Quest Diogenes Allen,1990-01-01 An invitation to look at Jesus of Nazareth to determine for yourself whether what he did and said satisfies your concern with the big questions of life and the significance of your own life *The Living Church*

,1962 **The Catholic Church and the World Religions** Gavin D'Costa,2011-04-28 There is no single standard textbook that outlines the official Roman Catholic theological position in relation to other religions which then explicates this orientation theologically and phenomenologically in relation to the four main religions of the world and the flowering of new religious movements in the west The present project will cover this serious gap in the literature After outlining the teaching of Vatican II and the magisterium since then chapter one each subsequent chapter will be divided equally between a an exposition of the history and features of the religion or movement being studied and b a serious theological analysis of these features showing how these religions do have elements in common as well as how they differ in fundamental ways from Catholicism

Atheists Finding God Jana S. Harmon,2023-02-28 In a Western culture of increasing skepticism towards conservative Christianity what motivates intellectually driven atheists to believe in the reality of God and become passionate followers of Christ Review of social science literature confirms a predominant functional approach to religious conversion effectively reducing a complex substantive phenomenon to a partial functional explanation In response the chief focus of this book is to take a broader look at religious conversion to determine the precursors and pathways from atheistic disbelief to belief in God and Christianity within an educated population Findings are drawn from PhD based research evaluating a broad range of functional and substantive variables influencing religious conversion Data was collected through both survey and interview of fifty educated skeptical atheists in the contemporary West who once held belief God and Christianity as implausible unattractive and irrelevant Yet they became utterly convinced that the Christian faith was true and good worth personal life commitment These former atheists not only experienced a change of their worldview but also a dramatic transformation of their whole world In depth narrative analysis revealed the integrated transformative nature of religious conversion in areas of sense making identity experience meaning and purpose community language and spirituality Overall this book advances the case for using an inclusive transformational perspective in future description conception and modeling for religious conversion of atheists to conservative forms of Christianity

Spirit, Freedom and Power Angelo Ulisse Cettolin,2016-07-21 The Pentecostal movement emerged at the turn of the twentieth century emphasizing the need for Christians to have a powerful experience of the Holy Spirit It advocated the return to a pristine early Spirituality in which

empowerment by the Spirit was essential Recently Pentecostal and Charismatic movements are playing down the classic expressions and moving towards more mainline approaches As church movements develop they become more structured less spontaneous and more routine But is this always inevitable The author explores a contemporary Pentecostal movement to discover whether a radical spirituality still can effectively interface with a complex twenty first century world This insightful research finds a Pentecostal spirituality that is flexible adaptive and innovative and despite humble origins now is making inroads into the middle class While tensions over charismatic freedom remain the developing organizational structure is facilitating significant growth Valuable lessons for Christians of all persuasions are found and some creative theological developments are suggested for church structure and for expanding traditional understandings of baptism in the Holy Spirit

Blur Jeffrey Keuss,2014-02-04 BETTER INFORMED BETTER EQUIPPED TO MINISTER to today's blurred youth culture Mobile Connected Wired in This is a generation that skips over perceived cultural boundaries and resists definition They are a mash up of identity a blur of old categories and classes Creators and consumers of a rapidly changing culture But how does one reach a demographic that is so difficult to pin down Many of the most popular approaches to youth ministry today begin by portraying youth as collections of fixed snapshots profiles based on sociological research studies Yet according to Dr Jeff Keuss today's teens cannot be adequately characterized by these simplistic and static descriptions Keuss argues that what is needed instead is a qualitative approach to describing young people one that recognizes the blurred nature of today's mobile youth culture Jeff Keuss presents an optimistic new way of thinking about youth one that sees them more holistically and less clinically As we learn to see youth culture through this new lens we will become better informed and better equipped to minister to the teens of today's rapidly changing world **The Creative Suffering of the Triune God** Gloria L.

