Multiculturalism In A Cross National Perspective:

Multiculturalism in a Cross-national Perspective Michael A. Burayidi, 1997 This book provides a discussion of multiculturalism from a global perspective It progresses from a discussion of the ideological and philosophical arguments for multiculturalism through its political public policy and socio economic dimensions Multicultural practices from Canada Germany India Israel Nigeria Rwanda the United Kingdom and the United States are discussed The response to multiculturalism differs from one country to the other and is influenced by the political context rules of immigration colonial legacy domestic institutional structures and pressure from interest groups Because multiculturalism is a contentious issue as groups vie for limited resources the debate on multiculturalism will be a heated one Governments can facilitate the process by creating an environment that enables the exchange of ideas without conflict and antagonism

business public health and the social and behavioral sciences **Multiculturalism Backlash** Steven Vertovec, Susanne Wessendorf, 2010-01-04 Multiculturalism has been much questioned across the world in recent years This is a comprehensive analysis of how this happened and its consequences for our societies **Mapping Linguistic Diversity in Multicultural Contexts** Monica Barni, Guus Extra, 2008-08-27 Within the European context linguistic diversity can be studied at the level of both official state languages and non national languages This comprehensive overview offers insightful crossnational and crosscontinental perspectives on non national languages in terms of both regional and immigrant languages The book focuses on mapping linguistic diversity in both the private and public domain Methodological issues and empirical outcomes are explored for a variety of European and non European countries and languages The book consists of four parts Part 1 provides an introduction to the subject as well as an overview and discussion of migration statistics and language use Part 2 deals with the mapping of regional languages in Europe exemplified by case studies on Welsh Basque and Frisian Part 3 focuses on immigrant languages in Europe and includes case studies from both national Switzerland Italy France and crossnational Multilingual Cities Project perspectives Part 4 turns to mapping linguistic diversity abroad with case studies on Australia South Africa Turkey and Japan **Multicultural Perspectives in Customer Behaviour** Maria Piacentini, Charles Cui, 2013-09-13 With globalisation taking centre stage in the business world and multiculturalism affecting markets and societies there is a need to understand the ways that customers respond to the changing marketplace from international and multicultural perspectives This book is timely in addressing important themes raised in the most recent marketing literature such as global consumer culture and the impact of Western culture on consumer behaviour in other countries consumer acculturation processes and the impact on identity conflicts and the strategies people use to manage them globalisation vs localised strategies and the interaction of local and global influences on customer behaviour climate change and global warming the impact on consumer behaviour and the implications for social responsibility and cross cultural customer research including important methodological questions around the application of sociological group level measures to psychological individual level phenomenon in marketing contexts The papers in this edition address those themes reporting on studies from a range of countries including Germany Greece China and Austria and a number of cultural groups in the UK These papers draw on quantitative and qualitative methodologies reflecting the full range of methods employed in contemporary consumer research This book was originally published as a special issue of the Journal of Marketing Management **Assessing Multiculturalism in Global Comparative Perspective** Yasmeen Abu-Laban, Alain-G Gagnon, Arjun Tremblay, 2022-12-30 In Assessing Multiculturalism in Global Comparative Perspective a group of leading scholars come together in a multidisciplinary collection to assess multiculturalism through an international comparative perspective Multiculturalism today faces challenges like never before through the concurrent rise of populism and white supremacist groups and contemporary social movements mobilizing around alternative ideas of decolonization anti racism

and national self determination Taking these challenges head on and with the backdrop that the term multiculturalism originated in Canada before going global this collection of chapters presents a global comparative view of multiculturalism through both empirical and normative perspectives with the overarching aim of comprehending multiculturalism s promise limitations contemporary challenges trajectory and possible futures Collectively the chapters provide the basis for a critical assessment of multiculturalism s first 50 years as well as vital insight into whether multiculturalism is best equipped to meet the distinct challenges characterizing this juncture of the 21st century With coverage including the Americas Europe Oceania Africa and Asia and thematic coverage of citizenship religion security gender Black Lives Matter and the post pandemic order *Assessing Multiculturalism in Global Comparative Perspective* presents a comprehensively global collection that is indispensable reading for scholars and students of diversity in the 21st century

The Strains of Commitment Keith Banting, Will Kymlicka, 2017-04-04 Building and sustaining solidarity is a compelling challenge especially in ethnically and religiously diverse societies Recent research has concentrated on forces that trigger backlash and exclusion *The Strains of Commitment* examines the politics of diversity in the opposite direction exploring the potential sources of support for an inclusive solidarity in particular political sources of solidarity The volume asks three questions Is solidarity really necessary for successful modern societies Is diversity really a threat to solidarity And what types of political communities political agents and political institutions and policies help sustain solidarity in contexts of diversity To answer these questions the volume brings together leading scholars in both normative political theory and empirical social science Drawing on in depth case studies historical and comparative research and quantitative cross national studies the research suggests that solidarity does not emerge spontaneously or naturally from economic and social processes but is inherently built or eroded through political action The politics that builds inclusive solidarity may be conflicting in the first instance but the resulting solidarity is sustained over time when it becomes incorporated into collective typically national identities and narratives when it is reinforced on a recurring basis by political agents and most importantly when it becomes embedded in political institutions and policy regimes While some of the traditional political sources of solidarity are being challenged or weakened in an era of increased globalization and mobility the authors explore the potential for new political narratives coalitions and policy regimes to sustain inclusive solidarity

