Questioning Judaism Interviews:

Questioning Judaism Jacques Derrida, Elisabeth Weber, 2004 This volume presents the meditations of seven well known French thinkers on the special relations of their own intellectual pursuit to Judaism **Tough Questions Jews Ask** Edward Feinstein, 2003 With honesty humor and respect and without pretending to have all the answers Rabbi Feinstein encourages young people to tackle their tough questions about the world and to make sense of the Jewish tradition by wrestling with what we don't understand **The Ultimate Jewish Teacher's Handbook** Nachama Skolnik Moskowitz, 2003 This complete and comprehensive resource for teachers new and experienced alike offers a big picture look at the goals of Jewish education

Nine Questions People Ask About Judaism Dennis Prager, Joseph Telushkin, 1986-04-21 If you have ever wondered what being born Jewish should mean to you if you want to find out more about the nature of Judaism or explain it to a friend if you are thinking about how Judaism can connect with the rest of your life this is the first book you should own It poses and thoughtfully addresses questions like these Can one doubt God's existence and still be a good Jew Why do we need organized religion Why shouldn't I intermarry What is the reason for dietary laws How do I start practicing Judaism The Nine Questions People Ask About Judaism was written for the educated skeptical searching Jew and for the non Jew who wants to understand the meaning of Judaism It has become a classic and very widely read introduction to the oldest living religion Concisely and engagingly authors Dennis Prager and Joseph Telushkin present Judaism as the rational moral alternative for contemporary man **Voltaire's Jews and Modern Jewish Identity** Harvey Mitchell, 2012-08-21 Harvey Mitchell's book argues that a reassessment of Voltaire's treatment of traditional Judaism will sharpen discussion of the origins of and responses to the Enlightenment His study shows how Voltaire's nearly total antipathy to Judaism is best understood by stressing his self regard as the author of an enlightened and rational universal history which found Judaism's memory of its past incoherent and in addition failed to meet the criteria of objective history a project in which he failed Calling on an array of Jewish and non Jewish figures to reveal how modern interpretations of Judaism may be traced to the core ideas of the Enlightenment this book concludes that Voltaire paradoxically helped to foster the ambiguities and uncertainties of Judaism's future **The Art of Jewish Pastoral Counseling** Michelle Friedman, Rachel Yehuda, 2016-11-18 The Art of Jewish Pastoral Counseling provides a clear practical guide to working with congregants in a range of settings and illustrates the skills and core principles needed for effective pastoral counseling The material is drawn from Jewish life and rabbinic pastoral counseling but the fundamental principles in these pages apply to all faith traditions and to a wide variety of counselling relationships Drawing on relational psychodynamic ideas but writing in a very accessible style Friedman and Yehuda cover when how and why counseling may be sought how to set up sessions conduct the work in those sessions and deal with difficult situations maintain confidentiality conduct groupwork and approach traumatic and emotive subjects They guide the reader through the foundational principles and topics of pastoral counseling and illustrate the journey with accessible and lively vignettes By

using real life examples accompanied by guided questions the authors help readers to learn practical techniques as well as gain greater self awareness of their own strengths and vulnerabilities With a host of examples from pastoral and clinical experience this book will be invaluable to anyone offering counselling to both the Jewish community and those of other faiths The Art of Jewish Pastoral Counseling will appeal to psychoanalysts particularly those working with Jewish clients counselors psychotherapists psychoanalysts and rabbis offering pastoral counseling as well as clergy of other faiths such as ministers priests imams and lay chaplains Jewish Questions Ignaz Zollschan,1914 *Anti-Judaism* David Nirenberg,2013-01-28

Exhilarating a scholarly tour de force The story Nirenberg has to tell is not over Adam Kirsch Tablet This incisive history upends the complacency that confines anti Judaism to the ideological extremes in the Western tradition With deep learning and elegance David Nirenberg shows how foundational anti Judaism is to the history of the West Questions of how we are Jewish and more critically how and why we are not have been churning within the Western imagination throughout its history Ancient Egyptians Greeks and Romans Christians and Muslims of every period even the secularists of modernity have used Judaism in constructing their visions of the world The thrust of this tradition construes Judaism as an opposition a danger often from within to be criticized attacked and eliminated The intersections of these ideas with the world of power the Roman destruction of the Second Temple the Spanish Inquisition the German Holocaust are well known The ways of thought underlying these tragedies can be found at the very foundation of Western history

