Cordier, 1965 The Dag Hammarskjöld Memorial Lectures Johnson Foundation (Racine, Wis.), 1965 **The Quest for Peace. The Dag Hammarskjöld Memorial Lectures. Edited by Andrew W. Cordier and Wilder Foote. [With a Portrait of Dag Hammarskjöld.]** Andrew Wellington CORDIER (and FOOTE (Wilder)), Wilder FOOTE, Dag HAMMARSKJÖLD, 1965 **The Nobel Peace Prize and the Laureates** Irwin Abrams, 2001 Presents brief biographical portraits of the 106 recipients of the Nobel Peace Prize during its 100 year history **The Quest for Peace. Cordier, Wilder Foote, 1965 **The Dag Hammarskjöld Memorial Lectures** Association of National Advertisers. Advertising Management Committee, Johnson Foundation (Racine, Wis.), William A. Owens, 1961 **Hammarskjöld** Roger Lipsey, 2013-03-18 After his mysterious death Dag Hammarskjöld was described by John F Kennedy as the greatest statesman of our century Second secretary general of the United Nations 1953-61 he is the only person to have been awarded the Nobel Peace Prize posthumously Through extensive research in little explored archives and personal correspondence Roger Lipsey has produced the definitive biography of Dag Hammarskjöld Hammarskjöld A Life provides vivid new insights into the life and mind of a truly great individual Hammarskjöld the statesman and Hammarskjöld the author of the classic spiritual journal *Markings* meet in this new biography and the reader will meet them both in these pages A towering mid twentieth century figure Hammarskjöld speaks directly to our time Nobel Lectures in Peace Frederick W. Haberman, 1999 <http://www.worldscientific.com/worldscibooks/10.1142/3741> The United Nations under Dag Hammarskjöld, 1953-1961 Peter B. Heller, 2001-10-23 Organized around the major events that marked Hammarskjöld's eight and a half years in office this volume takes stock of Hammarskjöld first as a person and then as an international functionary Also included are a bibliography chronology index and an appendix of significant documents A UN 'Legion' , **The Politics of Dialogue** Ranabir Samaddar, 2017-07-05 Offering a detailed analysis of post colonial South Asia *The Politics of Dialogue* discusses the creation and impact of borders and the pervasive tension between the new nations Neither all out war nor complete peace this fragile condition makes political leaders and strategists feel claustrophobic a war produces an end result but peace allows the rulers to carry out their policies for governing along their preferred path of development The book shows how cartographic communal and political lines are not only dividing countries but that they are being replicated within countries creating new visible and invisible internal frontiers It argues that in a situation where geopolitics constrains democracy the political class becomes incapable of coping with the tension between the inside outside eg democracy appears as an internal

problem and geopolitics appears as a problem related to the outside The Quest for Peace Johnson Foundation Inc,1965

The 20th Century Go-N Frank N. Magill,2014-03-05 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography The United Nations and Human Rights Frédéric Mégret,Philip Alston,2020-04-02 The very concept of human rights implies governmental accountability To ensure that governments are indeed held accountable for their treatment of citizens and others the United Nations has established a wide range of mechanisms to monitor compliance and to seek to prevent as well as respond to violations The panoply of implementation measures that the UN has taken since 1945 has resulted in a diverse and complex set of institutional arrangements the effectiveness of which varies widely Indeed there is much doubt as to the effectiveness of much of the UN's human rights efforts but also about what direction it should take Inevitable instances of politicization and the hostile or at best ambivalent attitude of most governments has at times endangered the fragile progress made on the more technical fronts At the same time technical efforts cannot dispense with the complex politics of actualizing the promise of human rights at and through the UN In addition to significant actual and potential problems of duplication overlapping and inconsistent approaches there are major problems of under funding and insufficient expertise The complexity of these arrangements and the difficulty in evaluating their impact makes a comprehensive guide of the type provided here all the more indispensable These essays critically examine the functions procedures and performance of each of the major UN organs dealing with human rights including the Security Council and the International Court of Justice as well as the more specialized bodies monitoring the implementation of human rights treaties Significant attention is devoted to the considerable efforts at reforming the UN's human rights machinery as illustrated most notably by the creation of the Human Rights Council to replace the Commission on Human Rights The book also looks at the relationship between the various bodies and the potential for major reforms and restructuring The Many Constitutions of Europe Suvi Sankari,2016-03-03 This volume makes a contribution to the ongoing lively discussion on European constitutionalism by offering a new perspective and a new interpretation of European constitutional plurality The book combines diverse disciplinary approaches to the constitutional debate It brings together complementing contributions from scholars of European politics economics and sociology as well as established scholars from various fields of law Moreover it provides analytical clarity to the discussion and combines theory with more practical and critical approaches that make use of the constitutional toolbox in analysing the tensions between the different constitutions The collection is a valuable point of reference not only for scholars
