## **Rebirth Of Witchcraft:**

The Rebirth of Witchcraft Doreen Valiente, 2018-01-31 This classic work is now available for the first time in paperback Since 1951 when the last of the Witchcraft Acts was repealed many books have been written about the reappearance of witchcraft and the development of a pagan theology Churchmen have denounced it Sociologists have wondered at it Journalists have penned sensational stories about it But until the publication of this book no one had told the real story of it from the inside as frankly as it is told here Doreen Valiente one of witchcraft's most widely known figures was a close friend of the late Gerald Gardner generally regarded as the founder of present day witchcraft Initiated by him and for a time High Priestess of his coven Doreen Valiente helped him rewrite his seminal Book of Shadows She records the break with Gardner that split his coven the controversy surrounding Alex Sanders King of the Witches and memories of many other witches whom she has known including the lady called Dafo Robert Cochrane Leslie Roberts and Sybil Leek Doreen Valiente took part in many witchcraft rituals and had strange psychic experiences as a result Described here are the clairvoyant communications she received purporting to come from John Brakespeare an eighteenth century witch The Rebirth of Witchcraft traces the lineage of the present day witchcraft from its forerunners through to modern feminist neo paganism and the new wave of interest in ecology and holistic medicine

**An ABC of Witchcraft Past and Present** Doreen Valiente, 2018-01-31 This is the only book of its kind on witchcraft that has been written by a practising witch It is intended to be not merely a history but a guide to the many strange byways of a vast and fascinating subject Witchcraft is as old as the human race and it is actively practised today by people of all classes To its devotees witchcraft is more than spells and charms or even secret meetings and rituals it is a philosophy and a way of life It claims to be the oldest form of religion that of nature worship and magic Since the last Witchcraft Act was repealed in 1951 the revival of public interest in witchcraft has been the subject of continuous controversy This book is a serious contribution to the study of a subject too long obscured by prejudice and sensationalism

The A to Z of Witchcraft Michael D. Bailey, 2009-09-28 A great deal has been written about the history of witchcraft but much of what has been written is unreliable exaggerated or inaccurate This problem is especially acute in regard to modern witchcraft or Wicca and its supposed connections to historical witchcraft in medieval and early modern Europe The A to Z of Witchcraft provides a reliable reference source for both academics and general readers interested in the actual historical development of witchcraft in the western world The focus of the dictionary is on Western Europe during the late medieval and early modern periods when the specific idea of diabolical witchcraft developed and when the so called great witch hunts occurred Entries are also provided that deal with magic and witchcraft in the earlier Christian period and classical antiquity as well as with the lingering belief in witchcraft in the modern world and with the development of the modern neo pagan religion of witchcraft also known as Wicca For comparative purposes some entries have been provided that deal with aspects and systems of magic found in other parts of the world that seem to bear some

relation to the idea of witchcraft as it developed in Christian Europe The regions dealt with are mainly Africa along with such New World practices as Voodoo and Santeria Entries in the dictionary cover important people in the history of witchcraft from the medieval inquisitors and early modern magistrates who developed the stereotype of the historical witch to the modern individuals who have developed the religion of Wicca Also included are legal terms and concepts important to the prosecution of the supposed crime of witchcraft and religious and theological concepts pertaining to the demonic elements that came to be associated with witchcraft as well as more popular beliefs and aspects of common folklore and mythology that became attached to the developing idea of witchcraft Geographic entries are also included discussing the scope of witch hunting in various regions
