*Why the West Rules - For Now* Ian Morris, 2011-01-14 Why does the West rule In this magnum opus eminent Stanford polymath Ian Morris answers this provocative question drawing on 50 000 years of history archeology and the methods of social science to make sense of when how and why the paths of development differed in the East and West and what this portends for the 21st century There are two broad schools of thought on why the West rules Proponents of Long Term Lock In theories such as Jared Diamond suggest that from time immemorial some critical factor geography climate or culture perhaps made East and West unalterably different and determined that the industrial revolution would happen in the West and push it further ahead of the East But the East led the West between 500 and 1600 so this development can t have been inevitable and so proponents of Short Term Accident theories argue that Western rule was a temporary aberration that is now coming to an end with Japan China and India resuming their rightful places on the world stage However as the West led for 9 000 of the previous 10 000 years it wasn t just a temporary aberration So if we want to know why the West rules we need a whole new theory Ian Morris boldly entering the turf of Jared Diamond and Niall Ferguson provides the broader approach that is necessary combining the textual historian s focus on context the anthropological archaeologist s awareness of the deep past and the social scientist s comparative methods to make sense of the past present and future in a way no one has ever done before **Summer Reading** Richard L. Allington, Anne McGill-Franzen, 2012-12-14 Summer reading loss accounts for roughly 80 percent of the rich poor reading achievement gap Yet far too little attention is given to this pressing problem This timely volume now offers not only a comprehensive review of what is known about summer reading loss but also provides reliable interventions and guidance Written by acknowledged experts and researchers on reading remedial reading and special education this collection describes multiple models of innovative summer reading and book distribution initiatives as well as research based guidelines for planning a successful summer reading program including tips on book selection distribution methods and

direction for crucial follow up Most important the authors clearly show how schools and communities can see greater academic gains for students from low income families using the methods described in this book than they can from much more costly interventions

*Slave Species of the Gods* Michael Tellinger, 2012-09-10 Our origins as a slave species and the Anunnaki legacy in our DNA Reveals compelling new archaeological and genetic evidence for the engineered origins of the human species first proposed by Zecharia Sitchin in *The 12th Planet* Shows how the Anunnaki created us using pieces of their own DNA controlling our physical and mental capabilities by inactivating their more advanced DNA Identifies a recently discovered complex of sophisticated ruins in South Africa as the city of the Anunnaki leader Enki Scholars have long believed that the first civilization on Earth emerged in Sumer some 6 000 years ago However as Michael Tellinger reveals the Sumerians and Egyptians inherited their knowledge from an earlier civilization that lived at the southern tip of Africa and began with the arrival of the Anunnaki more than 200 000 years ago Sent to Earth in search of life saving gold these ancient Anunnaki astronauts from the planet Nibiru created the first humans as a slave race to mine gold thus beginning our global traditions of gold obsession slavery and god as dominating master Revealing new archaeological and genetic evidence in support of Zecharia Sitchin s revolutionary work with pre biblical clay tablets Tellinger shows how the Anunnaki created us using pieces of their own DNA controlling our physical and mental capabilities by inactivating their more advanced DNA which explains why less than 3 percent of our DNA is active He identifies a recently discovered complex of sophisticated ruins in South Africa complete with thousands of mines as the city of Anunnaki leader Enki and explains their lost technologies that used the power of sound as a source of energy Matching key mythologies of the world s religions to the Sumerian clay tablet stories on which they are based he details the actual events behind these tales of direct physical interactions with god concluding with the epic flood a perennial theme of ancient myth that wiped out the Anunnaki mining operations Tellinger shows that as humanity awakens to the truth about our origins we can overcome our programmed animalistic and slave like nature tap in to our dormant Anunnaki DNA and realize the longevity and intelligence of our creators as well as learn the difference between the gods of myth and the true loving God of our universe

