## **Quest Of Wholeness An Evaluation Of The:**

*The Philosopher's "I"* J. Lenore Wright, 2012-02-01 This book examines philosophers autobiographies as a genre of philosophical writing Author J Lenore Wright focuses her attention on five philosophical autobiographies Augustine s Confessions Descartes Meditations Rousseau s The Confessions Nietzsche s Ecce Homo and Hazel Barnes s The Story I Tell Myself In the context of first person narration she shows how the philosophers in question turn their attention inward and unleash their analytical rigor on themselves Wright argues that philosophical autobiography makes philosophical analysis necessary and that one cannot unfold without the other Her distinction between the ontological and rhetorical dimensions of the self creates a rich middle ground in which questions of essence and identity bear upon existence **Frantz Fanon for the 21st Century Volume 1 Frantz Fanon's Discourse of Racism and Culture, the Negro and the Arab**

**Deconstructed** Daurius Figueira, 2018-11-19 Frantz Fanon 1925 1961 in the 1950s unleashed his discourse of the black white complex and the Negro thereby commencing his contribution to the international movement for liberation from colonial oppression and racism through a specific process of decolonisation In the 21st century the intensifying wave of racist assaults on non white peoples in the North Atlantic has once again raised the issue of racism white people and the North Atlantic State This book focuses on WE the non whites in our complicity with North Atlantic white supremacy through a deconstruction of Fanon s discourse which presents a 21st century analysis of the 21st century non white reality of our self hate self immolation and racism against non whites as ourselves and the beneficiary of this self hate white North Atlantic hegemony **Africa's Social and Religious Quest** Randee Ijatuyi-Morphé, 2014-01-30 This well crafted book probes the key dimensions of Africa s existential predicament It constitutes an intellectual response to a gnawing African situation the starting point for grasping Africa s social and religious quest Beyond split explanations of external versus internal factors e g colonization slavery vs leadership cultural values this study accounts more comprehensively for emergent issues shaping this situation The situation reflects a gamut of problems in traditional African religion and material culture which hitherto defines African communality politics and destinies vis vis the cosmos and nature Thus African religion and communities each with its own attendant values do not operate by critical engagement with larger issues of society and civilization especially those shaped by the advent of post modernity Rather they operate via adaptation The communal drive for natural and social harmony inevitably produces a preservationist view of culture leaving things as they are This study takes an integrative approach to religion society and civilization eschews dichotomies and broadly defines and re signifies life and wholeness as a true end of Africans quest today

feeling of guilt This unreasonable guilt that a marginalized is subjected to disturbs his communicative competence As a result he will try to develop sense of negativism related towards his own language This feeling is the initial reaction to the process which is going to over bulldoze the victim in due course of time The reader will find such instances of victimization and also example of doing violence with words in the following chapters

### **The Politics of the Dreamscape**

Seth Rogoff,2021-08-25 This book traces the intersection of dreams and power in order to analyze the complex ways representations of dreams and paradigms of dream interpretation reinforce and challenge authoritarian hierarchical structures The book puts forward the concept of the dreamscape as a pre representational space that contains anarchistic attributes including its instability or chaotic nature and the lack of a stable or core selfhood and identity in its subjects The book situates this concept of the dreamscape through an analysis of the Daoist notions of the transformation of things and hundun chaos and the biblical concept of tehom the deep Using this conceptual framework this book analyzes paradigmatic moments of dream interpretation along a spectrum from radical anarchist assertions of the primal dreamscape to authoritarian dream texts that seek to reify identity define and establish hierarchy and support coercive relationships between unequal subjects The book s key figures include William Blake Robert Frost Jacob and Joseph from Genesis Sigmund Freud Carl Jung Jean Rhys Franz Kafka and the neurobiologist J Allan Hobson

