Sex In Question French Feminism:

Sex In Question Lisa Adkins, Diana Leonard, 2004-08-02 First published in 1996 Since the publication of Simone de Beauvoir's *The Second Sex* French feminist thought has informed and shaped the on going debates in the English speaking world This book introduces English speakers to the work of a major group of French feminists those de Beauvoir herself supported

Sex in Question Diana Leonard, Lisa Adkins, 1996 Twenty nine collected essays represent a critical history of Shakespeare's play as text and as theater beginning with Samuel Johnson in 1765 and ending with a review of the Royal Shakespeare Company production in 1991 The criticism centers on three aspects of the play the love friendship debate

Critical Theory Today Lois Tyson, 2012-09-10 Critical Theory Today is the essential introduction to contemporary critical theory It provides clear simple explanations and concrete examples of complex concepts making a wide variety of commonly used critical theories accessible to novices without sacrificing any theoretical rigor or thoroughness This new edition provides in depth coverage of the most common approaches to literary analysis today feminism psychoanalysis Marxism reader response theory new criticism structuralism and semiotics deconstruction new historicism cultural criticism lesbian gay queer theory African American criticism and postcolonial criticism The chapters provide an extended explanation of each theory using examples from everyday life popular culture and literary texts a list of specific questions critics who use that theory ask about literary texts an interpretation of F Scott Fitzgerald's *The Great Gatsby* through the lens of each theory a list of questions for further practice to guide readers in applying each theory to different literary works and a bibliography of primary and secondary works for further reading

French Feminist Theory Dani Cavallaro, 2004-03-01 French Feminist Theory offers an introduction to the key concepts and themes in French feminist thought both the materialist and the linguistic psychoanalytic traditions These are explored through the work of a wide range of theorists Simone de Beauvoir Chantal Chawaf Helene Cixous Catherine Clement Christine Delphy Marguerite Duras Colette Guillaumin Madeleine Gagnon Luce Irigaray Julia Kristeva Nicole Claude Mathieu Michele Montreley Monique Plaza Paola Tabet and Monique Wittig The book outlines the philosophical and political diversity of French feminism setting developments in the field in the particular cultural and social contexts in which they have emerged and unfolded

An Analysis of Michel Foucault's The History of Sexuality Rachele Dini, Chiara Briganti, 2017-07-12 Michel Foucault is famous as one of the 20th century's most innovative and wide ranging thinkers The qualities that made him one of the most read and influential theorists of the modern age find full expression in *History of Sexuality* the last project Foucault was able to complete before his death in 1984 Central to Foucault's appeal is the creativity of his thought Creative thinking takes many forms from redefining an issue in a novel way to making unexpected and illuminating connections Foucault's particular talent could perhaps best be described as turning questions inside out In the case of sexuality for instance his interpretation of the historical evidence led him to argue that the sexual categories that we are used to homosexual lesbian straight and so on are not natural but constructs that are products

of the ways in which power and knowledge interact in society Such categories Foucault continues actually serve to produce the desires they seek to name And their creation in turn is closely linked to the power that society exerts on those who belong to different sexual groups Foucault's ideas familiar now were so novel in their time that they proved highly challenging But to see the world through Foucault's thought is to see it in a profoundly different and illuminating way an example of creative thinking at its best

The Seduction of the Female Body Eva De Clercq,2013-02-18 Drawing on the ambiguous meaning of the notion of vulnerability the book offers an innovative approach to the topic of the female body in relation to women's rights going beyond the age old dichotomy of casting women as either passive victims or conscious agents

Diversity and Decolonization in French Studies Siham Bouamer,Loïc Bourdeau,2022-04-04 This edited volume presents new and original approaches to teaching the French foreign language curriculum reconceptualizing the French classroom through a more inclusive lens The volume engages with a broad range of scholars to facilitate an understanding of the process of French decolonization as well as its reverberations into the postcolonial era and a deeper engagement with the global interconnectedness of these processes Chapters in Part I revisit the concept of the francophonie decenter the field from metropolitan or hexagonal and white France and underline how current teaching materials reproduce epistemic and colonial violence Part II adopts an intersectional approach to address topics of gender inclusivity trans affirming teaching queer materials and ableism Finally Part III presents new ways to transform the discipline by affirming our commitment to social justice and making sure that our classrooms are representative of our students enriching diversity

