Essential Japanese Grammar E. F.

Bleiler,2012-06-07 Although not a member of the Indo European language family Japanese is not too difficult grammatically for an English speaker It is astonishingly regular in its formations exceptions and irregularities can usually be numbered on one s fingers and once the student masters a few conventions of linguistic classifications of experience he will find that he can express most of his wants This is the first Japanese grammar written for the adult with a limited objective in studying Japanese to express oneself orally with reasonable accuracy to understand simple material addressed to oneself and to be able to analyze understand and enlarge material in a phrase approach The author has limited this book to modern colloquial Japanese and does not overburden the student with literary language rarely used alternate forms unnecessary abrupt forms causatives and direct conditionals and similar forms that might be required for a full knowledge of the written language On the other hand this book is not simplified Japanese nor baby Japanese nor kitchen Japanese It is the full idiomatic language with thorough treatments of the material you really need the noun pronoun adjective demonstrative words adverb verb negative forms Chinese forms courtesy and honorific forms idiomatic constructions word order relationship of ideas syntax etc Emphasis has been placed upon clarity of exposition so that the English speaking reader can understand what is really happening in Japanese even if he has never studied any foreign language before For this reason explanation rather than brute memory work is stressed examples are given for all constructions and both word for word and free translations are given to acquaint the reader with thought processes Hints are given on avoiding difficult constructions Japanese is presented in the Romaji transliteration which can be read at sight Characters are not used

English Grammar Simplified James Champlin Fernald,1916 **Essential rules and principles for the study of English grammar** Robert Gordon

Latham,1876 **Essential English Grammar and Communication Strategies** Adrian Wallwork,2022-06-29 This book is for university students with at least a mid intermediate level of English It is designed both for self study and also as a support for a course on academic communication It can thus be used alongside the companion volumes Writing an Academic Paper in English and Giving an Academic Presentation in English The book focuses only on those areas that are either the most commonly found in academic communication and or cause the most problems It is thus considerably more accessible than a traditional grammar or style guide Grammar coverage includes articles a an the countable vs uncountable nouns modal verbs can may could might comparisons present and past tenses link words prepositions and verbs that cause grammatical difficulties There is a strong focus on those elements that make a paper more readable and a presentation more accessible and memorable clarity and empathy sentence length word order and punctuation There are chapters on two key areas of communication in academia writing emails to editors drafting a CV resume The book is laid out simply with short explanations and lots of example sentences plus typical mistakes Other books in the series Writing an Academic Paper in English Giving an Academic Presentation in English Adrian Wallwork is the author of more than 40 ELT and EAP textbooks He has trained several thousand PhD students and researchers from around 50 countries to write research papers and give

presentations He is also the co founder of e4ac com an editing agency for non native English speaking researchers
