### **Queer Studies and Education**

Nelson M. Rodriguez, Robert C. Mizzi, Louisa Allen, Rob Cover, 2023 *Queer Studies and Education* An International Reader explores how the category queer as a critical stance or set of perspectives contributes to opportunities individually and collectively for advancing queer social justice within the context and concerns of schooling and education The collection takes up this general goal by presenting a cross section of international perspectives on queer studies in education Collectively the chapters critically engage with heteronormativity and normativity more generally as a political spectrum over a broad range of formal and informal sites of education and against a backdrop of critiques of liberalism and neoliberalism as the frameworks through which achievable social change and belonging are fostered particularly within educational settings