French Feminists on Religion Morny Joy,Kathleen O'Grady,Judith L. Poxon,2002 French Feminists on Religion A Reader offers the first representative selection of important writings by French feminist thinkers on the topic of religion including the most influential and provocative texts on the subject from Luce Irigaray Julia Kristeva Hélène Cixous Monique Wittig and Catherine Clément Each thinker is introduced by a bibliographical preface while individual essays are preceded by an editorial commentary explaining the context and significance of each piece for the study of religion The collected texts cover a broad range of religious practices and discourses focusing primarily on Jewish and Christian concerns but including elements of ancient Goddess traditions Witchcraft Hinduism and Buddhism Critically examined themes include Jewish and Christian notions of sin defilement purity and redemption the relationship between subjectivity and divinity as conceived in the feminine the feminist re imaging of the Virgin Mary and of Catholic theologies of love the repression of the maternal in Judeo Christian culture Brought together for the first time in French Feminist on Religion A Reader these essays demonstrate the central importance of French feminism for the study of religion and at the same time make evident the significance of religious themes figures and concepts to the world of French feminists

The Oxford Handbook of the Study of Religion Michael Stausberg,Steven Engler,2016-10-27 The Oxford Handbook of the Study of Religion provides a comprehensive overview of the academic study of religion Written by an international team of leading scholars its fifty one

chapters are divided thematically into seven sections The first section addresses five major conceptual aspects of research on religion Part two surveys eleven main frameworks of analysis interpretation and explanation of religion Reflecting recent turns in the humanities and social sciences part three considers eight forms of the expression of religion Part four provides a discussion of the ways societies and religions or religious organizations are shaped by different forms of allocation of resources Other chapters in this section consider law the media nature medicine politics science sports and tourism Part five reviews important developments distinctions and arguments for each of the selected topics The study of religion addresses religion as a historical phenomenon and part six looks at seven historical processes Religion is studied in various ways by many disciplines and this Handbook shows that the study of religion is an academic discipline in its own right The disciplinary profile of this volume is reflected in part seven which considers the history of the discipline and its relevance Each chapter in the Handbook references at least two different religions to provide fresh and innovative perspectives on key issues in the field This authoritative collection will advance the state of the discipline and is an invaluable reference for students and scholars

Sex Work in Nepal Lisa Caviglia, 2017-09-05 This book explores sex work in Nepal as a social and analytical category Narrating stories of those subsumed under such definition it examines changes as well as continuities characterising socio cultural norms and perceptions through an analysis of sexual consumption It also highlights the ways in which the development sector media and local community discourses frame sex work as a distinct category How does the work of development aid projects affect the understanding of the sex worker category How are visual and media images employed to mark spaces of perdition in the Nepalese urban setting and what forms of imagination do they trigger How are intimate practices and relations transformed by imported notions of love and how do standards of propriety related to such interactions shift This book attempts to answer some of these questions An in depth and intimate ethnography the book deconstructs the sex worker category against the backdrop of global influences within local urban surroundings and points to the contradictions therein Furthermore through thorough descriptions of the experiences agency decision making processes and lives of those labelled as sex workers the book challenges concepts such as deviance and victimhood It proposes a counternarrative by rethinking ideas of gender objectification marginality symbolic violence and discrimination This book will greatly interest researchers and scholars in women and gender studies sociology and social anthropology South Asian studies and social sciences as well as NGOs and those involved in the development sector

Lesbian Materialism Morgane Cadieu, Annabel L. Kim, 2023-01-01 Yale French Studies 142 explores the contemporary relevance of an alternative strand of feminism as theorized by Monique Wittig This volume of Yale French Studies foregrounds Monique Wittig 1935 2003 a writer who left France to live and teach in the United States in a diverse range of multidisciplinary conversations in literary studies history and gender and sexuality studies to demonstrate how Wittig s theoretical and literary work remains an indispensable resource for thinking and creating in the twenty first century Editors Morgane Cadieu and Annabel L Kim flip the materialist

lesbianism that Wittig's collection of essays *The Straight Mind* centers and describes as being the core of Wittig's work to deal instead with lesbian materialism thereby making lesbian the method and materialism the object and allowing Wittig's work to realize its full range. The volume reinterrogates the official historiography of French materialist feminism, expands the intellectual framework within which Wittig's work is usually considered, insists on the language-centric materialism that emerges from Wittig's writing as a way of joining the political with the literary and attends to the way this literary material inspires material responses and creations within the plastic arts. Underlying the entire volume is a keen sense of the materiality of Wittig's archives housed at the Beinecke Rare Book and Manuscript Library at Yale University as a site of lesbian thought in Wittig's radical sense of the term, a fugitive positionality. **Thinking Straight** Chrys Ingraham, 2013-05-13

This collection of original essays will unravel the current heterosexual scene in two parts: one on rights and privileges, the other on popular culture. Topics covered include weddings, proms, citizenship, marriage, penalties, cartoons, mermaids, and myth. **Theorizing Sexuality** Jackson, Stevi, Scott, Sue, 2010-03-01. The book confronts the anxieties associated with sexuality in the late modern western world and engages with wider debates on social transformations in late modernity. As such, it provides both an overview of the field of sexuality as well as setting a new agenda for debating the topic.