Group Integration and Multiculturalism Dan Pfeffer, 2015-07-20 With immigration fulfilling the role of population maintenance in many Western democracies how should newcomers be welcomed Pfeffer argues that states ought to promote group integration for communities that have settled through immigration facilitating the development of group institutions that enable communication with the receiving society

Multiculturalism Rethought Varun Uberoi, 2015-02-28 A selection of the leading theorists of multiculturalism revisit aspects of Parekh s work both to underline its continuing importance and the ongoing vitality of multiculturalist theory

Migration and Integration Roland Hsu, Christoph Reinprecht, 2016-01-18 Globalization has led to new forms and dynamics of migration and mobility

What are the consequences of these changes for the processes of reception settlement and social integration for social cohesion institutional practices and policies The essays collected in this volume discuss these issues with reference to recent research on migration and mobility in Europe the US North and East Africa and South and Southeast Asia The twenty authors are leading migration researcher from different academic fields such as sociology geography political science and cultural studies

Revisiting Multiculturalism in Canada Shibao Guo,Lloyd Wong,2015-12-01 In 1971 Canada was the first nation in the world to establish an official multiculturalism policy with an objective to assist cultural groups to overcome barriers to integrate into Canadian society while maintaining their heritage language and culture Since then Canada s practice and policy of multiculturalism have endured and been deemed as successful by many Canadians As well Canada s multiculturalism policy has also enjoyed international recognition as being pioneering and effectual Recent public opinion suggests that an increasing majority of Canadians identify multiculturalism as one of the most important symbols of Canada s national identity On the other hand this apparent successful record has not gone unchallenged Debates critiques and challenges to Canadian multiculturalism by academics and politicians have always existed to some degree since its policy inception over four decades ago In the current international context there has been a growing assault on and subsequent retreat from multiculturalism in many countries In Canada debates about multiculturalism continue to emerge and percolate particularly over the past decade or so In this context we are grappling with the following questions What is the future of multiculturalism and is it sustainable in Canada How is multiculturalism related to egalitarianism interculturalism racism national identity belonging and loyalties What role does multiculturalism play for youth in terms of their identities including racialization How does multiculturalism play out in educational policy and the classroom in Canada These central questions are addressed by contributions from some of Canada s leading scholars and researchers in philosophy psychology sociology history education religious studies youth studies and Canadian studies The authors theorize and discuss the debates and critiques surrounding multiculturalism in Canada and include some very important case studi

Perspectives on the Intersection of Multiculturalism and Positive Psychology Jennifer Teramoto Pedrotti,Lisa M. Edwards,2014-03-24 The volume will be a collection of chapters about current theory research and practice related to multiculturalism and positive psychology This book will serve as a reference to any who are interested in the intersection of positive psychology and multicultural context While many in the field of positive psychology have begun to move more strongly towards a culturally embedded approach that recognizes the importance of context in discussing viewing and cultivating strengths in individuals from different backgrounds there is still a dearth of research in this area compared with studies that take a cross cultural approach comparing people from different countries or one that is purported to be culture free or universal in its application While it is becoming more common to see various articles or chapters published on these topics there is still no comprehensive text aimed at discussion of the collection of these topics presented in a cohesive and structured way This

book aims to fill this gap in the literature In this book a broad definition of culture is utilized that includes such facets as race ethnicity socioeconomic or social class status disability religion sexual orientation and gender This book is intended to present research theory and suggestions for practice that are grounded in diverse cultural contexts and current scholarship It will assist researchers students and practitioners who are studying and working within diverse populations Currently there exists no comprehensive text that addresses the intersection of positive psychology and multiculturalism Several edited volumes address positive psychology constructs e g well being optimal experience autonomy across cultures but they do not focus on multicultural populations within the United States Other books focus more specifically on mental health applications and stress and coping among multicultural populations however these books do not provide a broad perspective on psychology beyond this application piece The proposed book will review current theory and research about constructs in addition to applications across contexts Finally other published books have focused on youth within multicultural society this volume is more broad in its address of issues of positive psychology across the lifespan and across various aspects of identity including disability gender social class and sexual orientation

