Real Reciprocity:

Reciprocity in International Law Marcin Kaldunski, 2024-12-27 The world is changing The era of globalization where the states have been eager to cooperate towards common aims might seem to be disappearing Russia expresses a contempt for international law China makes claim to power while the United States at least temporarily shows disregard to international institutions they themselves created in particular the WTO and the WHO The growing phenomenon of nationalistic and authoritarian leaders may seem to hamper the development of community interests Some states may be more inclined to resort to reciprocal behaviour as certain events indicate e g the exchange of prisoners of war in the Russia Ukraine conflict and an exchange of economic sanctions tit for tat or tat for tat The field of international law appears to be returning to first principles in the light of multiple world crises Thus reciprocity as a classic concept of international law may come back from the shadows be reinvented and reinforced to form one of the basic pillars in the relations among states Given the above the purpose of the book is to rediscover and identify the position and role of reciprocity in contemporary international law

Addresses Delivered to the Cleveland Democracy of Buffalo William S. Rann, 1891 Categories Giuseppe D'Anna, Lorenzo Fossati, 2018-03-01 Das Nachdenken ber die Kategorien markiert einen grundlegenden bergang in der Geschichte der Philosophie Durch die Theoretisierung dieses Problems erh lt die Philosophie jenen metareflexiven Charakter der wahrscheinlich eines der typischeren Merkmale philosophischen Wissens und ihrer Methode darstellt Das Kategorienproblem wurde im Laufe der Geschichte der Philosophie schrittweise durchdrungen aber nie endg ltig gel st In dieser Hinsicht kann die Geschichte der Kategorien im Rahmen der Philosophie nicht als abgeschlossen gelten tats chlich wird das Kategorienthema vom Altertum bis in die Gegenwart hinein analysiert und diskutiert ohne dass seine theoretische Fruchtbarkeit bereits ersch pft w re Die aktuelle Kategorienforschung muss sich unweigerlich mit der Geschichte der

Kategorien befassen wenn sie Fortschritte erzielen und bereits in der Vergangenheit begangene Fehler vermeiden will. Hieraus ergibt sich eine der Aufgaben des vorliegenden Bandes der von dem Ergebnis ausgeht Perspektiven und Wege der Kategoriengeschichte aufzuzeigen. Das Ergebnis ist nicht erschöpfend vielmehr wird ein erster und partieller Beitrag zu einem ausgedehnteren Projekt vorgelegt. The reflection upon the categories leaves a fundamental mark in the history of philosophy. By theorizing such issue philosophy gains a meta reflexive feature which is probably one of the most distinguishing traits of this kind of knowledge including its method. In the history of philosophy the question of the categories has been gradually investigated and clarified but it still remains to be solved. Therefore from a philosophical perspective the history of the categories is far from coming to an end since ancient times it has been debated and discussed thus revealing all its theoretical potential. Such a broad history should be taken into account by any present study that wants to represent a real progress in the research in order to avoid repeating errors that have been already made in the past. Among other things this is one of the objectives of the present volume which comes from the will to describe some paths and perspectives of this history without claiming to deliver an exhaustive overview and rather representing the first partial contribution to a wider project.
