*The Nineteenth-Century Novel and the Pre-Cinematic Imagination* Alberto Gabriele, 2024-11-14 This book fills a gap in existing scholarship on the history of the novel in relation to visual culture by discussing the visual fascination that novelists such as Nathaniel Hawthorne Herman Melville Honor de Balzac and George Eliot show for several types of pre cinematic spectacle It also identifies a so far neglected aspect of novel theory that nineteenth century authors elaborated by incorporating suggestions from pre cinematic visual spectacles By shedding light on forms of visibility that were not entertained by the dominant aesthetic modes of painting and photography *The Nineteenth Century Novel and the Pre Cinematic Imagination* argues that the presence of nineteenth century pre cinematic optical illusions in works of fiction redefines the notion of mimesis as animated movement and points to a continuity between pre cinema the literary imagination and the structures of knowledge production of the modern episteme

**The Novel and The Police** D. A. Miller, 1988 With the appearance of D A Miller's remarkable book the Victorian novel has its most dazzling critic in years Miller's subject is not so much the police in fiction as fiction and policing narrative as a conservative function of the polis Tracking diverse strategies of surveillance and incarceration into the confines of the fictional institution itself Miller investigates Victorian novels as the often unconscious agent of a disciplinary culture He thus reads fiction reading us keeping a public in its private place His mastery of an intricate layered and sinuous argument is stunning the writing no less than superb For all the book's overarching debt to Foucault D A Miller do the police in a voice all his own Garrett Stewart author of *Death Sentences Styles of Dying in British Fiction*

managers suitors and lovers A woman of exceptional charisma Rachel embodied contradiction and paradox She captured the attention of her time and was memorialized in the works of Matthew Arnold Charlotte Bront George Eliot and Henry James Richly illustrated with portraits photographs and caricatures Tragic Muse combines brilliant literary analysis and exceptional historical research With great skill and acuity Rachel M Brownstein presents Rachel her brief intense life and the image that was both self fashioned and outliving her fashioned by others First published by Knopf 1993 this book will attract a broad audience interested in matters as wide ranging as the construction of character the cult of celebrity women s lives and Jewish history It will also be of enduring interest to readers concerned with nineteenth century French culture history literature theater and Romanticism Tragic Muse won the 1993 George Freedley Award presented by the Theater Library Association

**Women and Romance** Laurie Langbauer, 2018-03-15 According to Laurie Langbauer the notion of romance is vague precisely because it represents the chaotic negative space outside the novel that determines its form Addressing questions of form Langbauer reads novels that explore the interplay between the novel and romance works by Charlotte Lennox Mary Wollstonecraft Charles Dickens George Eliot and George Meredith She considers key issues in feminist debate in particular the relations of feminist to the poststructuralist theories of Lacan Derrida and Foucault In highlighting questions of gender in this way Women and Romance contributes to a major debate between skeptical and materialist points of view among poststructuralist critics

**Prospects for the Study of American Literature** Richard Kopley, 1997-08 What can there possibly be left to say about This common litany resonant both in and outside of academia reflects a growing sense that the number of subjects and authors appropriate for literary study is rapidly becoming exhausted Take heart admonishes Richard Kopley in this dynamic new anthology for this is decidedly not the case While generations of literary study have unquestionably covered much ground in analyzing canonical writers many aspects of even the most well known authors both their lives and their work remain underexamined Among the authors discussed are T S Eliot Ralph Waldo Emerson William Faulkner Harriet Beecher Stowe Walt Whitman Ernest Hemingway Richard Wright Edith Wharton Nathaniel Hawthorne Zora Neale Hurston Henry James Willa Cather Herman Melville Edgar Allan Poe Henry David Thoreau and Mark Twain

**Caught in the Act** Joseph Litvak,2023-09-01 Litvak demonstrates that private experience in the novels of Austen Charlotte Bront Eliot and James is a rigorous enactment of a public script that constructs normative gender and class identities He suggests that the theatricality which pervades these novels enforces social norms while introducing opportunities for novelists to resist them This approach encourages a rethinking of the genre and its cultural contexts in all their instability and ambivalence Litvak demonstrates that private experience in the novels of Austen Charlotte Bront Eliot and James is a rigorous enactment of a public script that constructs normative gender and class identities He suggests that the theatricality which pervades the

**Reading with a Difference** Arthur F. Marotti,1993 *Reading with a Difference* is a collection of eighteen essays that examines how issues of gender race and cultural identity inform texts from the seventeenth century to the present Together the contributions document recent significant shifts occurring in the theoretical approach to the texts they study and illustrate how shifts in each of these categories affect how the others are viewed The first section of this anthology explores the notion that identity particularly gender identity is a cultural construct The essays in the second section consider ways in which race and gender intersect with cultural identity and how encounters between different cultures challenge any identity constructed in isolation First published in the journal *Criticism* these essays offer no blueprint for reading Instead they encourage a rereading of canonical texts and a questioning of how these texts face matters of gender race and cultural identity how they respond to the differences and the incongruities within the cultures from which they arise and to which they speak

Thomas Hardy and the Survivals of Time Andrew Radford, 2017-03-02 A systematic exploration of Thomas Hardy's imaginative assimilation of particular Victorian sciences this study draws on and swells the widening current of scholarly attention now being paid to the cultural meanings compacted and released by the nascent sciences of man in the nineteenth century Andrew Radford here situates Hardy's fiction and poetry in a context of the new sciences of humankind that evolved during the Victorian age to accommodate an immense range of literal and figurative excavations then taking place Combining literary close readings with broad historical analyses he explores Hardy's artistic response to geological archaeological and anthropological findings In particular he analyzes Hardy's lifelong fascination with the doctrine of survivals a term coined by E B Tylor in *Primitive Culture* 1871 to denote customs beliefs and practices persisting in isolation from their original cultural context Radford reveals how Hardy's subtle reworking of Tylor's doctrine offers a valuable insight into the inter penetration of science and literature during this period An important aspect of Radford's research focuses on lesser known periodical literature that grew out of a British amateur antiquarian tradition of the nineteenth century His readings of Hardy's literary notebooks disclose the degree to which Hardy's own considerable scientific knowledge was shaped by the middlebrow periodical press Thus *Thomas Hardy and the Survivals of Time* raises questions not only about the reception of scientific ideas but also the creation of nonspecialist forms of scientific discourse This book represents a genuinely new perspective for Hardy studies