Research Handbook on Multiculturalism Geoffrey Brahm Levey, 2025-03-12 This Research Handbook presents a comprehensive assessment of multiculturalism in political theory and practice from an international perspective Geoffrey Brahm Levey brings together 30 leading experts from around the world to assess the current state of the field charting lines of inquiry for further research

Bringing Culture Back In Michael Böss, 2015-09-30 Economists used to claim that material self interest and the rational choices of the individual were universal factors that transcended cultural values and differences This position has been challenged by critics who have pointed out the methodological and philosophical weaknesses of this approach They dispute the idea that social order can be explained as the product of the choices of individual agents and that social agents operate independently of their social and cultural values and norms Today there is virtual agreement not only among students of culture but also among social scientists that culture counts in both politics and society as well as in international relations In this book a number of international political scientists economists philosophers and humanist scholars address the role of culture ethnicity and religion in contemporary states and societies

Global and Asian Perspectives on International Migration Graziano Battistella, 2014-09-12 This volume examines key aspects of the migration process that are particularly relevant in the Asian context It looks into established concepts and theoretical propositions that have found application in other areas particularly in the West and explores their validity and relevance in understanding the realities of migration in Asia Global and Asian Perspectives on International Migration features the perspectives of scholars from Asia and other parts of the world as well as diverse backgrounds It presents a variety of forms directions policies and institutions including circular and temporary migration the management of cultural diversity the gender perspective on migration in North America Europe and Asia returning migrants migration governance in the ASEAN economic community and the determinants of migration In conclusion the book explores

migration transition in Asia and revisits select theories in light of recent evidence With its dialogic approach to migration in Asia by renowned authors from various regions and disciplines this book will serve as a valuable resource to policy makers in research and academia civil society international organizations and the private sector *Diversity, Multiculturalism and Social Justice* Seth N. Asumah,Ibipo Johnston-Anumonwo,2002-08-09 Diversity Multiculturalism and Social Justice is a multidisciplinary reader for undergraduates taking courses in a wide variety of topics in Multicultural and Diversity Studies International Studies Minority and Ethnic Studies Women s Studies African American Studies African Studies and Africana Studies Following the introductory chapters where concepts in diversity multiculturalism and social justice are defined and explained in light of Iris M Young s Five Faces of Oppression the authors present their original works which consist of local and case studies from Africa and the United States to fill in some gaps in the literature on cross national perspectives on diversity and multicultural issues The book is informed by the contributors interdisciplinary training in international studies political science and geography and it is enriched by their teaching research and community based experiences It is a well conceptualized and accessible volume that will serve as an excellent interdisciplinary supplement to discipline specific text books **Unequal Attainments** Anthony Francis Heath,Yaël Brinbaum,2014-10-09 The volume explores the nature and extent of ethnic inequalities in education in ten major western countries The focus is on differences between ethnic groups and between receiving countries Are some minorities more successful and if so why Why might some countries be more favourable environments for educational progress than others *Multicultural Education in Glocal Perspectives* Yun-Kyung Cha,Jagdish Gundara,Seung-Hwan Ham,Moosung Lee,2016-11-15 This conceptually rich and empirically grounded book draws upon expertise from a panel of emerging and established international scholars to explore the institutionalization and effect of multicultural education on a global scale Previous studies of multicultural education have largely ignored the significance of understanding the combination of multiple sociopolitical influences on multicultural education in both policy and practice Filling this void this book sheds light on the two main reasons for taking a glocal perspective on multicultural education First children should be provided with meaningful learning opportunities to acquire the knowledge skills and attitudes necessary to live in a culturally and ethno linguistically diverse society where the distinction between the local and the global is becoming blurred Second understanding both the global grammar and the local semantics of multicultural education helps researchers and policy makers grasp the whole picture of multicultural education as an evolving social construct and phenomenon This new book provokes a new round of discussion and research to expand and enrich our inquiry into cultural diversity and educational inclusion *European Societies Today* James Wickham,2020-06-01 This accessible new text introduces students to contemporary European societies by examining structures of inequality making sense of the empirical and historical contexts Focusing on seven differing European societies France Germany Ireland Italy Poland Sweden and the UK it examines the different ways in which sociology and political economy understand the social structure

of contemporary Europe Separate chapters outline key aspects of inequality beginning with income wealth and poverty followed by occupation and social class gender regional inequality ethnicity and migration By focusing on the role of the national welfare states of Europe in restraining economic inequality the book enables a realistic appraisal of the European Social Model Key features Examines European distinctiveness and difference Visual presentation of data accessibly informs the reader about distinctive features of specific societies Comparative approach extends to evaluate the extent to which Europe differs from the USA Illustrates how the UK's half hearted relationship to Europe is not just a matter of history or politics but also of contemporary social structure Key in text features include discussion topics and key readings This textbook will be essential reading for students of European studies European politics European societies social inequality structure European welfare and policy and more broadly to sociology and public policy and administration
