Sin Radical Evil In Soul And Society:

Sin Ted F. Peters, 1998-10-21 Many Christians today have lost the ability to talk about it in personal terms. For the last quarter century the theological establishment like society has consigned the human predicament to structures of political and economic oppression or to systemic evil such as race and gender discrimination. In the process people have lost interest in the internal workings of the human soul, attributing the evils of our world to social forces beyond the scope of personal responsibility.

Dangerous Passions, Deadly Sins Dennis Okholm, 2014-07-15 This volume unpacks the psychological insights found in the writings of three early monks: Evagrius Ponticus (fourth century), John Cassian (fifth century), and Gregory the Great (sixth century) to help us appreciate the relevance of these monastic writers and apply their wisdom to our own spiritual and psychological well-being. The book addresses each of the seven deadly sins, offering practical guidance from the early monastic tradition for overcoming these dangerous passions. As Dennis Okholm introduces key monastic figures, literature, and thought of the early church, he relates early Christian writings to modern studies in psychology. He shows how ancient monks often anticipated the insights of contemporary psychology and sociology, exploring for example how their discussions of gluttony compare with current discussions regarding eating disorders. This book will appeal to readers interested in spirituality, early monastic resources, and ancient wisdom for human flourishing, as well as students of spirituality and spiritual formation.

Rethinking Faith James Newton Poling, 2011-08 What can practical theology contribute to other theological disciplines and the church about the nature of God and the church's witness to Jesus Christ in the world? What can we learn about the love and power of God in Jesus Christ from the community of survivors of violence? *Rethinking Faith* urges all Christians to consider themselves practical theologians by drawing on their own experiences in making theological assertions. Poling couples his understanding of the tradition with his work with survivors of violence to demonstrate the resilience of Christianity.

Problems with Atonement Stephen Finlan, 2005 Examines the origins and outcomes of the Christian doctrine of atonement, its biblical foundations, development, and theological questions surrounding it, including questions about its relationship to the Incarnation. Provided by publisher.

God--The World's Future Ted Peters, 2015-08-01 *God: The World's Future* has been a proven textbook in systematic theology for over twenty years. Thoroughly revised and expanded, this third edition is explicitly crafted to address our postmodern context and explains the whole body of Christian historical doctrine from within a proleptic framework. Peters skillfully deploys this concept not only to organize the various theological areas or loci but also to rethink doctrines in light of key postmodern challenges from ecumenism, critical historical thinking, contemporary science, and gender and sexuality issues.

Reflections on My Call to Preach Fred B. Craddock, 2009 Travel with revered preacher and author Fred Craddock through his early years as he considers what made him take to the pulpit. For some reason I felt I had to say Yes or No to the ministry so I could feel free again. My siblings and friends talked almost casually about options and preferences as to careers but with no evident sense of

urgency Not so with me I did not then nor do I now know whether the burden of choice was a trait of personality a kind of super conscientiousness whether the calling to ministry itself carried a weight a burden peculiar to the task itself Rightly or wrongly when I thought of possibly becoming a journalist that would be a choice 100 percent mine When I considered becoming a minister that was not totally my decision I was responding to God s will for me Of course I had been told that journalists lawyers teachers merchants farmers all could understand their lives as a vocation a calling but what I am telling you is that I perceived I felt I experienced the idea of being a preacher as different and that difference was sobering even burdensome That s why advice about not being in a hurry taking my time was not helpful even if wise If it was my decision why could I not make it now if it was God s decision why did not God tell me or at least tell my father or my mother I prayed for the ache to leave me Excerpt from Reflections on My Call to Preach

Fallenness and Flourishing Hud Hudson,2021

Fallenness and Flourishing opens with defenses of the philosophy of pessimism first on secular grounds and then again on distinctively Christian grounds with reference to the fallenness of human beings It then details traditional Christian reasons for optimism with which this philosophy of pessimism can be qualified Yet even among those who accept the general religious worldview underlying this optimism many nevertheless willfully resist the efforts required to cooperate with God and instead pursue happiness and well being or flourishing on their own power On the assumption that we can acquire knowledge in such matters arguments are presented in favour of objective list theories of well being and the Psychic Affirmation theory of happiness and the question How are people faring in this quest for self achieved happiness and well being is critically investigated The unfortunate result is that nearly everywhere people are failing The causes of failure it is argued are found in the noetic effects of sin especially in inordinate self love and self deception but also in insufficient self love and such failure manifests both in widespread unhappiness and in that most misunderstood of the seven deadly sins sloth After a literary tour designed to reveal the many different ways that sloth can damage a life Hud Hudson provides a constructive proposal for responding to this predicament featuring the virtue of obedience This virtue is analysed illustrated and located in a new theory of well being