Schaab,2007-10-18 The global reality of suffering and death has always demanded an authentic theological response and impelled debate concerning God's relationship to suffering as well as the conceivability of the suffering of God The scope and

impact of this suffering in the last century have driven this debate to an acute pitch demanding to know how one can speak rightly of God in view of the suffering that is inherent and inflicted in the cosmos While in former ages some looked to an omnipotent and impassible deus ex machina in answer to this question many contemporary theologians have revised their understanding of God in relation to the world With these theologians Gloria Schaab proposes that a viable response to cosmic suffering is the recognition that the triune Christian God participates in the very sufferings of the cosmos itself She sets her argument within theology and science dialogue and specifically within the work of scientist theologian Arthur Peacocke Informed by the understandings of evolutionary science grounded within a panentheistic paradigm of the God world relationship and rooted within the Christian theological tradition this work contends that the understanding of the Triune God as intimately involved with the suffering of the cosmos is viable and efficacious in view of the suffering of the cosmos and its creatures It develops a female procreative model of the creative suffering of the Triune God an ecological ethics based on the midwife model of care and a pastoral model of threefold differentiation of suffering in God as steps toward Christian praxis in response to the mystery of God within the pain suffering and death of cosmic existence and human experience *The Identified Life of Christ* Joe Norvell, 2005-06 [What Is Justification About?](#) Michael Weinrich, John P. Burgess, 2009-03-23 This book offers a Reformed perspective on contemporary ecumenical discussion by carefully exploring the biblical message of justification and then demonstrating how justification as a doctrine functions as an integrative theological principle Written by an international group of distinguished Reformed scholars with the support of the World Alliance of Reformed Churches [What Is Justification About](#) also considers the relevance of justification for social ethics and contemporary cultural issues Contributors Martien Brinkman John P Burgess George Hunsinger Chris Mostert Fazakas Sndor Dirkie Smit Laura Smit Katherine Sonderegger Henk M Vroom John Webster Michael Weinrich [Christian Identity](#) International Reformed Theological Institute. International Conference, 2008 The volume offers contributions reflecting the understanding of Christian identity in the midst of changing cultural socio economic political and religious context in a globalized world **Spiritual Leadership** Thomas G. Bandy, 2016-09-20 The idea that certain kinds of people gravitate toward certain kinds of leaders has been around for a long time There are exceptions and degrees of commitment of course People as individuals are complicated and changeable On the other hand people as groups are remarkably consistent and predictable There are patterns The typical follower of this leader has these characteristics The typical follower of that leader has those characteristics Conversely this group of people tends to look for believe in and listen to this kind of leader and that group of people tends to look for believe in and listen to that kind of leader There are trends Certain kinds of people are more responsive to certain kinds of leaders Certain kinds of leaders seem to be more empathic toward and understanding of certain kinds of people They seem to know some contexts certain needs and distinct attitudes better than others If you follow the career of a leader you can anticipate who they will gather around them and where they will be most effective Bandy

shows how this is true for church leaders too and introduces ideas of different types of leaders attracting different groups of followers Knowing your type will help you know who will be attracted to your leadership style *Essentials of Catholic Radicalism* Corneliu C. Simuț, 2011 The book describes the fundamental tenets of Catholic Radicalism defined as an understanding of Christianity from a perspective which dismisses the traditional supernatural image of God The essentials of Catholic Radicalism are extracted from the works of Vito Mancuso a lay Italian theologian whose intention is to rebuild Christian theology starting from the natural and physical reality of this world Mancuso insists that he is a Catholic theologian despite his conviction that God should be seen today in atheistic terms which help us understand the world from a rational perspective The use of reason in theology is compulsory for Mancuso in order for theology to make sense in the skeptical society of our times which is characterized by a powerful lay consciousness *Pluralisation and social change* Lars Charbonnier, Johan Cilliers, Matthias Mader, Cas Wepener, Birgit Weyel, 2018-09-24 Die Pluralisierung des Religiösen die ein besonders prägnantes Kennzeichen gegenwärtig stattfindender gesellschaftlicher Wandlungsprozesse ist stellt eine enorme Herausforderung für viele Akteure in Kirche Zivilgesellschaft Wirtschaft und Politik dar Das Ziel dieses Buches ist es den Begriff der religiösen Pluralisierung zu schärfen indem er am Beispiel konkreter religiöser Phänomene und Praktiken entfaltet wird Der Band umfasst Beiträge zu zwölf Themenfeldern die für die praktisch theologischen Diskurse in Südafrika und in Deutschland prägend und gegenwärtig von hoher Relevanz sind Armut und Reichtum Bildung Schwellenriten und Passagen Gesundheit Religiöse Vergemeinschaftungen und die Zukunft der Kirche Lebensanfang und Lebensende Medienwandel Migration und Interkulturalität Populismus und Radikalisierung Religion und Wissen Umgang mit Vergangenheit Zusammenleben Mit diesem dialogischen Verfahren wird ein Beitrag zu einer kontextuellen Theologie geleistet die Theologie wesentlich als Gespräch versteht Die Pluralisierungsthematik heißt Impulse für eine kreativ konstruktive Gestaltung von Pluralität im Sinne eines theologisch reflektierten Pluralismus bereit die für Kirche und Gesellschaft im 21. Jahrhundert wegweisend sein kann How to Find God in the Bible Woodrow Kroll, 2010-07-14 If you want to know God's heart the best way is to read His Word Back to the Bible president Woodrow Kroll takes the intimidation out of reading the Bible Designed to help ordinary people connect with God through His Word this book explores tangible ways to prepare yourself define your expectations and profit from the experience The author also shares personal discoveries that have revolutionized his understanding of Scripture You'll find simple keys to understanding the Bible and solid insights on making the intimate connection with God happen Some people have read God's Book for years without ever meeting the Author Do you struggle with the Bible wondering how to find God in the pages of His Word Wonder no more God is waiting for people just like you spiritual seekers who want to know the truth who want to meet Him personally In *How to Find God in the Bible* Woodrow Kroll will take you on a fascinating journey of personal discovery You'll learn how to understand the world's most important book and why you can trust it completely Inside you'll uncover insights that can change your life today And maybe for the

