Private Politics and Public Voices Nikki Brown, 2006-12-28 This political history of middle class African American women during World War I focuses on their patriotic activity and social work Nearly 200 000 African American men joined the Allied forces in France At home black clubwomen raised more than 125 million in wartime donations and assembled comfort kits for black soldiers with chocolate cigarettes socks a bible and writing materials Given the hostile racial climate of the day why did black women make considerable financial contributions to the American and Allied war effort Brown argues that black women approached the war from the nexus of the private sphere of home and family and the

public sphere of community and labor activism Their activism supported their communities and was fueled by a personal attachment to black soldiers and black families Private Politics and Public Voices follows their lives after the war when they carried their debates about race relations into public political activism

True South Jon Else, 2017-01-24 TRUE SOUTH does several things at once On one level it's a biography On another it's a lucid recap of many of the signal events of the civil rights movement A warm and intelligent book The New York Times No one is better suited to write this moving account of perhaps the greatest American documentary series ever made Else tells the story with the compassion and eloquence it deserves Adam Hochschild author of KING LEOPOLD'S GHOST BURY THE CHAINS and TO END ALL WARS The inside story of Eyes on the Prize one of the most important and influential TV shows in history Published on the 30th anniversary of the initial broadcast which reached 100 million viewers Henry Hampton's 1987 landmark multipart television series Eyes on the Prize an eloquent plainspoken chronicle of the civil rights movement is now the classic narrative of that history Before Hampton the movement's history had been written or filmed by whites and weighted heavily toward Dr King's telegenic leadership Eyes on the Prize told the story from the point of view of ordinary people inside the civil rights movement Hampton shifted the focus from victimization to strength from white saviors to black courage He recovered and permanently fixed the images we now all remember but had been lost at the time Selma and Montgomery pickets and fire hoses ballot boxes and mass meetings Jon Else was Hampton's series producer and his moving book focuses on the tumultuous eighteen months in 1985 and 1986 when Eyes on the Prize was finally created It's a point where many wires cross the new telling of African American history the complex mechanics of documentary making the rise of social justice film and the politics of television And because Else like Hampton and many of the key staffers was himself a veteran of the movement his book braids together battle tales from their own experiences as civil rights workers in the south in the 1960s Hampton was not afraid to show the movement's raw realities conflicts between secular and religious leaders the shift toward black power and armed black resistance in the face of savage white violence It is all on the screen and the fight to get it all into the films was at times as ferocious as the history being depicted Henry Hampton utterly changed the way social history is told taught and remembered today