Ecotheology Kiara Jorgenson,Alan G. Padgett,2020-09-24 Just as God loves creation so are Christians called to care for it Now amid the accelerating degradation of our global environment that task has taken on greater urgency than ever How should Christians respond to the climate crisis and widespread pollution of earth s shared commons water and air How might Christian communities think about human responsibility to other living creatures In roundtable format Richard Bauckham Cynthia Moe Lobeda Steven Bouma Prediger and John F Haught navigate the layers of what it means for humans to live in right relationship with earth s lifecosystems After each contributor s essay the other three contributors issue a response including points of disagreement and questions thereby modeling for readers productive and respectful dialogue The ecumenical conversations in Ecotheology represent the diverse viewpoints of contributors theological and practical commitments exploring creation care through a variety of frameworks including natural science

biblical studies systematic theology and Christian ethics **Recovering the Scandal of the Cross** Mark D. Baker, Joel B. Green, 2011-08-02 Since its publication in 2000 *Recovering the Scandal of the Cross* has provoked thought among evangelicals about the nature of the atonement and how it should be expressed in today's various global contexts In this second edition Green and Baker have clarified and enlarged the text to ensure its ongoing critical relevance **The Fall and Hypertime** Hud Hudson, 2014-06-26 Frequently alleged irreconcilable conflicts between science and religion are instead misdescribed battles concerning negotiable philosophical assumptions conflicts between metaphysics and metaphysics Hud Hudson provides a two stage illustration of this claim with respect to the putative inconsistency between the doctrines of The Fall and Original Sin and the deliverances of contemporary science The tension in question emerges through a study of the many forms the religious doctrines have assumed over the centuries and through a review of some well established scientific lessons on the origin and history of the universe and of human persons The first stage After surveying various paths of retreat which involve reinterpreting and impoverishing Original Sin and minimizing and dehistoricizing The Fall one version of moderate realism about the doctrines is articulated critically evaluated and found both consistent with contemporary science and suitable to play a crucial role in the theist's confrontation with the Problem of Evil The second stage Recent work in the philosophy of time and in the philosophy of religion provides intriguing support for a Hypertime Hypothesis a species of multiverse hypothesis distinctive for positing a series of successive hypetimes each of which hosts a spacetime block After arguing that the Hypertime Hypothesis is a genuine epistemic possibility and critically discussing its impact on a number of debates in metaphysics and philosophy of religion Hudson reveals a strategy for unabashed extreme literalism concerning The Fall and Original Sin which nevertheless has the extraordinary and delightful feature of being thoroughly consistent with the reigning scientific orthodoxy Transforming Spirituality F. LeRon Shults, Steven J. Sandage, 2006-06-01 The twenty first century has given rise to a growing interest in the intersection of science religion and spirituality Few books address these issues from multiple perspectives and theories To fill this void F LeRon Shults and Steven Sandage coauthors of *The Faces of Forgiveness* winner of the Narramore Award from the Christian Association for Psychological Studies continue their interdisciplinary dialogue in their latest work *Transforming Spirituality* In this book Shults and Sandage address the subject of spiritual transformation through the lenses of psychology and theology In addition to college and seminary students *Transforming Spirituality* will appeal to readers interested in Christian spirituality What is more it provides helpful insights for counselors psychologists and others who work in the mental health field *Systematic Theology, Second Edition* Wayne A. Approaching God Steve Brown, 2008-09-02 A spiritual guide on how to pray cites the importance of focusing on God rather than on oneself while it defines the basic theology of prayer and addresses such issues as unanswered prayers

[Naked Faith](#) Elaine A Heath, 2010-08-27 Phoebe Palmer's honour was lost posthumously for within a few decades after her death her name all but disappeared Palmer's sanctification theology was separated from its apophatic spiritual moorings even as her memory was lost To this day the Mother of the Holiness Movement still awaits her place of recognition as a Christian mystic equal to Catherine of Siena Teresa of Avila or Therese of Lisieux This book locates Palmer's life and thought within the great Christian mystical traditions identifying her importance within Methodism and the church universal It also presents a Wesleyan theological framework for understanding and valuing Christian mysticism while connecting it with the larger mystical traditions in Catholic Anglican and Orthodox communions While Palmer was a powerful revivalist in her own day in many ways she could be the patron saint for contemporary Methodists who are drawn to the new monasticism and who long for the renewal of the church Saint Phoebe is precisely the one who can help Methodists envision new forms of Christian community mission and witness in a postmodern world

