Soul Revolution - Trinity of Humanity Dr. Shmuel Asher, 2016-05-31 Where the Land of MEAT SOUL Revolution combines new and amazing findings from our modern sciences with our many ancient stories myths and superstition narratives and weaves the many parallels between them Finally reconciling both the ancient and modern back together to provide a panoramic view of WHO our souls truly are WHERE we are WHY we are truly here within this physical existence WHAT this physical existence actually is WHO it is that has and continues to control us physically and spiritually by their evil stream of consciousness and HOW they thwart our souls return back to our true Creator

Yearnings of the Soul Jonathan Garb, 2015-11-23 In Yearnings of the Soul Jonathan Garb uncovers a crucial

thread in the story of modern Kabbalah and modern mysticism more generally psychology Returning psychology to its roots as an attempt to understand the soul he traces the manifold interactions between psychology and spirituality that have arisen over five centuries of Kabbalistic writing from sixteenth century Galilee to twenty first century New York In doing so he shows just how rich Kabbalah s psychological tradition is and how much it can offer to the corpus of modern psychological knowledge Garb follows the gradual disappearance of the soul from modern philosophy while drawing attention to its continued persistence as a topic in literature and popular culture He pays close attention to James Hillman s archetypal psychology using it to engage critically with the psychoanalytic tradition and reflect anew on the cultural and political implications of the return of the soul to contemporary psychology Comparing Kabbalistic thought to adjacent developments in Catholic Protestant and other popular expressions of mysticism Garb ultimately offers a thought provoking argument for the continued relevance of religion to the study of psychology

Mayes, 2022-05-17 This book bears us on eagles wings into the vault of the heavens and plunges us into the hidden depths of the soul As the climate crisis alerts us to the state of the planet so we look into our soul We see how the Bible and classic spiritual writers use arresting meteorological imagery to describe both the discovery of the Divine and the condition of humanity We explore a rich and diverse vocabulary archetypal universal and primal enabling us to describe the movements of the soul These images and metaphors help us express what is going on in our spiritual lives as we learn the skill of reading the climate of our soul Attentiveness to the ecology of the soul leads to a sharper perception of the environmental issues facing our planet This book helps us to look differently at our turbulent world within the interplay of microcosm of soul and macrocosm of climate celebrating a sacramental approach to the universe to the elements and to ourselves

The Edentians Gissele Trussell, 2023-11-21 With celestial war on the horizon and the failure of Earth Project 606 the rehabilitation of fallen angels and their offspring the Edentian Council is set to abandon humanity Only Danielle Peschard the sole Edentian representative on Earth can appeal to the council on Earth s behalf But can one person truly change the fate of the entire world A renowned archeologist working for the MET Danielle Peschard is familiar with the erudite and complex players in New York s elite circles She is also keenly aware that things are not as they seem Earth s inhabitants use their free will with little concern for cosmic consequences but Danielle knows the truth that the Edentian Council a group of cosmic beings dispassionately monitoring the evolution of the human race has concluded mankind s gift of free will to be a mistake that must be corrected As the only Edentian to be incarnated in a human body Danielle must reestablish communication with

Edentia and disrupt the nefarious plans of those set on enslaving humanity But just as she attempts to take action her interstellar communications cut out and she is brutally assaulted This attack reignites an eternal conflict between the forces operating on Earth and the only way to prevent Earth s destruction by cosmic abandonment is for Danielle to present the best humanity has to offer to the Edentian Council as proof of Earth Project 606 s success In a frantic race across the globe Danielle must match wits in mortal combat with The Group a nefarious consortium of planetary tycoons determined to implement a sinister plot and possibly obliterate the human race The Edentians extrapolates conflicts from Earth s present condition and compels readers to wrestle with the origin and purpose of human existence From Paris and the Vatican to the Egyptian pyramids and the Teotihuacan ruins Gissele Trussell takes readers on a thrilling speculative journey that untangles webs of corporate greed political treachery and terrorism against a cosmic multi layer plot that examines and challenges modern beliefs about religion and reality