*Before the Pharaohs* Edward F. Malkowski, 2010-04-12 Presents conclusive evidence that ancient Egypt was originally the remnant of an earlier highly sophisticated civilization Supports earlier speculations based on myth and esoteric sources with scientific proof from the fields of genetics engineering and geology Provides further proof of the connection between the Mayans and ancient Egyptians Links the mystery of Cro Magnon man to the rise and fall of this ancient civilization In the late nineteenth century French explorer Augustus Le Plongeon after years of research in Mexico s Yucat n Peninsula concluded that the Mayan and Egyptian civilizations were related as remnants of a once greater and highly sophisticated culture The discoveries of modern researchers over the last two decades now support this once derided speculation with evidence revealing that the Sphinx is thousands of years older than Egyptologists have claimed that the pyramids were not tombs but geomechanical power plants

and that the megaliths of the Nabta Playa reveal complex astronomical star maps that existed 4 000 years before conventional historians deemed such knowledge possible Much of the past support for prehistoric civilization has relied on esoteric traditions and mythic narrative Using hard scientific evidence from the fields of archaeology genetics engineering and geology as well as sacred and religious texts Malkowski shows that these mythic narratives are based on actual events and that a highly sophisticated civilization did once exist prior to those of Egypt and Sumer Tying its cataclysmic fall to the mysterious disappearance of Cro Magnon culture Before the Pharaohs offers a compelling new view of humanity's past

**Performing Whiteness** Gwendolyn Audrey Foster, 2012-02-01 2003 CHOICE Outstanding Academic Title Performing Whiteness crosses the boundaries of film study to explore images of the white body in relation to recent theoretical perspectives on whiteness Drawing on such diverse critical methodologies as postcolonial studies feminist film criticism anthropology and phenomenology Gwendolyn Audrey Foster examines a wide variety of films from early cinema to the present day in order to explore the ways in which American cinema imposes whiteness as a cultural norm even as it exposes its inherent instability In discussions that range from The Philadelphia Story to Attack of the 50 Foot Woman Foster shows that though American cinema is an all white construct there exists the possibility of a healthy resistance to cultural norms of race gender sexuality and class

Comprehensive Study of the Origin of Humankind RYANNE MAXINE MEYERSOHN, 2023-02-25 AWARD WINNING BOOK Silver Medal Readers Favorite International Book Award Contest and 5 Stars Book Reviews Literary Titan Gold Book Award and 5 Stars Book Reviews Amazon Bestseller 1 History of the Middle East and 2 Ancient Early Civilization History The Anunnaki gods from the planet Nibiru carried out a mission on Earth and the story was documented in clay tablets or Mesopotamian texts discovered in the ruins of buildings in the Middle East Scholars have proposed that some Genesis stories had already appeared in Mesopotamian texts thousands of years ago This proposal motivated us to evaluate the most relevant texts Although most scholars believe that the Mesopotamian texts are mythology the research was carried out under the premise that their content corresponds to real events Analysis of academic translations of the texts revealed that many details critical to understanding the story have not been revealed An exhaustive analysis of the data determined the most probable dates of the events The book presents the events related to the arrival of the Anunnaki to Earth and the consequences of their mission chronologically according to findings in Mesopotamian texts and ancient books Various sources including apocryphal books reports from ancient historians scientific research and archaeological records supplemented the research Many riddles were decoded including who the Anunnaki and the Igigi watchers Nephilim were Why when and how did H sapiens originate how did the other species arise and why did they become extinct Why and when did the Anunnaki arrive and finally leave Earth When will the planet Nibiru return to our area in the inner solar system The results and findings of this research deserve to be known due to the probability that the stories in the Mesopotamian texts really happened The book's proposals differ from what we have learned in educational institutions

about the origin of humanity and invite critical thinking to reflect on the history of the Anunnaki gods Enthusiastic readers of the extraterrestrial theme will find innovative proposals **Wizard Emperor** Wei Han,2020-09-12 Three thousand years of glory dust and earth eight thousand miles of journey Yun and Yue Soldiers in the battlefield Magi feared by the world Carrying the honor and prosperity of the Gong Yang family would Li Mu choose to avenge his family or to stay loyal to the dying empire The dead are gone where is the living Shaman spirits were gradually awakening along with the growth of this young man and when the Shaman who was above the power level had once again stepped onto the stage of history he asked the whole world who could compete against him My name is Li Mu and I m from Witch Prefecture I m a low level martial practitioner of the True Martial University *The Ancient History of the Near East from the Earliest Times to the Battle of Salamis* Harry Reginald Hall,1924 **The Glass Palace Chronicle of the Kings of Burma** ,1923 Transl by Pe Maung Tin and Gordon H annington Luce Issued by the Text Publication Fund of the Burma Research Soc *The Book of Revelation and the Bible as Never Explained Before* Peter J.
