Banaras Winand M. Callewaert, Robert Schilder, 2000 Mysore to Mussoorie via Banaras Shoumik De, 2022-07-04 This is a collection of three short stories based on three cities three mesmerising and mysterious cities of India These preternatural cities are a character themselves The cities stood by themselves for hundreds of years holding numerous darkness within Cities made of stones and bricks have turned their residents into stones and bricks from within It s ironic that cities brimming with dazzling lights and yet you would find that the darkness had seeped deep within the hearts of the dwellers And from the womb of that darkness the stories are born In Mysore a group of writers gets killed one by one before the launch of their book while in Benaras a serial killer finds himself trapped in the city and in a labyrinth of nightmares meanwhile in Mussoorie a group of friends experiences some eerie and inexplicably bizarre incident while visiting a friends house for a get together Will they all survive the ordeal and live to tell the tale *The World of the Banaras Weaver* Vasanthi Raman, 2019-08-05 This book is a fascinating investigation into how communalism plays out in everyday India Using the metaphor of tana bana the warp and the weft of the Banarasi sari the author reproduces the interwoven life of Hindu Muslim relations in the Banarasi sari industry As the city of Banaras in Uttar Pradesh takes the centre stage as the site of this ethnographic study the author documents the dissonance in representations of Banaras as a sacred Hindu city and its essential plural character The volume examines in depth the lives of Banaras Muslims in the social and economic matrix of the sari industry highlights how women negotiate between home family and their place in the artisanal industry and sheds light on their fast changing world of the Banaras weavers and their responses to it With a new introduction and fresh data the second edition looks at the subsequent developments in the weaving industry over the last decade This volume will be of immense interest to scholars and researchers of social anthropology gender studies development studies sociology and South Asian studies *Culture and Power in Banaras* Sandria B. Freitag, 2023-11-10 This collection of ten essays on Banaras one of the largest urban centers in India s eastern Gangetic plain is united by a common interest in examining everyday activities in order to learn about shared values and motivations processes of identity formation and self conscious constructions of community Part One examines the performance genres that have drawn audiences from throughout the city Part Two focuses on the areas of neighborhood leisure and work examining the processes by which urban residents use a sense of identity to organize their activities and bring meaning to their lives Part Three links these experiences within Banaras to a series of larger worlds ranging from language movements and political protests to disease ecology and regional environmental impact Banaras is a complex world with differences in religion caste class language and popular culture the diversity of these essays embraces those differences It is a collection that will interest scholars and students of South Asia as well as anyone interested in comparative discussions of popular culture This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice

reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1989 **The Artisans of Banaras** Nita Kumar,2017-03-14 Nita Kumar offers an evocative and sensitive portrayal of rarely explored aspects of Hindu culture through her analysis of the way leisure time is used by Hindu and Muslim artisans of Banaras the weavers metalworkers and woodworkers Music festivals the place of physical culture and the importance of going to the outer side all are examined as Kumar looks at changes that have occurred in leisure time activities over the last century The discussion raises questions of the cultural and conceptual aspects of working class life the role of fun and play in Indian thought the importance of public activities in terms of personal identity and the meaning of an Indian city to its residents This analysis turns away from the usual models of Hindu Muslim conflict by seeing divisions based on occupation income level education and urban neighborhood as more relevant for the construction of identity than those based on religion or community Kumar draws her information from police station records Hindi newspapers and periodicals publications of local individuals and organizations oral history and ethnographic data Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Cultural Histories Michael S. Dodson, 2021-01-31 The book presents a rich and surprising account of the recent history of the north Indian city of Banaras Supplementing traditional accounts which have focused upon the city's religious imaginary this volume brings together essays written by acknowledged experts in north Indian culture and history to examine the construction of diverse urban identities in and after the British colonial period Drawing on fields such as archaeology literature history and architecture these accounts of Banaras understand the narratives which inscribe the city as having been forged substantially in the experiences of British rule But while British rule transformed the city in many respects the essays also emphasize the importance of Indian agency in these processes The book also examines the essential ambiguity of modernization schemes in the city as well as the contingency of elements of religious narrative The introduction moreover attempts to resituate Banaras into a wider tradition of urban studies in South Asia The book will be of interest to not only scholars and students of north Indian culture and urban history but also anyone looking to gain a deeper appreciation of this remarkable and complex city

Banaras Rana Singh, 2009-10-02 Narrating the making of the Hindus most sacred and heritage city of India Banaras this book will serve as lead reference and insightful reading for understanding the cultural complexities archetypal connotations rituals and vivid heritagescapes that maintain India's pride of history and culture

Visualizing Space in Banaras Martin Gaenzsle, Jörg Gengnagel, 2006 The city of Banaras is widely known as a unique impressive and particularly ancient historical place But for many it is above all a universal cosmic and in a sense timeless sacred space Both of these seemingly contrasting depictions contribute to how the city is experienced by its inhabitants or visitors and there is a great variety of sometimes competing views Kasi the Luminous the ancient Crossing the city of Death the place of Hindu Muslim encounter and syncretism the cosmopolitan centre of learning etc The present volume deals with the multiple ways this urban site is visualized imagined and culturally represented by different actors and groups The forms of visualizations are manifold and include buildings paintings drawings panoramas photographs traditional and modern maps as well as verbal and mental images The major focus will thus be on visual media which are of special significance for the representation of space But this cannot be divorced from other forms of expressions which are part of the local life world Lebenswelt The contributions look at local as well as exogenous constructions of the rich topography of Kasi and show that these imaginations and constructions are not static but always embedded in social and cultural practices of representation often contested and never complete

Parry, 1994-07-07 A study of Hindu death rituals and the sacred specialists who perform them in the Indian city of Banaras **Banaras** Diana L. Eck, 2013-06-05 The sacred city of Banaras on the River Ganges is one of the oldest living cities in the world as old as Jerusalem Athens and Peking It is the place where Shiva the Lord of All is said to have made his permanent home since the dawn of creation There are few cities in India as traditionally Hindu and as symbolic of the whole of Hindu culture as Banaras In this eloquent finely

observed study Diana Eck shows how the city over the centuries has become a lens through which the Hindu vision of the world is precisely focused She reveals the spiritual and historical resonance of this holy place where great sages such as the Buddha and Shankara were taught where ashrams palaces and universities were built where God has been imagined and imagined in a thousand ways She describes the rites of its temples the busy life of its riverfront and the exuberance of its festivals She tells how people travel from all over India to Ban ras for the privilege of dying a good death here for they believe that on the banks of the River Ganges where the atmosphere of devotion is improbable in its strength it is possible to be released from the earthly round forever In her account of the sacred history geography and art of the city its elaborate and thriving rituals its myths and literature and its importance to pilgrims and seekers Diana Eck uses her wealth of scholarship to make the Hindu tradition come powerfully alive so that we come to understand the meaning of this sacred city to the millions of believers who have been coming here for over 2 500 years *Banaras Reconstructed* Madhuri
