview of ongoing historiographical debates and the historical making of men's lives and identities and ideas of masculinity between the 1890s and the present day In setting out a new agenda for the field it makes an ambitious argument for the importance of writing histories which are present centred and politically engaged This means that the book engages head on with ferocious debates about men's social position and the status of masculinity in contemporary public life In establishing a critical genealogy for the proliferation of this crisis talk it sets out new ways of understanding how men's lives and ideas of masculinity have changed over time while patriarchy and male power have persisted **Austerity**

Britain, 1945-1951 David Kynaston, 2010-12-01 As much as any country England bore the brunt of Germany's aggression in World War II and was ravaged in many ways at the war's end Celebrated historian David Kynaston has written an utterly original and compellingly readable account of the following six years during which the country rebuilt itself Kynaston's great genius is to chronicle the country's experience from bottom to top coursing through through the book therefore is an astonishing variety of ordinary contemporary voices eloquently and passionately evincing the country's remarkable spirit Judy Haines a Chingford housewife gamely endures the tribulations of rationing Mary King a retired schoolteacher in Birmingham observes how well fed the Queen looks during a royal visit Henry St John a persnickety civil servant in Bristol is oblivious to anyone's troubles but his own Together they present a portrait of an indomitable people and Kynaston skillfully links their stories to bigger events thought the country Their stories also jostle alongside those of more well known figures like celebrated journalist to be John Arlott making his first radio broadcast Glenda Jackson and Doris Lessing newly arrived from Africa and struck by the leveling poverty of post war Britain Kynaston deftly weaves into his story a sophisticated narrative of how the 1945 Labour government shaped the political economic and social landscape for the next three decades

Women in Twentieth-Century Europe Ann Allen, 2007-11-19 Women's lives changed more in the 20th century than in any previous century It was a period of transformation not only of the political realm but also the household family and workplace Ranging widely over Europe this fascinating account is one of the first comprehensive surveys of its kind

Lesbianism and the Criminal Law Caroline Derry, 2020-01-11 This book offers a comprehensive examination of the ways in which the criminal justice system of England and Wales has regulated and failed or refused to regulate lesbianism It identifies the overarching approach as one of silencing lesbianism has not only been ignored or regarded as unimaginable but was deliberately excluded from legal discourses A series of case studies ranging from 1746 to 2013 from parliamentary

debates to individual prosecutions shed light on the complex process of regulation through silencing They illuminate its evolution over three centuries and explore when and why it has been breached The answers Derry uncovers can be fully understood only in the context of surrounding social and legal developments which are also considered Lesbianism and the Criminal Law makes an important contribution to the growing bodies of literature on feminism sexuality and the law and the legal history of sexual offences

Family Britain, 1951-1957 David Kynaston, 2010-12-01 As in his highly acclaimed Austerity Britain David Kynaston invokes an astonishing array of vivid intimate and unselfconscious voices to drive his narrative of 1950s Britain The keen eyed Nella Last shops assiduously at Barrow Market as austerity and rationing gradually give way to relative abundance housewife Judy Haines relishing the detail of suburban life brings up her children in Chingford the self absorbed civil servant Henry St John perfects the art of grumbling These and many other voices give a rich unsentimental picture of everyday life in the 1950s Well known figures are encountered on the way such as Doris Lessing joining and later leaving the Communist Party John Arlott sticking up on Any Questions for the rights of homosexuals and Tiger s Roy of the Rovers making his goal scoring debut for Melchester All this is part of a colourful unfolding tapestry in which the great national events the Tories returning to power the death of George VI the Coronation of Queen Elizabeth the Suez Crisis jostle alongside everything that gave Britain in the 1950s its distinctive flavour Butlin s holiday camps Kenwood food mixers Hancock s Half Hour Ekco television sets Davy Crockett skiffle and teddy boys Deeply researched David Kynaston s Family Britain offers an unrivalled take on a largely cohesive ordered still very hierarchical society gratefully starting to move away from the painful hardships of the 1940s towards domestic ease and affluence

Family Men Laura King, 2015-01-15 Fathers are often neglected in histories of family life in Britain Family Men provides the first academic study of fathers and families in the period from the First World War to the end of the 1950s It takes a thematic approach examining different aspects of fatherhood from the duties it encompassed to the ways in which it related to men s identities The historical approach is socio cultural each chapter examines a wide range of historical source materials in order to analyse both cultural representations of fatherhood and related social norms as well as exploring the practices and experiences of individuals and families It uncovers the debates surrounding parenting and family life and tells the stories of men and their children While many historians have examined men s relationship to the home and family in histories of gender family life domestic spaces and class cultures more generally few have specifically examined fathers as crucial family members as historical actors and as emotional individuals The history of fatherhood is extremely significant to contemporary debate assumptions about fatherhood in the past are constantly used to support arguments about the state of fatherhood today and the need for change or otherwise in the future Laura King charts men s changing experiences of fatherhood suggesting that although the roles and responsibilities fulfilled by men did not shift rapidly their relationships position in the family and identities underwent significant change between the start of the First World War and the 1960s

Responsible

Pleasure Caroline Rusterholz,2024-05-02 This book offers a historical account of the public debates institutional monitoring and private experiences of youth sexuality in Britain between the 1960s to the 1990s It uses the Brook Advisory Centre a leading sexual health charity as a case study to explore the changing British landscape of sexual politics during this period

