When the Body Is the Target Sharon Klayman Farber,2002-11-05 In this comprehensive and insightful work Dr Sharon K Farber provides an invaluable resource for the mental health professional who is struggling to understand self harm and its origins Using attachment theory to explain how addictive connections to pain and suffering develop she discusses various kinds and functions of self harm behavior From eating disorders to body modifications such as tattooing Dr Farber explores the language of self harm and the translation of that language and its psychic functions in the therapeutic setting She tells us When the body weeps tears of blood we need to wonder what terrible sorrows cannot be spoken Brilliantly illustrated with rich clinical material this book offers a practical approach to the diagnosis assessment and treatment of the increasing number of patients whose emotions are expressed through bodily harm The challenges of working with patients who tend to view the world of relationships in terms of predator and prey are clearly explicated and the stormy countertransference responses that threaten to destroy the treatment are given a full hearing Finally she shows how the attachment relationship formed in treatment can repair the traumatic attachment in mind body psyche and soul and can serve as the cornerstone of therapeutic change A Jason Aronson Book *Dematerializing* Jane Hammerslough,2009-02-23 Getting what you want today is increasingly linked to buying something But is the purchase always enough Picking up where simplifying may not satisfy *Dematerializing* acknowledges the pleasures along with the pitfalls of living in a material world With a sharp reporter's eye and a wry sensibility Jane Hammerslough encourages readers to explore how a consumption crazed culture affects their own relationships with objects By considering what possessions can and can't do and by exploring where belief in the magic of the material encroaches on belief in ourselves and other people *Dematerializing* offers insight into the pressures of living in a possession obsessed environment and ways to tame materialism in our own lives Grounded by real world examples research and the author's own experience this inspiring book is for those who appreciate having nice things but are also disturbed by the control nice things sometimes have on their lives **The End of Motherhood** Jo Ann Lordahl,1990 Jo Ann Lordahl