Bergo, Joseph Cohen, Raphael Zagury-Orly, 2009-08-25 Invited to answer questions about his relationship to Judaism Jacques
Derrida spoke through Franz Kafka As for myself I could imagine another Abraham He explores the movement between
growing up Jewish becoming Jewish and Jewish being or existence In his essay The Other Abraham which appears here in
English for the first time he imagines other Abrahams in light of the proclaimed universalism of philosophy and its recent
fragmentation into philosophemes Thus we no longer confront Judaism but Judeity multiple Judaisms and Jewish existences
manifold ways of being and writing as a Jew in Derrida's case as a French speaking Algerian deprived of then restored to
French nationality in the 1940s Contributions contrast Derrida's thought with philosophical predecessors such as
Rosenzweig Levinas Celan and Scholem and trace confluences between deconstruction and Kabbalah Derrida's relationship
to the universalist aspirations in contemporary theology is also discussed and an evaluation is offered of his late
autobiographical writings *Giving Beyond the Gift* Elliot R. Wolfson, 2014-02-03 This book explores the co dependency of
monotheism and idolatry by examining the thought of several prominent twentieth century Jewish philosophers Cohen Buber
Rosenzweig and Levinas While all of these thinkers were keenly aware of the pitfalls of scriptural theism to differing degrees
they each succumbed to the temptation to personify transcendence even as they tried either to circumvent or to restrain it by
apophatically purging kataphatic descriptions of the deity Derrida and Wyschogrod by contrast carried the project of
denegation one step further embarking on a path that culminated in the aporetic suspension of belief and the consequent
removal of all images from God a move that seriously compromises the viability of devotional piety The inquiry into apophasis
transcendence and immanence in these Jewish thinkers is symptomatic of a larger question Recent attempts to harness the
apophatic tradition to construct a viable postmodern negative theology a religion without religion are not radical enough Not
only are these philosophies of transcendence guilty of a turn to theology that defies the phenomenological presupposition of
an immanent phenomenality but they fall short on their own terms inasmuch as they persist in employing metaphorical
language that personalizes transcendence and thereby runs the risk of undermining the irreducible alterity and invisibility
attributed to the transcendent other The logic of apophasis if permitted to run its course fully would exceed the need to posit
some form of transcendence that is not ultimately a facet of immanence Apophatic theologies accordingly must be supplanted
by a more far reaching apophasis that surpasses the theolatrous impulse lying coiled at the crux of theism an apophasis of
apophasis based on accepting an absolute nothingness to be distinguished from the nothingness of an absolute that does not
signify the unknowable One but rather the manifold that is the pleromatic abyss at being's core Hence the much celebrated
metaphor of the gift must give way to the more neutral and less theologically charged notion of an unconditional givenness in

which the distinction between giver and given collapses To think givenness in its most elemental phenomenological sense is to allow the apparent to appear as given without presuming a causal agency that would turn that given into a gift **Love's Transcendence and the Problem of Theodicy** Claudia Welz, 2008 Claudia Welz explores responses to the problem of evil that do not end up in a theodicy Kierkegaard's and Rosenzweig's reasons for having no reason to defend God and their ethics of love are discussed in the context of German idealism and French phenomenology **BOOK JACKET** *Learning to Live Finally* Jacques Derrida, Jean Birnbaum, 2010-12-06 With death looming Jacques Derrida the world's most famous philosopher known as the father of deconstruction sat down with journalist Jean Birnbaum of the French daily Le Monde They revisited his life's work and his impending death in a long surprisingly accessible and moving final interview Sometimes called obscure and branded abstruse by his critics the Derrida found in this book is open and engaging reflecting on a long career challenging important tenets of European philosophy from Plato to Marx The contemporary meaning of Derrida's work is also examined including a discussion of his many political activities But as Derrida says To philosophize is to learn to die as such this philosophical discussion turns to the realities of his imminent death including life with a fatal cancer In the end this interview remains a touching final look at a long and distinguished career From the Trade Paperback edition