Reproduction by Design Angus McLaren,2012-02-01 Modernity in interwar Europe frequently took the form of a preoccupation with mechanizing the natural fears and fantasies revolved around the notion that the boundaries between people and machines were collapsing Reproduction in particular became a battleground for those debating the merits of the modern world That debate continues today and to understand the history of our anxieties about modernity we can have no better guide than Angus McLaren In *Reproduction by Design* McLaren draws on novels plays science fiction and films of the 1920s and 30s as well as the work of biologists psychiatrists and sexologists to reveal surprisingly early debates on many of the same questions that shape the conversation today homosexuality recreational sex contraception abortion euthanasia sex change operations and in vitro fertilization Here McLaren brings together the experience and perception of modernity with sexuality technology and ecological concerns into a cogent discussion of science s place in reproduction in British and American cultural history

Sexual Revolutions G. Hekma,A. Giami,2014-05-13 *Sexual Revolutions* explores the sexual revolution of the late twentieth century in several European countries and the USA by engaging with themes from sexual freedom and abortion to pornography and sexual variation This work discusses the involvement of youth feminism left liberalism arts science and religion in the process of sexual change

Britishness Since 1870 Paul Ward,2004 Thematically organized this book examines the forces that have contributed to a sense of Britishness and how this has been mediated by other identities such as class gender region ethnicity and the sense of belonging to the UK and Ireland

Sexual Citizenship and Social Change Darren Langdrige,2024 There has been enormous change in social and state acceptance regarding sex and sexualities over the last thirty years or so in the West with an apparent new acceptance and openness towards diverse sexual practices and sexualities Much of this change has come about through community claims for rights grounded in critical social theory and the language of citizenship While accepting that much of this critique has been valuable in advancing rights for sexual minorities *Sexual Citizenship and Social Change* raises the spectre that the mode of critique itself may now have become problematic To this end this book examines the use and abuse of critique in contemporary sexuality scholarship and associated activism and presents an argument that a new danger for contemporary sexual life emerges from an excess of critique This implicates a particular form of critique that is detached and unfettered set loose from the usual anchor of tradition What is most dangerous of all with this excess of unfettered critique is that it emerges from within minority sexual communities and their allies not from the usual conservative opposition to progressive change Even the most ostensibly well meaning critic and associated critique can become problematic when their arguments are detached from tradition So while recognising there is proven value in critique it has limits and we are arguably witness to

some sensible limits being breached While other authors focus their critical efforts on resistance to change and the limitations of tradition Sexual Citizenship and Social Change takes on critique itself Lives of Victorian Political Figures III.: Millicent Garrett Fawcett ,2008 *Reclaiming Adat* Gaik Cheng Khoo,2011-11-01 In the early 1990s the animist and Hindu traces in adat or Malay custom became contentious for resurgent Islam in Malaysia Reclaiming Adat focuses on the filmmakers intellectuals and writers who reclaimed adat to counter the homogenizing aspects of both Islamic discourse and globalization in this period They practised their project of recuperation with an emphasis on sexuality and a return to archaic forms such as magic and traditional healing Using close textual readings of literature and film Khoo Gaik Cheng reveals the tensions between gender modernity and nation Khoo weaves a wealth of cultural theory into a rare analysis of Malay cinema and the work of new Malaysian anglophone writers Reclaiming Adat makes an essential contribution to our knowledge of the complexities embedded in modern Malaysian culture politics and identity The book will be a useful source for students interested in postcolonial film and literature Asian culture and gender studies as well as the general reader keen to learn about contemporary Malaysia The Schooling of Girls in Britain and Ireland, 1800-1900 Jane McDermid,2012 This book compares the formal education of the majority of girls in Britain and Ireland in the nineteenth century Previous books about Britain invariably focus on England and such British studies tend not to include Ireland despite its incorporation into the Union in 1801 The Schooling of Girls in Britain and Ireland 1800 1900 presents a comparative synthesis of the schooling of working and middle class girls in the Victorian period with the emphasis on the interaction of gender social class religion and nationality across the UK It reveals similarities as well as differences between both the social classes and the constituent parts of the Union including strikingly similar concerns about whether working class girls could fulfill their domestic responsibilities What they had in common with middle class girls was that they were to be educated for the good of others This study shows how middle class women used educational reform to carve a public role for themselves on the basis of a domesticated life for their lower class sisters confirming that Victorian feminism was both empowering and constraining by reinforcing conventional gender stereotypes *Justice and Gender* Deborah L. RHODE,Deborah L Rhode,2009-06-30 This is the first book to provide a comprehensive investigation of gender and the law in the United States Deborah Rhode describes legal developments over the last two centuries against a background of historical and sociological changes in women s activities and attitudes toward these new developments She shows the way cultural perceptions of gender influence and in turn are influenced by legal constructions and what this complicated interaction implies about the possibility or impossibility of using law as a tool of social change Table of Contents Introduction Part One Historical Frameworks 1 Natural Rights and Natural Roles Domesticity as Destiny The Emergence of a Feminist Movement Nineteenth Century Legal Ideology Separate and Unequal 2 The Fragmentation of Feminism and the Legalization of Difference The Postsuffrage Women s Movement Separate Spheres and Legal Thought Part Two Equal Rights in Retrospect 3 Feminist Challenges and Legal Responses The

Sunday Schools est 1892 and Black Saturday Supplementary Schools est 1967 Analysing across time the author explores the ways in which these two very different schooling movements incorporated large numbers of women challenged class and race inequality and attempted to create spaces of emancipatory education independent to the state It argues that despite appearing to be on the margins of the public sphere these schools were important if contested and complex sites of political struggle *Unequal Britain* Pat Thane, 2010-04-19
