film for educational cultural and publicity purposes It provides insights into the political and commercial use of cinema in the 20th century and significantly extends our understanding of the achievements of workers cinema in Britain

One Happy Old Priest Thomas K. Sullivan,2010-03-17 In *One Happy Old Priest* Father Thomas Sullivan looks back on his eighty years as a catholic a life that includes both family and scores of fine seminarians priests nuns and parishioners With an honest and rollicking writing style Father Sullivan recreates moments that stand out in his childhood seminary education priest training and life as a foreign missionary and pastor stateside *One Happy Old Priest* is one mans look at how the church has cultivated preserved and navigated decades of sometimes unwelcome change The volume includes photographs of family priests nuns and parishioners An appendix lists Columban Fathers mentioned in the text a testament of the many who dedicated their lives to the service of the church The epilogue draws attention to the man Father Sullivan believes represents the best of what the church has to offer then and now *America* ,1950 The Jesuit review of faith and culture Nov 13 2017 [Ireland, Sweden, and the Great European Migration, 1815-1914](#)

Donald Harman Akenson,2011-08-23 This book is the product of Donald Akenson s decades of research and writing on Irish social history and its relationship to the Irish diaspora it is also the product of a lifetime of trying to figure out where Swedish America actually came from and why These two matters Akenson shows are intimately related Ireland and Sweden each provide a tight case study of a larger phenomenon one that for better or worse shaped the modern world the Great European Diaspora of the true nineteenth century Akenson s book parts company with the great bulk of recent emigration research by employing sharp transnational comparisons and by situating the two case studies in the larger context of the Great European Migration and of what determines the physics of a diaspora no small matter as the concept of diaspora has become central to twenty first century transnational studies He argues against the increasing refusal of mainstream historians to use empirical databases that the history community still has a lot to learn from economic historians and simultaneously that despite the self confidence of their proponents narrow economically based explanations of the Great European Migration leave out many of the most important aspects of the whole complex transaction Akenson believes that culture and economic matters both count and that leaving either one on the margins of explanation yields no valid explanation at all [The Oxford History of the Irish Book, Volume V](#)

Clare Hutton,Patrick Walsh,2011-06-23 Part of a series providing an authoritative history of the book in Ireland this volume comprehensively outlines the history of 20th century Irish book culture This book embraces all the written and printed traditions and heritages of Ireland and places them in the global context of a worldwide interest in book histories *Better Business* ,1917

Christian Socialism Michael Gillespie, 2017-02-14. This book is a companion to my book *The Theoretical Solution to the British Irish Problem* which gives a suggested constitution for the Federal Kingdom of Ireland and it recognizes a right center and left political structure of the Federation. The left structure is the Irish Christian Social and Democratic Party. Christian Socialism is peaceful in its origins and present form and is opposed to the violence of Marxist

class conflict In place of class struggle Christian Socialism places class togetherness Christian Socialism envisages a New Ireland and a New Ireland needs a new economic theory of the left Georgeist economics fits the bill George argued that land shouldn't be owned by individuals but collectively by the people He held that there should be only a single land tax raised to meet the expenses of the state This was a popular economic theory in the nineteenth century but was crushed by neoclassical economists such as Marx in the interests of the landed gentry in Ireland and England Marx condemned the excesses of capitalists in their exploitation of labor but was silent when it came to the exploitation of tenant farmers in Ireland by the landed gentry Georgeist economics need to be looked at again in twenty first century Ireland