### Nietzsche and Jung Lucy

Huskinson,2004-07-22 Was Jung s interpretation and assessment of Nietzsche accurate Nietzsche and Jung considers the thought and personalities of two icons of twentieth century philosophical and psychological thought and reveals the extraordinary connections between them Through a thorough examination of their work Nietzsche and Jung succeeds in illuminating complex areas of Nietzsche s thought and resolving ambiguities in Jung s reception of these theories The location and analysis of the role played by opposites in the whole self according to Jung is considered revealing the full extent of Nietzsche s influence This rigorous and original analysis of Jungian theory and its philosophical roots supported by Jung s seminars on Nietzsche s Zarathustra leads to the development of a fresh interpretation of the theories of both The shared model of selfhood is put into practice as the personalities of Nietzsche and Jung are evaluated according to the other s criteria for mental health attempting to determine whether Nietzsche and Jung were themselves whole Nietzsche and Jung demonstrates how our understanding of analytical psychology can be enriched by investigating its philosophical roots and considers whether the whole self is a realistic possibility for each of us This book will prove fascinating reading for students in psychology philosophy and religion as well as practicing Jungian analysts

The New Eon: Analysis of the Universal Field of Consciousness Timothy G. Benson, 2024-07-31 Timothy G Benson explores disparate eras of human consciousness and their fruition as a global collective paradigm shift Initially detected by surprise this profoundly significant event in human consciousness has recontextualized history the future of civilization and the very nature of our universe itself **Strange, Surprising, Sure** Robert Cummings Neville, 2024-10-01 In Strange Surprising Sure Robert Cummings Neville presents a theory of being change and value and engages other philosophers who deal with these concepts The book's central thesis is that the entire created world includes everything determinate and thus the creator does not exist within creation Strangely this reverses nearly everything in the Western tradition Surprisingly this thesis is approached from a great many angles all of which are within the Western South Asian or East Asian traditions Surely put this thesis will win out in the long run Although Neville writes for an English reading audience he engages with thinkers from all these traditions **Method and Context as Problems for Contemporary Theology** Hans Schwarz, 1991 A proposal for the need to concentrate on the basic and simple art of doing theology in the context of a world which needs a word that is distinct from its own a world alienated from God and still yearning to overcome its primordial alienation Theology must be able to convey the ultimate message which is without equal to overcome being a minority voice in an overcrowded market TST 58 89 95 248pp 1991 *Proceedings of the 2nd Biennial South African Conference on Spirituality and Healthcare* Annemarie Oberholzer, André de la Porte, 2018-06-11 Illness causes an existential crisis for people as it confronts them with the fragility vulnerability and finitude of the human condition Serious illness and hospitalisation can be challenging and life changing experiences especially in a context with poor resources and limited support Healthcare workers meet patients in this space of disarray Human qualities such as faith hope and compassion become crucial aspects of care Patients responses to these qualities highlight the importance of spirituality as part of holistic care not only for the patients and their families but also for the healthcare worker The 2nd Biennial South African Conference on Spirituality and Healthcare brought together leading experts from different disciplines and offered a variety of perspectives to explore the ways in which spirituality interacts with healing growth and wholeness in healthcare This volume addresses principles and practices for spirituality and healthcare spiritual assessment the role of community psychology models of spiritual care volunteers and children's spirituality in healthcare *Search Without Idols* W. Horosz, 2012-12-06 Search Without Idols is a

study of human transcendence in the context of human striving projecting surpassing overcoming This power is central to man s search for wholeness Such transcendence makes reality tolerable It provides us with m impressive array of human responses which enable us to cope But it also provides the excesses that go beyond human striving Nothing seems to be off limits to this ubiquitous power Such a state of surpassing limits is what we find in the relation between the human search for wholeness and the quest for external totalities which lies beyond the human context Such soaring flights beyond the capacity of human striving are hard to control impossible to show responsibility for and beyond the reach of criteria The reach exceeds both our grasp and our control Transcendence then is a greatly used and much abuse human power Its activities have never ceased to amaze me its excesses have always troubled me even from the beginning of my studies This book is not an exercise in self clarification I have some thoughts on the matter which I wish to share with the reader Perhaps we can mutually appreciate the great gift without compromising our sanity Part I will provide a new look at the meaning of transcendence