Gender in Philosophy and Law Laura Palazzani, 2012-08-18. This book is an introductory systematic framework in the complex and interdisciplinary sex/gender debate focusing on philosophy of law. The volume analyses the different theories that have dealt with the gender category, highlighting the conceptual premises and the arguments of the most influential theories in the debate which have had repercussions on the field of the ethical and juridical debate with reference to intersexuality, transsexualism, transgender, homosexuality. The aim is to offer a sort of conceptual orientation in the complexity of the debate in an effort to identify the various aspects and development processes of the theories so as to highlight the conceptual elements of the theorisations to grasp the problem areas within them. It is therefore an overall synthetic and also explicative analysis but not only explicative; the aim is to outline the arguments supporting the different theories and the counter-arguments too for the purpose of proposing categories to weigh up the elements and to take one's own critical stance with a methodological style that is neither descriptive nor prescriptive but critical. **Simone de Beauvoir** Ursula

Tidd, 2004-06-02. Drawing upon de Beauvoir's literary and theoretical texts, this is the essential guidebook for those approaching the work of this key thinker for the first time. **French Feminisms** Gill Allwood, 2012-09-10. In this text Gill Allwood explores theories of masculinity emerging from French feminist theories of gender and from French feminist practice concerning violence towards women, highlighting both the commonalities and the specificities of the French case. She discusses the particular concern of French theorists with seduction, their rejection of the term gender and the centrality of the difference debate. In the first part of the book Allwood separately examines feminist theories of gender and sexual difference and the problem of male violence. She goes on to consider the developments which are taking place on the

borderline between the two examining the way in which these developments have contributed to an understanding of masculinity Readdressing problems and debates that will be familiar to English speaking readers the text exposes cultural differences and similarities in the ways in which these problems are approached and it provides a detailed account of the changes in both feminist action and theory in France in recent years This analysis of feminism in France should be of interest to student and scholars in French studies European studies gender studies and cultural studies Feminist Collections,1996 *Sexual Culture in Germany in the 1970s* Janin Afken,Benedikt Wolf,2019-12-11 This book is the first attempt to present a comprehensive picture of LGBT culture in the two German states in the 1970s Starting from the common view of the decade between the moderation of the German anti sodomy law in 1968 East and 1969 West and the first documented case of AIDS 1982 as a golden age for queer politics and culture this edited collection traces the way this impression has been shaped by cultural production The chapters ask What exactly made the 1970s a legendary decade What was its revolutionary potential and what were its path breaking political and aesthetic strategies Which elements movements and memories had to be marginalized in order to facilitate the historical construction of the legendary decade Exploring the complex picture of gay lesbian and to a lesser extent trans cultures from this time the volume provides fascinating insights into both canonized and marginalized texts and films from and about the decade **Beyond French Feminisms** R. Célestin,E. DalMolin,I. Courtivron,2016-04-30 This volume a collection of essays by a number of high profile personalities working in philosophy literature sociology cinema theatre journalism and politics covers a number a of recent and crucial developments in the field of French Feminisms that have made a reassessment necessary Beyond French Feminisms proposes to answer the question what is new in French Feminism at the beginning of the twenty first century The essays reflect the shift from the theoretical and philosophical approaches that characterized feminism twenty years ago to the more social and political questions of today Topics include the parit and PACS debates the France USA dialogue the multicultural issues and the new trends in literature and film by women *Body Lore and Laws* Andrew Bainham,Shelley Day Sclater,Martin Richards,2002-01-18 This book the second produced by the Cambridge Socio Legal Group is a collection of essays on the subject of law and the human body As the title suggests bodies and body parts are not only subject to regulation through formal legal processes but also the meanings attached to particular bodies and the significance accorded to some body parts are aspects of broader cultural processes In short bodies are subjected to both lore and laws The contributors all leading academics in the fields of Law Sociology Psychology Feminism Criminology Biology and Genetics respectively offer a range of interdisciplinary papers that critically examine how bodies are constructed and regulated in law The book is divided into two parts Part one is concerned with Making Bodies and includes papers relating to transactions in human gametes cloning court ordered caesarean sections testing for genetic risk the patenting of human genes and the social policy implications of the growth in genetic information Part two is concerned with Using and Abusing Bodies It

contains chapters relating to sexualities sexual orientation and the law sex workers and their clients domestic homicide religious and cultural practices and other issues involving children s bodies the ownership of the body and body parts and the legal and ethical issues surrounding euthanasia
