missionary to the United States wrote one of the world s most highly acclaimed spiritual classics Autobiography of a Yogi which was first published in 1946 and continues to be one of the best selling spiritual philosophy titles of all time In this critical biography David Neumann tells the story of Yogananda s fascinating life while interpreting his position in religious history transnational modernity and American culture Beginning with Yogananda s spiritual investigations in his native India Neumann tells how this early global guru emigrated to the United States in 1920 and established his headquarters the Self Realization Fellowship in Los Angeles where it continues today Preaching his message of Hindu yogic philosophy in a land that routinely sent its own evangelists to India Yogananda was fueled by a religious nationalism that led him to conclude that Hinduism could uniquely fill a spiritual void in America and Europe At the same time he embraced a growing belief that Hinduism s success outside South Asia hinged on a sincere understanding of Christian belief and practice By universalizing Hinduism Neumann argues Yogananda helped create the novel vocation of Hindu yogi evangelist generating fresh connections between religion and commercial culture in a deepening American religious pluralism

YOGA OF LIBERATION BASANT PRABHAT JOSHI,2023-04-28 In this chapter of the Bhagavad Gita Lord Krishna explains to Arjun the path to achieving salvation or liberation through knowledge He advises Arjun to forget all religions and take refuge in the one true self which is the source of all life Lord Krishna identifies himself as the soul of all beings and the only God The original Sanskrit word used in Bhagavad Gita for the one true self is Vraj Lord Krishna emphasizes that the soul is

one in which there is no difference between himself and the individual soul This is why the word Mamekam is used which means one and only Lord Krishna further explains that as long as one thinks of him and themselves as separate one cannot achieve perfection The self realization that Lord Krishna speaks of is detailed in the second chapter of the Bhagavad Gita The essence of Gita Shastra is to seek the shelter of the one true self which is the divine self Lord Krishna explains that God takes birth to establish Dharma the true nature of man He preaches Dharma from place to place in Bhagavad Gita and urges one to leave behind the vanity of their virtues attachment to sensory knowledge company of lack and the value of their best deeds Whatever one's natural temperament one should go to the shelter of God the divine self Lord Krishna advises letting go of everything and becoming centred on the self He assures that once one becomes centred in the self karmic bonds will vanish on their own Thus there is no need to worry about this matter In summary Lord Krishna's teachings in this chapter emphasize the importance of seeking refuge in the one true self which is the divine self He urges one to let go of all worldly attachments and become centred on the self to achieve ultimate liberation or Moksha
