Becoming Human Zakiyyah Iman Jackson, 2020-05-19
Winner 2021 Gloria E Anzald a Book Prize given by the National Women s Studies Association Winner 2021 Harry Levin Prize given by the American Comparative Literature Association Winner 2021 Lambda Literary Award in LGBTQ Studies Argues that Blackness disrupts our essential ideas of race gender and ultimately the human Rewriting the pernicious enduring relationship between Blackness and animality in the history of Western science and philosophy Becoming Human Matter and Meaning in an Antiracist World breaks open the rancorous debate between Black critical theory and posthumanism Through the cultural terrain of literature by Toni Morrison Nalo Hopkinson Audre Lorde and Octavia Butler the art of Wangeci Mutu and Ezra Leary and the oratory of Frederick Douglass Zakiyyah Iman Jackson both critiques and displaces the racial logic that has dominated scientific thought since the Enlightenment In so doing Becoming Human demonstrates that the history of racialized gender and maternity specifically anti Blackness is indispensable to future thought on matter materiality animality and posthumanism Jackson argues that African diasporic cultural production alters the meaning of being human and engages in imaginative practices of world building against a history of the bestialization and thingification of Blackness the process of imagining the Black person as an empty vessel a non being an ontological zero and the violent imposition of colonial myths of

racial hierarchy She creatively responds to the animalization of Blackness by generating alternative frameworks of thought and relationality that not only disrupt the racialization of the human animal distinction found in Western science and philosophy but also challenge the epistemic and material terms under which the specter of animal life acquires its authority What emerges is a radically unruly sense of a being knowing feeling existence one that necessarily ruptures the foundations of the human

Cooperative Work Groups Scott M. Mandel,2003-06-18 Prepare your students for the modern day workplace by implementing cooperative work groups in the classroom In today s political climate where the value and success of the educational process is directly linked to publishable test scores cooperative learning experiences have been either de emphasized or ignored This has created a learning environment diametrically opposite to the requirements of the real work world leaving our students unprepared for the future challenges they will face Mandel outlines how educators can design meaningful learning experiences that will address standards and utilize modern day cooperative learning brain research and the Internet to effectively develop a student s ability to thrive in the twenty first century s workforce Key features include Benefits of cooperative work groups and how students accomplish tasks in groups Application of brain research in the classroom to maximize learning Integration of technology into the curriculum even when computer accessibility is extremely limited Classroom tested ready to use unit plans Modification strategies for learning disabled and English Language Learners Reproducible forms Multiple Intelligence assessments group and individual assessment strategies and grading rubrics Numerous references and Web resources for further support including the author s weekly updated Web site The cooperative learning techniques put forth in Cooperative Work Groups are designed to emphasize the students best learning styles and integrate the newest technology into their work ensuring their success as individuals working together in groups on long term projects in today s work society
