Norfolk In The First World War

Neil R. Storey

Norfolk In The First World War:

Norfolk in Wartime Bruce E. Field, 1978 **Norfolk in the First World War** Frank Meeres, 2004 WHAT WAS LIFE LIKE for Norfolk people during the First World War This book sets out to answer that question largely through contemporary sources letters diaries and journals together with a wide range of visual material It looks at life on the battlefronts throughout the world as well as men serving at sea and in the air It focuses on the home front too and the widening contribution of women both in such traditional roles as nursing and in a vast range of other occupations The book considers many other issues such as conscription conscientious objection air raids fear of invasion and the dangers of war to local fishermen It describes how these dramatic events affected the lives of ordinary people their patterns of work diet and social behaviour The author also discusses the careers of world famous Norfolk figures such as Edith Cavell the nurse who was shot by the Germans and others who deserve to be better known like George Roberts the Labour MP for Norwich whose strong support for the war gained him a seat in the Cabinet but drove him away from his former friends in the Labour Party However the book's main emphasis is on how men women and children in the county lived and sometimes died during the four years of the Great War After a chapter on strangers within the county refugees prisoners of war and enemy aliens the book ends by looking at how individual communities chose to remember their dead The author is a well known local historian who has long had a particular interest in the First World War In a gripping narrative he has skilfully combined these two areas of expertise to produce a very readable contribution to the history of Norfolk It will appeal as much to the younger reader interested in the past as to those senior citizens for whom that great conflict and its aftermath is still a living memory

Norfolk in the First World War Stephen Paul Nasca, 1979 Norfolk's Military Heritage Neil R. Storey, 2019-02-15 Norfolk's Military Heritage looks at the military legacy of this county on land by air and at sea from Roman times to the present day **A Life in Norfolk's Archaeology: 1950-2016** Peter Wade-Martins, 2017-11-03 A personal history of Peter Wade Martins archaeological endeavour in Norfolk set within a national context It covers the writer's early experiences as a volunteer the rise of field archaeology as a profession and efforts to conserve archaeological heritage Virginia and the Great War Lynn Rainville, 2018-02-20 Virginia played an important role during World War I supplying the Allied forces with food horses and steel in 1915 and 1916 After America entered the war in 1917 Virginians served in numerous military and civilian roles Red Cross nurses sailors shipbuilders pilots stenographers and domestic gardeners More than 100 000 were drafted more than 3600 lost their lives Almost every city and county lost men and women to the war The author details the state's manifold contributions to the war effort and presents a study of monuments erected after the war *Mass Conservatism* Stuart Ball, Ian Holliday, 2013-10-18 The papers that comprise this volume reveal how people are intent on preserving not only their wealth but culture too The individual contributions identify the key arguments used to coax voters whose natural sympathies might gravitate to the left to vote for the Conservative Party en masse *Norfolk's Pilgrim Routes*

Andy Bull,2025-08-15 Rediscovered the ancient pilgrim routes in Norfolk and picks out the people and places linked with them on the way With this book readers and walkers today can explore the full breadth of Norfolk s rich pilgrim history **Land, Labour and Agriculture, 1700-1920** G. E. Mingay,B. A. Holderness,Michael Turner,1991-01-01 The challenges and opportunities offered to British farming by the profound changes of the eighteenth and nineteenth centuries make these years of outstanding interest to the agricultural historian These original essays are presented to Gordon Mingay the most distinguished historian of the Agricultural Revolution and reflect his own interests in three central themes landownership and landed society rural labour and agriculture both as a business and as a way of life The Norfolk Regiment on the Western Front: 1914-1918 Steve Smith,2021-12-02 Steve Smith tells the story of the five Battalions of the Norfolk Regiment who served on the Western Front using previously unseen photographs diaries accounts and letters He has also had full access to the Norfolk Regiment Museum archives It is the men who served in the Norfolks who will tell this story This book will interest readers nationally locally as it not only studies the Regiment s participation in well known battles such as Ypres and the Somme but also takes a fresh look at the lesser known battles fought battles such as Elouges in 1914 and Kaiserschlacht in 1918 Steve has considered the German perspective too looking at the men who faced them at places such as Falfemont Farm in 1916 Using new evidence from the Regiment s participation in the Christmas Truce he separates the truth from myth surrounding the stories of football played at this time a controversy that still rages Steve has walked the ground over which they fought and fresh maps complement this research so the book serves as a history book for those at home and a guidebook for those who wish to get out and explore down to trench level the ground covered in its pages