Relationship Is the Transformative Space Darryl Wooldridge, 2016-02-09 This book affirms relationship as the shared human elemental pursuit and proposes relationship as the transformative space Wonderfully the author asserts it is God's intention to fulfill this intrinsic human desire in the present in all of us and universally This desire is an often inarticulate

innate desire and pursuit to enjoy and reflect the divine image in which every human being was created In this book this pursuit is referred to as proleptic spiritual transformation Pr ST That is this book demonstrates that what is too often relegated to eternity is available now Relationship is the Transformative Space considers God's heart in relationship and its implication toward human spirituality and how this intent has been interrupted and restored God is actively interested in the recovery of a fully expressed image in humanity *T&T Clark Handbook of Christian Theology and Climate Change* Hilda P. Koster, Ernst M. Conradie, 2019-12-12 The T these essays are critically engaged by respondents situated in other geographic regions minority communities non Christian traditions or non theological disciplines Structured in seven main parts the handbook explores 1 the need for collaboration with disciplines outside of Christian theology to address climate change 2 the need to find common moral ground for such collaboration 3 the difficulties posed by collaborating with other Christian traditions from within 4 the questions that emerge from such collaboration for understanding the story of God's work and 5 God's identity and character 6 the implications of such collaboration for ecclesial praxis and 7 concluding reflections examining whether this volume does justice to issues of race gender class other animals religious diversity geographical divides and carbon mitigation This rich ecumenical cross cultural conversation provides a comprehensive and in depth engagement with the theological and moral challenges raised by anthropogenic climate change **Funerals** Tim

Perry, 2021-06-16 Death will strike your congregation Are you ready Are they Death has become a four letter word Whereas in previous generations the practice of memento mori remember death was embedded in family life people today have found ways to distance themselves from death As Western culture becomes increasingly more secular the Christian understanding of death and the funeral appear more and more strange Fear of death affects us all and so pastors have significant hurdles to overcome What Christians need today is a renewed vision of the traditional Christian funeral liturgy In *Funerals* Tim Perry recovers the rich theology inherent to the Christian funeral communion with the saints in death peace in forgiveness hope in the resurrection and joy in life eternal Perry guides pastors through the practice of funerals from planning the service to preaching the eulogy and offers wisdom for the hard cases Perry's *Funerals* will help pastors disciple their people to see through the valley of the shadow of death and into the hope beyond **Spiritual Theology** Simon Chan, 2025-10-14

Academy of Parish Clergy Top Ten Book Theology is the doctrine of living unto God wrote the Puritan theologian William Ames Unfortunately post Enlightenment theology has tended to divorce doctrine from living unto God And to the degree that this split has been deepened and perpetuated both theology and spirituality have been impoverished *Spiritual Theology* is a rare book In it Simon Chan surveys the little explored landscape where systematic theology and godly praxis meet highlighting the connections between Christian doctrine and Christian living and drawing out the spiritual implications of particular aspects of systematic theology Allowing rational formulations to drop into the background he brings the mystery of the faith to the fore Chan begins with the principal doctrines of God sin salvation and the church He then progresses to a

reflective consideration of the practice of the spiritual life from prayer to spiritual direction Unabashedly evangelical and truly ecumenical Chan grounds his exploration in the sources of the Protestant Catholic and Orthodox traditions His work is well abreast of contemporary theological currents and crossculturally conversant from an Asian perspective *Spiritual Theology* is a book for those who care deeply about theology and spirituality and strive to integrate the two It is well worth careful reflection and prayerful reading **The Theology of the Cross in Historical Perspective** Anna M.

Madsen,2007-01-01 The theology of the cross is indisputably a trendy concept today Numerous seminars books and dissertations tackle the topic But *The Theology of the Cross in Historical Perspective* demonstrates that theology of the cross is no passing fancy Theologies of the cross appear at the beginnings of the church in the sixteenth century reformations of the church and in the more contemporary modernization of the church Without theologies of the cross what the church is called to be and to preach becomes unclear So then what is the theology of the cross Anna Madsen surveys the theology of the cross in the thinking of Paul and Luther She also outlines several important twentieth century contributions to the subject On the basis of her analysis Madsen suggests that the theology of the cross reveals God to be found even in death In death after all boundaries disappear The theology of the cross assures Christians that God is present in the death of sin and in the realities of suffering and uncertainty Given that it announces God's presence the theology of the cross is ultimately a theology of grace freedom and trust *Angels* George J. Marshall,2015-08-13 In the 1990s alone more than 400 works on angels were published adding to an already burgeoning genre Throughout the centuries angels have been featured in among others theological works on scripture studies in comparative religions works on art architecture and music philological studies philosophical sociological anthropological archeological and psychological works and even a psychoanalytical study of the implications that our understanding of angels has for our understanding of sexual differences This bibliography lists 4355 works alphabetically by author Each entry contains a source for the reference often a Library of Congress call number followed by the name of a university that holds the work More than 750 of the entries are annotated Extensive indexes to names subjects and centuries provide further utility
