challenges relating to the conceptualization of women's health. While emphasizing the importance of taking an intersectional approach to women's healthcare, this book also focuses on the social and structural determinants at play. This revised and updated second edition brings together a collection of new chapters and contributors who collectively shed light on the problems and risks involved in perceiving women's healthcare using a strictly gender or sex-based lens. Contributors foreground an understanding of power as it is mediated through a range of social relations based on gender, race, culture, ethnicity, sexuality, ability, class, and geography, and the ways in which privilege and oppression intersect to shape health and system responses to health. This new edition includes updates on what is currently known about women's health nationally and internationally and situates the chapters in the current Canadian health care and policy context. Scholarship is foregrounded in new developments in gender and intersectional health research and policy. Collectively, this volume explores the important histories and contemporary realities in women's health experiences.

Mafia Wife Lynda Milito, 2012-12-26 When Lynda Lustig met Louie Milito, she was a sixteen-year-old high school dropout with a taste for adventure and an agonizing childhood. When they were married two years later, he was not yet a made man in the powerful Gambino crime family. Louie was a hairdresser who dabbled in petty thievery. But Lynda was so happy to be out of her domineering mother's loveless house. And over the years, she was willing to forgive her husband for anything: his violent rages, his frequent absences, his shady associates, and the blood on his hands. For twenty-four years, Lynda Milito remained loyal to this charming and dangerous criminal, her children's father and close friend of crime boss John Gotti and underboss Sammy the Bull Gravano. But in 1988, Louie Milito disappeared, murdered by the very people he had always trusted to protect him. A crime story, a family story, a love story, *Mafia Wife* is the shockingly intimate, brutally honest tale of a survivor and of the life she lived in the dark bosom of the underworld. **A**

Feminist Critique of Police Stops Josephine Ross, 2020-12-17 A Feminist Critique of Police Stops examines the parallels between stop and frisk policing and sexual harassment. An expert whose writing, teaching, and community outreach centers on the Constitution's limits on police power, Howard Law Professor Josephine Ross argues that our constitutional rights are a mirage. In reality, we can't say no when police seek to question or search us. Building on feminist principles, Ross demonstrates why the Supreme Court got it wrong when it allowed police to stop, search, and sometimes strip-search people and call it consent. Using a wide range of sources, including her law students' experiences with police, news stories about Eric Garner and Sandra Bland, social science, and the work of James Baldwin, Ross sheds new light on policing. This book should be read by everyone interested in how Court-approved police stops sap everyone's constitutional rights and how this form of policing can be eliminated.