first time you'll encounter the God you've been looking for all along *Story Behind the Book* As a well known and respected Bible teacher I have often been asked I read that same passage and I didn't see that in there How do you find those insights that seem to be hidden to others I have written this book to help new believers and those struggling to make sense of their faith or the Bible It reveals my secrets to making sense of the Bible and makes simple what some may view as complicated in God's Word *Who am I?* Bernd Wannenwetsch, 2011-11-03 It has often been noted that poetry is a particularly suitable medium when it comes to understanding the connection between theology and biography Needless to say that this is particularly exciting in the case of Dietrich Bonhoeffer and the poems he wrote during his imprisonment by the Nazis Although any one of his ten poems should be read within their respective historical and biographical context they are also rounded self-sufficient pieces of work that cannot be explained by the biographical and theological prose that surrounds them They rather serve as a sort of creative and perhaps sometimes even critical interlocutor to these contexts This is why the contributors to this volume have not been asked to explain the poems but to facilitate this conversation the conversation between the reader and the poems between the individual poems as well as between the poems and Bonhoeffer's life and his theology These poems lend themselves ideally as an entry point into Bonhoeffer's theology in that each one of them resonates with a particular central theological concept that Bonhoeffer was developing in his prison years Themes and concepts such as friendship religion identity freedom representative action and others are not only represented in these poems but often expressed in the dense and compelling fashion that only poetic language affords As such they deserve the thorough and imaginative engagement of the international line up of first class theological authors gathered in this book *Discerning God's Will* Ben Campbell Johnson, 1990-01-01 Popular author Ben Campbell Johnson discusses how the will of God relies on the depths of the human psyche He addresses in specific terms how one may use intuition imagination and memory to ascertain the leading of God's will Johnson claims that once God's will is sensed one must trust that God will continue to give guidance For each chapter a series of reflection exercises is provided along with a brief guide to the process of discernment

The Future of Christology Dong-Kun Kim, 2019-06-28 *The Future of Christology* addresses the questions that Christology currently faces and or will face in the future in 12 topics The book consists of two parts In the first part Kim deals with five topics related to traditional Christology while in the second part he wrestles with seven topics related to issues of Christology The twenty first century is a challenging time for Christianity Many in our age are asking what Jesus Christ means in various dimensions of history culture nature and even beyond the Earth Changes in values worldviews and views of the universe are forming a new zeitgeist Dong-Kun Kim argues that ways of understanding Christ should change accordingly for a Christology that fails to communicate meaningfully with the times is void of vitality Postmodernism dehistoricization and life post ideology multiculturalism multiple religions and above all the rapid development of the natural sciences pose a serious challenge to traditional Christology Who is Christ in the age of an infinite cosmos How do daily human life social devotion

and praxis relate to salvation How can we discuss salvation history in an era post history Where does Christ stand in the public sphere Can the Chalcedonian definition of the two natures of Christ true God and true human being encompass nature and the cosmos would a third nature of Christ be necessary Will the cyborg which may appear in the near future be the object of Christ s salvation If scientific determinism becomes popular in the future will the basis of faith in Christ lose ground If intelligent life exists in the universe what does Christ mean to such life This book provides innovative answers to these questions in an academic context
