

The Miracle Prayer

Dear heart of Jesus, in the past I have asked many favours. This time I ask you this special one (mention favour). Take it, dear heart of Jesus, and place it within your heart where your father sees it. Then, in his merciful eyes, it will become your own favour, not mine. Amen.

Say this prayer three times for three days and your favour will be granted. Never been known to fail. Must promise publication of prayer. - D.O.N

Practical Information about Common Health Problems , Medjugorje and the Supernatural Daniel Maria

Klimek,2018-03-01 In June 1981 six young Croatians in the village of Medjugorje in the former Yugoslavia reported that the Virgin Mary had appeared to them The Medjugorje visionaries say that Mary has returned every day since then bringing them important messages from heaven to convey to the world Throughout history people have reported encountering extraordinary religious experiences apparitions of the Virgin Mary visions of Jesus Christ weeping statues and icons the stigmata physical healings and miracles and experiences of the afterlife and interpreted them as supernatural in origin Scholars have often tried to reinterpret such experiences including those described by the great mystics like Francis of Assisi Catherine of Siena and Teresa of Avila into natural or psychopathological categories such as hysteria hallucination delusion epileptic seizures psychosis the workings of the unconscious mind or fraud Are such reductionist explanations valid Over the past three decades the Medjugorje visionaries have been subjected to extensive medical psychological and scientific

examination even while undergoing their visionary experiences Daniel Klimek argues that the case of Medjugorje affords a rare opportunity to understand a deeper dimension of extraordinary religious phenomena Presenting and analyzing the scientific studies on the visionaries in juxtaposition with the major scholars and debates surrounding religious experience Klimek concludes that a multidisciplinary approach grants a more holistic and deeper understanding of such extraordinary religious experiences
