Minikins Of Yam:

The Minikins of Yam Brenda Jackson, Penguin Books Staff, Ronald L McDonald, 1976-02-17 **The Minikins of Yam** Thomas Burnett Swann, 2013-03 The Minikins of Yam offers us an outre ancient world in this case Egypt where the creatures of myth exist alongside true historical characters and settings The 12 year old Pharaoh Pepy II whom Swann tells us really existed is a humanitarian soul sneaking out of the palace at night in disguise to distribute largesse among the poor and downtrodden But Pepy is threatened by the machinations of his sister and queen who is plotting his murder so she can enjoy absolute rule a stunt she just might get away with since she can disguise the murder as a sacrifice to assuage a population panicked by the untimely and prophetic arrival of a phoenix on the palace walls SFReviews net The Forest of Forever Thomas Burnett Swann, 2011-11-16 Here in THE FOREST OF FOREVER dwells the last Minotaur and here too are the other lingering dwellers in that folk whispered country where dwell the beasts that are human and the humans that are beasts Also in this series DAY OF THE MINOTAUR Thomas Burnett Swann 1928 1976 was an American poet critic and fantasy author The bulk of Swann s fantasy fits into a rough chronology that begins in ancient Egypt around 2500 BC and chronicles the steady decline of magic and mythological races such as dryads centaurs satyrs selkies and minotaurs The coming of more advanced civilisations constantly threatens to destroy their pre industrial world and they must continually seek refuge wherever they can They see the advent of Christianity as a major tragedy the Christians regard magic and mythological beings as evil and seek to destroy the surviving creatures although some manage to survive and preserve some of their old ways through medieval times down to the late 19th Century and perhaps the 20th **Nature & Science on the Pacific Coast** , 1915 *Green Phoenix* Thomas Burnett Swann, 2019-09-20 Thomas Burnett Swann 1928 1976 earned a distinguished reputation among writers of science fiction one that caused his enthusiastic following to nominate him again and again for awards Unique in his talent his novels dealt not with the far future but with the enigma of the past Prior to the dawn of human history the Earth did not belong solely to humanity there were other intelligent species still fighting a last stand battle against extinction Remembered today only in legend these are creatures of the trees and water beings that combined beast and man with strange lore of their own and sciences lost to the human victors GREEN PHOENIX is a tour de force of the final stronghold of the prehumans against the last legion of fallen Troy He writes his own golden thing his own way Theodore Sturgeon The New York Times Swann s neo romantic fantasies of the past are unique He uses the stuff of myth with twists and inventions all his own The Village Voice After being unavailable for many years the complete works of Thomas Burnett Swann are being reprinted by Wildside Press all 16 novels and his complete short stories *Future and Fantastic Worlds* Sheldon Jaffery, 1987-01-01 Future and Fantastic Worlds embodies an unusual approach to the field of bibliographic research including over 700 annotations of every DAW book published through mid 1987 with indexes by author artist and title providing a massive guide to modern SF writers and their works with much background data

Interspersed throughout the book are numerous wry irreverent and amusing observations offered by the late and highly respected researcher in this extremely valuable genre tool **Pardon This Intrusion** John Clute, 2016-11-24 Pardon This Intrusion gathers together 47 pieces by John Clute some written as long ago as 1985 though most are recent The addresses and essays in Part One Fantastika in the World Storm all written in the twenty first century reflect upon the dynamic relationship between fantastika an umbrella term Clute uses to describe science fiction horror and fantasy and the world we live in now Of these pieces Next a contemporary response to 9 11 has not been revised everything else in Part One has been reworked sometimes extensively Parts Two Three and Four include essays and author studies and introductions to particular works as they are mostly recent Clute has felt free to rework them where necessary The few early pieces including Lunch with AJ and the WOMBATS a response to the Scientology scandal at the Brighton WorldCon in 1987 are unchanged
